7.0 CONTRACT AWARD:

7.1. If an award is made, APS will make the award for this solicitation to as many Bidders as deemed necessary to fulfill the anticipated requirements of APS. If APS deems it necessary or in its best interests to make award to more than one Bidder, the additional awards will be made to responsible Bidders submitting responsive Bids in ascending order starting with the second lowest Bid Evaluation Total and continuing until, in the sole discretion of APS, sufficient awards have been made to fulfill the anticipated requirements. In the event

- 7.3 If the lowest responsive Bid from a responsible Bidder projects to a price in excess of available funds based upon anticipated needs for the initial Contract term, the right is reserved to APS to negotiate with the apparent low Bidder to obtain a pricing structure which will result in the anticipated needs for the initial Contract term being within available funds. Such negotiation may include consideration of value engineering, substitution of materials or equipment, modification of Unit Pricing, and such other modifications of the proposed scope of Work or other Contract requirements which are consistent with the Work as initially solicited and with the public needs APS has a duty to satisfy. APS and the apparent low Bidder will discuss all such proposed means for reduction of the cost of anticipated needs for a period not to exceed sixty (60) days from the Bid Opening, and if unable to reach agreement within that time all Bids shall be rejected and the solicitation shall be cancelled.
- 7.4. In the case of a tie Bid if there is only one award:
 - 7.4.1 Preference shall be given to goods and services provided by a Bidder domiciled in Arlington County, if such a choice is available.
 - 7.4.2 If none of the tied Bidders are domiciled in Arlington County, preference shall be given to Bidders domiciled in Virginia when tied with Bidders not domiciled in Virginia.
 - 7.4.3 If the tie is not resolved through application of either of the foregoing procedures, the tie shall be decided by lot.

8.0 PERIOD OF CONTRACT AND RENEWALS:

- 8.1 The initial term of any Contract awarded shall be one (1) year commencing on the date the Contract is fully executed by the APS Purchasing Agent and expiring on the last day of the 12th month following execution of the Contract by the APS Purchasing Agent, unless otherwise terminated as provided in the Contract.
- 8.2 Any Contract awarded may be renewed for a term not to exceed one (1) year by written notice given by APS at any time prior to thirty (30) Days after expiration of the preceding term. No representative of APS has any authority to order, direct or request work after expiration of the Contract and prior to a renewal in strict compliance with the renewal terms herein. APS, at its sole discretion, has the right, but is under no obligation, to exercise this right to renewal not to exceed four (4) additional one-year periods at the same terms and conditions.
- 8.3 APS, at its sole discretion, may, but is not required to, extend any existing Contract term for a period of not more than six (6) months to allow for completion of Work in progress at the time of scheduled expiration of the term. If the term is not extended, all Work shall terminate at the expiration of the Contract term in which it began.

All terms used in the Invitation to Bid, these Instructions to Bidders, the Bid Form, or any Addenda shall have the meanings established by the Contract Documents.

2. FAILURE TO COMPLY WITH MANDATORY REQUIREMENTS:

Mandatory provisions of this ITB are indicated by the inclusion of the words "shall" or "must" to identify the Bidder's obligations. Failure to comply with these requirements or with any other requirements stated as mandatory either in this ITB or in the Instructions to Bidders shall result in rejection of the Bid as non-responsive, except to the extent the failure or omission either is not a mandatory statutory requirement or does not affect price, quantity, quality or time.

