I. INTRODUCTION TO RFP 44FY17

A. GENERAL INFORMATION:

The intent and purpose of this Request for Proposals (RFP) is to obtain the services, through competitive negotiations, for survey design, survey administration and data collection, analysis and reporting services to assess the wellbeing of children and families in Arlington County (“County”). Four existing surveys (“surveys” or “survey modules”) will be replaced with one complementary set of four survey modules to be administered to Arlington Public Schools (APS) students, parents, and staff, as well as Arlington residents not already included in the other three modules.

Arlington is a diverse, urban community located across the Potomac River from Washington, DC. Arlington’s community is comprised of one hundred three thousand eight hundred (103,800) households, of which 21% have children under age 18 who reside at home. APS is the 13th largest school district in Virginia serving approximately 26,000 students in pre-K through 12th grade. APS has 23 elementary schools, 5 middle schools, 4 high schools, 1 secondary school (grades 6-12), and 4 alternative school programs. The student population is diverse, representing 116 nations and 104 languages.

The survey modules will be administered to a sample of students in grades 5-12, all APS staff (approximately 5,000), all parents/guardians of the approximately 15,000 families attending APS, and a sample of Arlington community members (Arlington residents who do not currently have children enrolled in the school system). The purpose for administering these surveys will be to better understand and support Arlington’s children and families. The survey will initially be administered every other year, but the subsequent schedule may be more or less frequent depending upon data results and needs.

B. BACKGROUND:

APS consists of twenty-three (23) elementary schools, five (5) middle schools and four (4) high schools. An alternative 6-12 secondary program is available as well as a high school continuation program and a special education center serving persons aged two (2) through twenty-two (22). APS has the following Departments responsible for overseeing the operations of the school division: Administrative Services, School & Community Relations, Facilities and Operations, Finance and Management Services, Information Services, Instruction, Human Resources, and Student Services and Special Education. APS employs more than four thousand, two hundred (4,200) employees and serves more than twenty-five thousand, six hundred seventy-eight (25,678) Pre-K to 12 students and over five thousand (5,000) adult education students. Additional information about APS can be found at www.apsva.us.

1. The survey work is a collaborative effort undertaken by APS and the Arlington Partnership for Children, Youth and Families (APCYF). APS’ mission is to instill a love of learning in its students and prepare them to be responsible global citizens.
 - a) APCYF was created in 1999 by the Arlington County Board of Supervisors and Arlington School Board to improve the health, wellbeing, and safety of children, youth, and families in Arlington through researching young people’s needs, advocating for improved policies and programs to meet those needs, and engaging all members of our community as part of the solution. This work is done through the lens of the Developmental Assets framework - a research-based community plan to ensure that all young people have the relationships, opportunities, and experiences they need to become healthy, caring, responsible adults.
2. Both APS and APCYF have administered surveys in the past such as those listed below. The new set of complementary survey modules to be designed by the successful Offeror will combine the intent behind these various surveys, into a more comprehensive and streamlined surveys, to be administered at regular intervals.
 - a) APS - Site-Based Survey (<https://www.apsva.us/planning-and-evaluation/evaluation/surveys/site-based-survey/>)

Administered to parents, students, and teachers every other year and results are reported for each individual school. Overall, this survey examines satisfaction, cultural competence, physical health, school climate (welcoming environment, bullying, safety), school success, school engagement, and school support. Results are used by principals at each school to target initiatives undertaken within the school and are used to inform APS' strategic plan.

- b) APS - Community Satisfaction Survey (<https://www.apsva.us/planning-and-evaluation/evaluation/surveys/community-satisfaction-survey/>)

Administered to parents, community members, staff and students every other year, alternating with the Site-Based Survey. This survey includes many of the same questions as the Site-Based Survey, with a smaller sample. Overall, this survey examines satisfaction, cultural competence, physical health, school climate (welcoming environment, bullying, safety), school success, school engagement, and school support. Results are focused on the county level rather than being school-specific and are used to inform APS' strategic plan.

- c) APCYF – Search Institute's Developmental Assets Survey (Profiles of Student Life: Attitudes and Behaviors) (<https://apcyf.arlingtonva.us/reports/>)

Administered to students in grades 6, 8, 10 and 12 every three years. Determines youth, family, and community Assets in the areas of support, empowerment, boundaries and expectations, constructive use of time, commitment to learning, positive values, social competencies, and positive identity. Results are used by APS and the Arlington community to inform programming, advocacy, and community outreach.

