

H-B Lottery Challenge

H-B Lottery Other

✱
The HB allocations should ignore option schools and only be based on neighborhood zones. Otherwise some option school students will have no chance. All students need equal access.

1 lot per school at rate comparable to the size of the school
ie. Melb gets more lots than Jamestown. Cambridge gets more than Hoff Bus

Why not have a free lottery? If its allocated across schools may have a larger population, in which case why not have 1 seat per 10 kids etc...

Have one enrollment form for both system with check boxes for various options where people can opt in
Considering the process with one form will make opening easier. You don't need to submit to opt in
HB LOTTERY
OPT-IN FEATURE
DO NOT AUTOMATICALLY PUT EVERYONE IN
1 LOT PER SCHOOL

Allocate by school!
More fair

Centralize lottery yes
But don't automatically enroll people for the lottery - will take too much time to figure out who wants in and some families who want a program may sort of

H-B Lottery Challenge

H-B Lottery Other

Private school &
Home school kids

should ^{not} be included
in slots for each ES.

Put them in their own →

Change lottery rules
so that if you win
lottery in ES, you
move to back of
the line for MS/HS.

(Except Montessori/Immersing
People are gaming system
instead of choosing a program
