

Stakeholders Meeting

Wakefield December 10, 2015

Feedback from your Organization?

- Executive Board ADA: Would like to see step back in baseline each year.
- Step and One-time bonus to those with no step
- Liked last year's budget presentation with smaller chunks in Tier 1 and larger chunks in Tier 2/3

Advice to the Superintendent

- Include COLA to attract new teachers
- Retain experienced and quality teachers with STEP
- Look at old building for maintenance
- Outsourcing transportation/maintenance—Metro/Art bus
- If class sizes are increased use a strategy to differentiate. Which classes/grade levels should be advantaged and programs. Consider the impact of special populations
- Maintain a positive salary progression through step increases.
- Be proactive in presenting new or ongoing initiatives including responsiveness to needs and effective communication on utility and instructional benefits (ATSS, 1:1 PLDS, Arlington Tech, etc.)