3. BIDDER REGISTRATION, LICENSING AND CERTIFICATION:

- 3.1. To be eligible to Bid and to perform any Contract which may be awarded, a Bidder is required to be qualified to do business in Virginia in the name in which the Bid is being submitted, including but not limited to any required filings of applicable fictitious name authorizations.
- 3.2. To be eligible to Bid and to perform any Contract which may be awarded, a Bidder is required to have in effect all licenses and trade certifications required by federal or state law or regulation, or by Arlington County, Virginia ordinance or regulation to perform the services which are the subject of this solicitation.
- 3.3. A Bidder shall submit with the Bid Form copies of all registrations, licenses or certifications required by the Invitation to Bid. Each such license or certification shall show on its face that it is current and valid.
- 3.4. See "Submission of Bids" below for additional requirements regarding Bidder's registration licensing and certification.
- 3.5. The Bid Form provides for identification of the Bidder's State Corporation Commission Identification Number and for explanation of any reason the Bidder is not required to be authorized to transact business in the Commonwealth of Virginia.
- 3.6. **These are mandatory provisions in the Bid Form and failure to complete these sections properly shall make the Bid non-responsive.**

4. BIDDERS' QUESTIONS:

- 4.1. Each Bidder shall thoroughly examine the Bid Documents. The Bidder's failure or omission to examine any Bid Document shall not relieve the Bidder from any obligations with respect to its Bid or to any Contract which may result therefrom. Each Bidder shall be responsible for the discovery and resolution by inquiry of any ambiguity, discrepancy, error, omission or conflict in the Bid Documents and Contract Documents which in the exercise of reasonable care a reasonably competent Contractor in the field of work involved reasonably should have discovered, all of which shall be included in the Bidder's Bid Evaluation Total.
- 4.2. All questions regarding this solicitation other than those submitted at the pre-Bid conference must be submitted in writing, addressed to: Arlington Public Schools Purchasing Office Bid # 14FY18, Attention Ken Lawson, Buyer, via email: ken.lawson@apsva.us, or Gerald Brandt, Program Manager at gerald.brandt@apsva.us and must be received by APS by 4:30 P.M. local time, January 18, 2018.
- 4.3. The APS Purchasing Office will issue written answers to all questions submitted. If a pre-Bid conference is conducted, the APS Purchasing Office will issue written answers to all questions raised at the pre-Bid conference. All answers to questions shall be posted on the APS website (www.apsva.us) and shall be posted on eVA, Virginia's online electronic procurement system. It is the responsibility of each Bidder to access this information.

4.4. Modification of the Bid Documents shall be accomplished only by written Addendum issued by APS. If the answer to a question modifies the Bid Documents, it will be incorporated in and published as an Addendum. No answer to a question otherwise shall be deemed to be an Addendum.

5.3. All Addenda shall be posted on the APS website (www.apsva.us) and shall be posted on eVA, Virginia's online electronic procurement system. It is the responsibility of each Bidder to access this information.

5.4. The Bidder shall identify on the Bid Form in the space provided all Addenda received by the Bidder and which are included in the Bid. It shall be the responsibility of each Bidder to confirm prior to submission of a Bid that it has received all Addenda. Failure of a Bidder to in fact have done so shall not relieve the Bidder from the requirements of the Bid, including all Addenda issued. Failure to comply with this requirement does not automatically make a Bid non-responsive. By submitting a Bid, the Bidder agrees that it is bound by its Bid and that it will accept any Contract awarded even if it did not obtain all Addenda before submitting a Bid.

6. BID SECURITY:

No Bid security is required for this solicitation. However, by submitting a Bid the Bidder agrees that if the Contract is awarded to Bidder and Bidder fails to execute the Contract and proceed with performance of the Contract, Bidder will pay to APS the difference between the cost of performance during the initial term of the Contract by the next low responsive, responsible Bidder and what would have been paid to the Bidder for the same Work.

7. PERFORMANCE AND PAYMENT BONDS:

No performance bond or payment bond is required for any Contract awarded based upon this solicitation.

8. SUBMISSION OF BIDS:

8.1. It shall be the responsibility of each Bidder to familiarize itself with the general physical conditions of the locations where performance of the Work will be required. However, it is not practical to provide to all Bidders access to all sites where performance may be required. If any Work ordered by the Joint Participants during the term of any Contract awarded is made materially more costly to perform than the Unit Price included in the Bid due to physical conditions at the site which should not reasonably have been anticipated, the Contractor may submit a claim for an adjustment of the Contract Price in compliance with the claims submission procedures of the Contract Documents.