- d) APCYF – CDC's Youth Risk Behavior Survey (YRBS) (<https://apcyf.arlingtonva.us/reports/>)

Administered to students in grades 6, 8, 10 and 12 every three years. Arlington's survey includes the core areas examined by the YRBS instrument, such as drug or alcohol abuse, mental health, health behaviors, school and community climate (safety, bullying), smoking, and dating violence. Results are used by APS, the Community Service Board's Behavioral Wellness Program, and the Arlington community to inform programming, advocacy, and community outreach. Arlington hopes to better utilize the Virginia Youth Survey (state version of YRBS) to obtain this information going forward, but some elements of the YRBS will align with the new survey to be developed in collaboration with the Contractor.

3. In June 2016, APS presented and adopted recommendations made in the Whole Child Working Group report, which focused on ensuring that each student is healthy, safe, supported, engaged and academically challenged to meet the needs of the Whole Child. To achieve these goals, Arlington will continue to assess and evaluate the tenets of the Whole School, Whole Community, Whole Child model developed by the Centers for Disease Control and ASCD (<https://www.cdc.gov/healthyschools/wsc/index.htm>). This model integrates the five (5) components of a coordinated school health program (healthy, safe, engaged, supported, and challenged) with the tenets of a Whole Child approach to education. These tenets are:

- Health Education
- Physical Education and Physical Activity
- Nutrition Environment and Learning
- Health Services
- Counseling, Psychological, & Social Services
- Social & Emotional Climate
- Physical Environment
- Employee Wellness
- Family Engagement
- Community Involvement

Areas that are being assessed by the Site-Based Survey, Community Satisfaction Survey, Search Institute's Developmental Assets Survey and CDC Youth Risk Behavior Survey all fit within the Whole School, Whole Community, Whole Child framework identified above. Therefore, the Contractor is to create a set of survey modules to allow APS to assess the wellbeing and satisfaction of children, youth, families, staff, and the community across these tenets.

Results from these survey modules will allow APS and APCYF to identify and target resources and programming to best meet the needs of children and families across Arlington.

C. MINIMUM QUALIFICATIONS/EXPERIENCE

The following are the minimum qualifications an Offeror must meet or exceed, at the time of submission, in order for APS to evaluate the Offeror's proposal:

and
4. Offeror must have experience customizing a survey module using stakeholder feedback, provide examples outlining the process used or of the survey created.

The Contractor must provide an outline and workflow for survey design.

The Contractor will be working collaboratively with the Survey Advisory Group, a standing group of committed stakeholders from APS, Arlington County (“the County”) and the Arlington community, and will need to demonstrate an understanding and competency for working with community stakeholders to write survey questions.

4. Health Services
5. Counseling, Psychological, & Social Services
6. Social & Emotional Climate
7. Physical Environment
8. Employee Wellness
9. Family Engagement
10. Community Involvement

Arlington’s community consists of varied cultures, backgrounds, and primary languages. An understanding of how to engage and develop culturally appropriate survey questions for use with diverse audiences will need to be demonstrated.

The Contractor’s question development process should include a review of past survey questions and results to ensure that existing trend data can continue going forward as appropriate, as well as a consideration of ways to utilize existing national data for comparison.

The Contractor shall be responsible for pre-testing and revising survey questions.

The Contractor shall suggest a regularly occurring process to review and revise survey questions prior to each implementation of subsequent survey modules.

B. ADMINISTRATION/DATA COLLECTION

The Contractor will be required to submit student sampling plans and will need to make recommendations about best sampling strategies to meet project goals. One program, the Arlington Career Center, includes part-time students who regularly attend other APS high schools, as well as full-time students. School-specific feedback is desired from both part-time and full-time students.

The Contractor must provide a projected timeline for the implementation of each survey, a communication plan for contacting respondents, and draft communication materials that ensure high rates of participation.

The Contractor must have the capacity to administer surveys in multiple formats, including: online; by paper and pencil; by mail and by phone, as needed to increase the response rate. Contractor assumes responsibility for cost associated with these tasks.

