High School Boundary Refinements Work Session Update & Combined Option #4

November 15, 2016

All Options Meet the Original Objectives:

- Balance enrollment among the 3 high schools
- Better utilize available & planned instructional spaces

Clarification:

- All options have been developed to achieve the two objectives
- These options do not address increasing capacity and availability for IB transfers

- **Transportation:**
 - Planning Units 1502 & 2311 walk to Washington-Lee
- **Free/Reduced Lunch Calculations for W-L:**
 - Have been corrected, and now subtracts the students who are proposed to move

Combined Option 4: 50/50 est.

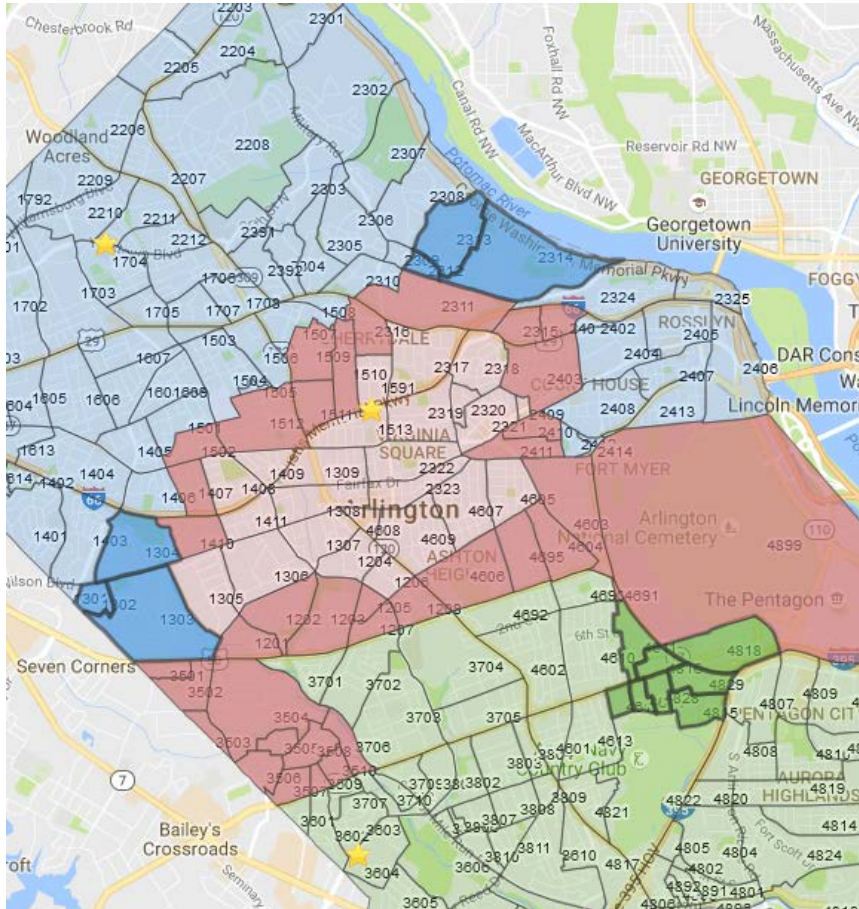

Wakefield A (-3706) + Yorktown B (-1502)