8.2. Bids must be received and time stamped or signed in at the APS Purchasing Office prior to the Bid Closing stated in the Invitation to Bid. The APS Purchasing Office is located at:

The Bidder shall return two (2) copies of the Bid Form, duly signed with the corporate seal impressed, if applicable, keeping all remaining pages for the Bidder's files. For purposes of this provision, a copy is an exact duplicate of the attached Bid Form reproduced in any manner with no modifications, additions or deletions. By execution and submitting the Bid Form, the Bidder acknowledges that it has read all Bid Documents, understands them, and agrees to be bound by all terms and conditions therein.
- 8.12. Submission of Proprietary Information. The Virginia Public Procurement Act provides limitations on the right of a Bidder to assert that information submitted as part of a Bid is proprietary information or contains trade secrets which are not subject to public disclosure. For any information the Bidder seeks to exclude from public disclosure, the burden shall be on the Bidder to comply with all applicable requirements of the Virginia Public Procurement Act. Any documentation related to such attempt to preserve the limitation of public disclosure of any information shall be submitted as a part of the Bid submission but as a separate Exhibit properly marked

and paginated to clearly establish the intent of such submission.

- 8.13. Any quantities set forth in the Bid Form or elsewhere in this solicitation are estimates only, and are given for the information of Bidders and for the purpose of Bid evaluation. They do not indicate the actual quantity that will be ordered since the actual volume will depend upon requirements that develop during the Contract Period.

9. QUOTATION LIMITATION:

Bidders shall offer only ONE ITEM AND PRICE for each line item Bid. Alternatives will be accepted only if the Bid Form expressly requests alternates. Substitutions will be permitted only if approved as required in these Instructions. A discount price offered for a quantity purchase of the same manufacturer and model would not be considered a limitation; however, only the single line item and price in the Bid Form will be considered in calculating the Bid Evaluation Formula and making any award.

10. PRODUCT INFORMATION:

If the Bid Form does not identify a particular product, the Bidder shall clearly and specifically identify the product being offered to satisfy the performance requirements and shall enclose complete and detailed descriptive literature, catalog cuts and specifications with the Bid to enable APS to determine if the product offered meets the requirements of the solicitation. Failure to do so will cause the Bid to be considered nonresponsive if APS does not already have the necessary evaluation information readily available from its own files.

11. WITHDRAWAL OF BIDS:

- 11.1 All Bids submitted as of the Bid Closing shall remain in effect for a minimum of ninety (90) Days following the Bid Opening if not permitted to be withdrawn as provided in these Instructions. If APS fails to either issue notice of intent to award, make an award, or request an extension of Bids prior to the expiration of such ninety (90) day period, this solicitation shall be deemed cancelled. APS may request an extension of Bids prior to the expiration of such ninety (90) Day period for a time stated in the request. No Bidder shall be required to consent to such extension and, if the Bidder declines to consent to the extension request, its Bid will be deemed withdrawn at the end of the ninetieth (90th) Day after the Bid Opening and will not be considered further. For purposes of this circumstance only, the restrictions set forth below on withdrawal of a Bid are not applicable. The Bid of any Bidder who agrees to the extension request shall remain in effect for the period of time stated in the Owner's extension request.
- 11.2 A Bidder may make a written request to the APS Purchasing Agent to withdraw its Bid at any time prior to the Bid Opening. The request must be time stamped as received by the APS Purchasing Agent prior to the Bid Closing.
- 11.3 After the Bid Opening, a Bidder may make a written request to the APS Purchasing Agent to withdraw its Bid. The written request must be time stamped as received by the Purchasing Agent no later than 5:00 P.M. local time on the first full business day following the Bid Opening.
- 11.4 Whether the request to withdraw a Bid is made before or after the Bid Closing, a Bidder may request withdrawal of its Bid from consideration only if the price Bid was substantially lower than the other Bids due solely to a clerical or arithmetical mistake therein, as opposed to a judgment mistake, and was actually due to an unintentional arithmetic error or an unintentional omission of a quantity of work, labor or material made directly in the compilation of the Bid, which can be clearly shown by objective evidence drawn from inspection of the Bidder's original work papers, documents and materials used in preparation of the Bid. The Bidder shall provide the original work papers, documents, and materials within the same time as required for the notice seeking withdrawal of the Bid.
- 11.5 If the Purchasing Agent denies the written request to withdraw a Bid, the Bidder shall be notified in writing stating the reasons for the decision. Award of the Contract, if any award is made, shall be made to the Bidder at the Bid price if the Bidder is a responsible Bidder submitting the lowest responsive Bid.