- a. APS does not have contact information for community members. Contractor must provide with their proposal response, a plan and be responsible for obtaining a representative sample of the community.
- b. Traditionally, parent surveys have been conducted through a mixed-mode, paper/online methodology. Paper surveys have been mailed to each household and may need to continue in this manner until APS can ensure that a representative sample of all parents can conveniently and reliably be reached and access a survey online. Mixed-mode methodology may be used.
- c. Surveys administered to students may be completed electronically, but the Contractor will need to have the ability to receive potentially 6,000 survey responses simultaneously.

Technical specifications for the administration for each survey will need to be submitted at least 60 days prior to the survey launch date for implementation and testing.

The Contractor must submit a sample plan to protect anonymity of respondents with their proposal response.

The Contractor must propose a secure data system, such as FTP server, to protect data during transfer and once received from respondents.

All data will be owned by APS.

The Contractor shall provide with their proposal response information about any language translation capabilities or features available. At a minimum all surveys will be administered in English and Spanish.

C. ANALYSIS AND REPORTING

The Contractor must provide raw data from the surveys in a ready to analyze format such as: .spss or .xls and will include information about how the data was coded.

The Contractor must provide a deidentified data report, meeting APS specifications, along with accompanying documentation.

Examples of analyses and reporting formats shall be provided by the Contractor that demonstrates flexibility to account for changing priorities within Arlington.

The Contractor must provide a quality assurance plan to ensure that data is reported accurately.

It is the responsibility of the Contractor to include any and all services required for a complete and comprehensive solution.

correcting any unsatisfactory or non-compliant work performed or provided by the Contractor or its subcontractors. Such costs shall be either deducted from any amount due the Contractor or shall be promptly paid by the Contractor to APS upon demand by APS. Additionally, and notwithstanding any provision in this Contract to the contrary, the Contractor is liable to APS, and APS shall be entitled to recover, all damages to which APS is entitled by this Contract or by law, including, and without limitation, direct damages, indirect damages, consequential damages, delay damages, replacement costs, refund of all sums paid by APS to the Contractor under the Contract and all attorney fees and costs incurred by APS to enforce any provision of this Contract.

Except as otherwise directed by APS in the notice, the Contractor shall stop work on the date of receipt of notice of the termination or other date specified in the notice, place no further orders or subcontracts for materials, services, or facilities except as are necessary for the completion of such portion of the Work not terminated, and terminate all vendors and subcontracts and settle all outstanding liabilities and claims. Any purchases after the date of termination contained in the notice shall be the sole responsibility of the Contractor.

In the event any termination for cause, default, or breach shall be found to be improper or invalid by any court of competent jurisdiction then such termination shall be deemed to have been a termination for convenience.

24. TERMINATION FOR THE CONVENIENCE OF APS

The performance of work under this Contract may be terminated by the Purchasing Agent in whole or in part whenever the Purchasing Agent shall determine that such termination is in APS' best interest. Any such termination shall be effected by the delivery to the Contractor of a written notice of termination at least fifteen (15) calendar days before the date of termination, specifying the extent to which performance of the work under this Contract is terminated and the date upon which such termination becomes effective. The Contractor will be entitled to receive compensation for all Contract services satisfactorily performed by the Contractor and allocable to the Contract and accepted by APS prior to such termination and any other termination costs as negotiated by the parties, but no amount shall be allowed for anticipatory profits.

After receipt of a notice of termination and except as otherwise directed, the Contractor shall stop all work on the date of receipt of the notice of termination or other date specified in the notice; place no further orders or subcontracts for materials, services or facilities except as are necessary for the completion of such portion of the work not terminated; immediately transfer all documentation and paperwork for terminated work to APS; and terminate all vendors and subcontracts and settle all outstanding liabilities and claims.

The Contractor covenants for itself, its employees, and subcontractor to save, defend, hold harmless, and indemnify APS, and all of their elected and appointed officials, officers, current and former employees, agents, departments, agencies, boards, and commissions (collectively the "APS" for purposes of this section) from and against any and all claims made by third parties or by APS for any and all losses, damages, injuries, fines, penalties, costs (including court costs and attorney's fees), charges, liability, demands or exposure, however caused, resulting from, arising out of, or in any way connected with the Contractor's acts or omissions or errors in performance or nonperformance of its work called for by the Contract Documents, whether such act or omission or error is attributable to Contractor, subcontractor, any material supplier, or anyone directly or indirectly employed by them, called for by the Contract Documents. This duty to save, defend, hold harmless and indemnify shall survive the termination of this Contract.