- 11.6 No Bid may be withdrawn when the result would be the awarding of the Contract on another Bid of the same Bidder or of another Bidder in which the ownership of the withdrawing Bidder is more than five percent.
- 11.7 If a Bid is permitted to be withdrawn, it shall not be considered in determining the lowest responsive Bid.

14.1.6 the Contractor shall fail or refuse to regard laws, ordinances, or the instructions of the Engineer, or

14.1.6.1 In such case, the Contractor shall not be entitled to receive any further payment until the work is finished. If the unpaid balance of the compensation to be paid the Contractor hereunder shall exceed the expense of so completing the work (including compensation for additional managerial, administrative and inspection services and any damages for delay) such excess shall be paid to the Contractor. If such expenses shall exceed such unpaid balance, the Contractor and his sureties shall be liable to the Owner for such excess. If the right of the Contractor to proceed with the work is terminated, the Owner may take possession of and use such materials appliances, supplies, plans and equipment as may be on the site of the work, and necessary therefore, for completing the work. If the Owner does not so terminate the right of the Contractor to proceed, the Contractor shall continue the work.

15. WEATHER CONDITIONS:

In the event of temporary suspension of work or during inclement weather, or whenever the Engineer shall direct, the Contractor will cause his subcontractors to protect carefully his, and their materials and work against damage or injury from the weather. 16. ALL WORK SUBJECT TO CONTROL OF ENGINEER:

In the performance of the work, the Contractor shall abide by all orders, directions and requirements of the Engineer and at such times and places, by such methods and in such manner and sequence as he may require. The Engineer shall determine the amount, quality, acceptability and fitness of all parts of the work, shall interpret the plans, specifications, Contract Documents, and any extra work orders and shall decide all other questions in connection with the work. The Contractor shall employ no plans, equipment, materials, methods or men to which the engineer objects and shall remove no plant, materials, equipment or other facilities from the site of the work without the Engineer's permission. The Engineer shall confirm in writing, any oral order, direction, requirement or determination.

17. ENGINEER'S CONTROL NOT LIMITED:

The enumeration herein or elsewhere in the Contract Documents of particular instances in which the opinion, judgment, discretion or determination of the Engineer shall control or in which the work shall be performed to his satisfaction or subject to his approval or inspection, shall not imply that only matters similar to those enumerated, shall be so governed and performed, but without exception, all work shall be so governed and so performed.

18. PROVISIONS REQUIRED BY LAW DEEMED INSERTED:

Each and every provision of laws and clauses required by law to be inserted in this Contract shall be deemed to be inserted herein and hereby incorporated by reference and the Contract shall be read and enforced as though it were included herein and if through mistake or otherwise, any such provision is not inserted or not correctly inserted, then upon the application of either party the Contract shall forthwith be physically amended to make such insertion.

21.1 Only first class work shall be performed and all materials furnished in carrying out this Contract shall be of character and quality required by the specifications. Where no standard is specified for such work or materials, they shall be the best of their respective kinds. Any unsatisfactory work done or materials furnished at whatever time they may be discovered shall be immediately removed and satisfactorily replaced by the Contractor when notified to do so by the Engineer.

21.2 If the Contractor shall neglect or refuse to remove such unsatisfactory work or materials within forty-eight (48) hours after the receipt of the above mentioned notice, or if he shall not make satisfactory progress in doing so, the Engineer may cause said work or materials to be removed and satisfactorily replaced by Contractor or otherwise and the expense thereof shall be charged to the Contractor. Such expense shall be deducted from any monies due or to become due the Contractor under the Contract. Upon completion of the Contract the entire work shall be delivered to the Owner perfect and complete in satisfactory working condition.

21.3 The Contractor expressly undertakes at his own expense:

The Owner reserves the right through its Engineer to make such alterations in the installation of items of work shown on the plans, as may be necessitated by conditions found during construction that in the judgment of the Engineer appear advisable. The Contractor shall not claim forfeiture of Contract by reasons of such changes by the Owner's Engineer. If such changes increase the amount of the work or materials, the Contractor will be paid according to the quantity of work actually done at the prices established for such work under the Contract. If such alterations or changes diminish the quantity of work to be done, they shall not constitute a claim for damages or for loss of anticipated profits in the work which may be dispensed with, and the work as constructed shall be paid for in accordance with the Contract.

24. STANDARD PRODUCTS:

All materials, supplies, and articles furnished shall, wherever it is specified, and otherwise practicable, be the standard products of recognized, reputable manufacturers. The standard products of manufacturers other than those specified, will be accepted when it is proved to be the satisfaction of the Engineer, that they are equal in strength, durability, usefulness and convenience for the purpose intended. Any changes required in the detail and dimensions indicated on the drawings, for the substitution of standard products other than those provided for, shall be properly made as approved by the Engineer and at the expense of the Contractor.

25. REJECTION OF INFERIOR MATERIAL:

It is definitely understood and agreed that an inspection and approval of the materials by the Engineer shall not in any way subject the Owner to pay for the said materials or any portion thereof, even though incorporated in the work if said materials shall in fact turn out to be undone or unfit to be used in the work nor shall such inspection be considered as

any waiver of objection to the work on account of the unsoundness of the material used.

26. EXAMINATION OF DEFECTIVE WORK:

If the Engineer shall so require, the Contractor shall at any time during the continuance of this Contract pull down or undo any part of the work and make such openings therein as may be required and enable the Engineer to make proper inspection and the Contractor shall make good again the work so pulled down, undone or opened to the said Engineer's satisfaction. If the work should be found faulty, in any respect the whole of the expenses incurred shall be defrayed by the Contractor, but if the work should be found not faulty by the Engineer, the expenses thereby incurred shall be defrayed by the Owner.

27. NECESSARY DETAILS NOT SPECIFICALLY MENTIONED:

It is understood and agreed that any and all work may be called for in the specifications and not shown on the plans, or shown on the plans and not called for in the specification, shall be furnished and executed by the Contractor as if designated in both these ways, and should any work or material be required which is not denoted in the plans and specifications either directly or indirectly, but which is, nevertheless, necessary for the proper carrying out of the intent thereof, it is understood and agreed that the same is implied and required and that the Contractor shall furnish such materials as fully as if they were completely delineated and prescribed.

28. ERRORS:

The Contractor shall make no claim against the Owner because of the estimate, tests or representations of any kind affecting the work made by any officer or agent of the Owner may prove to be in any respect erroneous.

3.2 All provisions required by law to be included in this Contract or otherwise applicable to this Contract shall be deemed to be a part of this Contract, whether actually set forth herein or not.