If any action or proceeding relating to the indemnification required by this Section is brought against APS, then upon written notice from APS to the Contractor, Contractor shall at Contractor's expense, resist or defend such action or proceeding by counsel approved by APS in writing, such approval not to be unreasonably withheld, but no approval of counsel shall be required where the cause of action is resisted or defended by counsel of any insurance carrier obligated to resist or defend same.

If, after Notice by APS, the Contractor fails or refuses to save, defend, hold harmless and/or indemnify APS, the Contractor shall be liable for and reimburse APS for any and all expenses, including but not limited to, reasonable attorney's fees incurred and settlements or payments made. The Contractor shall pay such expenses upon demand

by APS and failure to do so may result in such amounts being withheld from any amounts due to Contractor under this Contract.

Contractor understands and agrees that it is Contractor's responsibility to provide indemnification to APS pursuant to this section. The provision of insurance, while anticipated to provide a funding source for this indemnification, is in addition to any indemnification requirements and the failure of Contractor's insurance to fully fund any indemnification shall not relieve the Contractor of any obligation assumed under this indemnification.

26. INTELLECTUAL PROPERTY INDEMNIFICATION*

The Contractor warrants and guarantees that no intellectual property rights (including, but not limited to, copyright, patent, mask rights and trademark) of third parties are infringed or in any manner involved in or related to the services provided hereunder.

If the Contractor, or any of its employees or subcontractors, uses any design, device, work, or materials covered by letters patent or copyright, it is mutually agreed and understood, without exception, that the Contract Amount includes all royalties, licensing fees, and any other costs arising from the use of such design, device, work, or materials in any way involved with the Work. This duty to save, defend, hold harmless and indemnify shall survive the termination of this Contract. If, after Notice by APS, the Contractor fails or refuses to fulfill its obligations contained in this section, the Contractor shall be liable for and reimburse APS for any and all expenses, including but not limited to, reasonable attorney's fees incurred and any settlements or payments made. The Contractor shall pay such expenses upon demand by APS and failure to do so may result in such amounts being withheld from any amounts due to Contractor under this Contract.

27. COPYRIGHT

The Contractor hereby irrevocably transfers, assigns, sets over and conveys to APS all right, title and interest, including the sole exclusive and complete copyright interest, in any and all copyrightable works created pursuant to this Agreement. The Contractor further agrees to execute such documents as APS may request to affect such transfer or assignment.

Further, the Contractor agrees that the rights granted to APS by this paragraph are irrevocable. Notwithstanding anything else in this Agreement, the Contractor's remedy in the event of termination of or dispute over the terms of this Agreement shall not include any right to rescind, terminate or otherwise revoke or invalidate in any way the rights conferred pursuant to the provisions of this paragraph. Similarly, no termination of this Agreement shall have the effect of rescinding, terminating or otherwise invalidating the rights acquired pursuant to the provisions of this "Copyright" paragraph.

The use of subcontractors or third parties in developing or creating input into any copyrightable materials produced as a part of this Agreement is prohibited unless APS approves the use of such subcontractors or third parties in advance and such subcontractors or third parties agree to include the provisions of this paragraph as part of any contract they enter into with the Contractor for work related to work pursuant to this Agreement.

28. OWNERSHIP AND RETURN OF RECORDS

This Contract confers no ownership rights to the Contractor nor any rights or interests to use or disclose APS' data or inputs.

The Contractor agrees that all drawings, specifications, blueprints, data, information, findings, memoranda, correspondence, documents or records of any type, whether written or oral or electronic, and all documents generated by the Contractor or its subcontractors as a result of APS' request for services under this Contract, are the exclusive property of APS ("Record" or "Records"), and all such Records shall be provided to and/or returned to APS upon completion, termination, or cancellation of this Contract. The Contractor shall not use, willingly allow, or cause such materials to be used for any other purpose other than performance of all obligations under

the Contract without the written consent of APS. Additionally, the Contractor agrees that the Records are confidential records and neither the Records nor their contents shall be released by the Contractor, its subcontractors, or other third parties; nor shall their contents be disclosed to any person other than the Project Officer or his or her designee. At APS' request, the Contractor shall deliver all Records to the Project Officer, including "hard copies" of computer records, and at APS's request, shall destroy all computer records created as a result of APS' request for services pursuant to this Contract.

The Contractor agrees to include the provisions of this section as part of any contract or agreement the Contractor enters into with subcontractors or other third parties for work related to work pursuant to this Contract.