3.3 The Contract Documents are complementary and what is called for by one is as binding as if called for by all. If the Contractor finds a conflict, error, ambiguity or discrepancy in the Contract Documents, it shall immediately, in writing call such conflict, error, ambiguity or discrepancy to the attention of the Owner before proceeding with the Work affected thereby. The Owner will promptly resolve the matter in writing. Work done by the Contractor after such conflicts, errors, ambiguities or discrepancies are discovered, or in the exercise of reasonable care reasonably should have been discovered, prior to written resolution thereof by the Owner shall be done at the Contractor’s expense and risk. Any Work that may reasonably be inferred from the Contract Documents as being required to produce the intended result shall be supplied whether or not it is specifically called for. Work, materials or equipment described in words which so applied have a well-known technical or trade meaning shall be deemed to refer to such recognized standards.

3.4 The Contractor will be held to a standard of strict compliance with the requirements of the Contract Documents in the performance of the Work, for giving Notice of any type to the Owner, and for making any submittal required for any purpose. The Contractor acknowledges and agrees that all time requirements set forth in the Contract Documents for any purpose are of the essence.

4. Definitions:

All words and terms shall have the meanings and terms assigned to them in the Contract Documents, unless a different meaning is clear from the context.

5. Contract Term:

5.1 The initial term of this Contract shall be for a period of one (1) year commencing on the date the Contract is fully executed by the APS Purchasing Agent and expiring on the last day of the twelfth (12th) month following execution of the Contract by the APS Purchasing Agent, unless otherwise terminated as provided in the Contract Documents.

5.2 This Contract may be renewed for a term not to exceed one (1) year by written notice given by APS at any time prior to thirty (30) Days after expiration of the preceding term. APS, at its sole discretion, has the right, but is under no obligation, to exercise this right to renewal not to exceed four (4) additional one-year periods at the same terms and conditions for a maximum cumulative duration of five (5) years.

5.3 The Contract unit prices will remain firm for the first Contract term. Unit price increases for ensuing Contract terms shall only be considered by the Purchasing Agent upon receipt of a written request from the Contractor substantiating to the satisfaction of the Purchasing Agent increased cost of performance over the preceding Contract term. Any increases approved by the Purchasing Agent shall be limited to an amount not to exceed equal to the percentage of movement of the U.S. Department of Labor, Consumer Price Index, All Items, Unadjusted, Urban Areas (CPI-U) for the twelve (12) month period ending three (3) months prior to end of the expiring Contract term. The Contract unit prices changed as a result of this formula will become effective on the commencement date of the new term and shall be binding on the Contractor for the ensuing Contract term.

5.4 Unless directed otherwise by APS, any Work in progress at the time of expiration of a Contract term may continue and be completed under the terms of the Contract in existence at the time the Purchase Order for the Work was issued, but must be completed no later than six (6) months following expiration of the Contract term in which the Purchase Order was issued.

5.5 All funds for payments by APS under any Contract awarded are subject to the availability of an annual appropriation for this purpose by the APS. In the event of non-appropriation of funds by the APS for the goods or services provided under the Contract, APS will terminate the Contract, without termination charge or other liability to APS, on the last day of the then current fiscal year or when the appropriation made for the then current year for the services covered by this Contract is spent, whichever event occurs first. APS will endeavor to provide reasonable Notice of such termination, but no formal notice of such termination is required of APS, and APS shall not order any goods or services to be provided after such termination date.

5.6 APS has the right to terminate this Contract for convenience at any time, or for default, all pursuant to the provisions of the Terms and Conditions.

6. Direction to Proceed:

6.1 For each specific task to be performed by Contractor under this Contract, the Purchasing Agent will issue a Purchase Order. The Purchase Order will define the location of the Work to be performed and will define or, where specific definition cannot be provided, will estimate, the scope of the Work to be performed, the dates within which that Work is to be performed, and the price for that Work (collectively "Purchase Order Work"). A sample Purchase Order form is attached as Exhibit C. Contractor shall not commence any Work until a

written Purchase Order has been issued by the Purchasing Agent, and if it does so APS will be under no obligation to make payment for any Work performed prior to the issuance of the required Purchase Order. No employee or agent of APS other than the Purchasing Agent or his properly authorized designee has authority to make any purchases or otherwise bind APS contractually. If a Purchase Order is issued by anyone other than the Purchasing Agent, it shall be the responsibility of the Contractor to confirm the authority of that person to bind APS. Provided, however, if the Contractor has received from the Purchasing Agent prior written confirmation of a person's authority to bind APS, the Contractor may rely upon all Purchase Orders issued by that person within the scope of the stated authority as authorized.

6.2 Notwithstanding the foregoing, if the circumstances are such that there is not sufficient time for issuance of a Purchase Order, APS through the Purchasing Agent or his authorized designee may direct the Contractor to proceed by less formal writing or electronic communication, to be replaced by a Purchase Order by 5:00 P.M. on the next regular APS working Day following issuance of such Owner directive. Further, if emergency conditions exist which necessitate that the Contractor act to avoid or mitigate damage to person or property, the Contractor shall proceed and give written Notice to APS of such emergency Work by 5:00 P.M. on the next regular APS Working Day following commencement of such emergency Work.

7. Estimated Quantities; No Guaranteed Minimum:

During the Initial Contract Term or any Subsequent Contract Term, the Contractor will furnish all of the goods or services described in the Contract Documents of Contractor by APS. The Contractor understands and agrees that there are no guaranteed minimum purchases and that APS has no obligation to the Contractor if no, or fewer, items or services than any quantities estimated are required or requested by APS. Any quantities which are included in the Contract Documents are the reasonable present expectations of those who are planning for APS for the period of the Contract. The amount is only an estimate and the Contractor understands and agrees that APS is under no obligation to the Contractor to buy that amount, or any amount as a result of having provided this estimate or of having had any normal or otherwise measurable requirement in the past. The Contractor further understands that APS may require goods and/or services in excess of the estimated annual Contract amount and that such excess shall not give rise to any claim for compensation other than at the unit prices and/or rates set forth in this Contract

8. Payment Procedures:

Contractor shall submit invoices for its Work, and such invoices will be processed by APS, all in accordance with the provisions of the Terms and Conditions.

9. Assignments:

9.1 This Contract is not assignable by Contractor without the express written consent of APS, and APS shall be under no obligation to grant such consent. Sale, assignment or transfer of a controlling interest in the Contractor shall be deemed an assignment for purposes of this provision and shall be grounds for termination of this Contract if consent of APS is not obtained. It is understood by APS that Contractor may use subcontractors for performance of parts of the Work. However, it is expected that Contractor will be performing the Work, and subcontracting of all or substantially all of the Work under any Purchase Order shall be deemed an assignment subject to the restrictions of this section.

9.2 Contractor acknowledges that, if so stated in the Bid Documents, this Contract is subject to the cooperative procurement provisions of Va. Code Ann. § 2.2-4304.

10. Governing Law:

This Contract, the Bid Documents, and the Contract Documents shall be governed by and construed in accordance with the laws of the Commonwealth of Virginia without reference to conflict of laws principles. The exclusive jurisdiction, forum and venue for any litigation with respect to this Contract, the Bid Documents, or the Contract Documents shall be in the state courts of Arlington County, Virginia.

11. Binding Agreement:

The Owner and the Contractor each binds itself, its successors and assigns to the other, its successors and assigns, in respect of all covenants, terms, conditions and obligations contained in each of the Contract Documents.

The Contractor shall be responsible and accountable to the Owner for the acts and omissions of the Contractor's employees in connection with the performance of the Work and for any Subcontractors or other persons performing any of the Work under a contract with the Contractor or a contract with a Subcontractor or Sub-Subcontractor.

28. PAYMENT OF SUBCONTRACTORS:

- A. Within seven (7) days after receipt of payment from the Owner, the Contractor shall:
 - 1. Pay each Subcontractor an amount equal to the percentage of the Work attributable to such Subcontractor; or
 - 2. Notify the Owner and the Subcontractor in writing of the intention to withhold all or part of the amount due a Subcontractor and state the reason for such withholding.
 - 3. In the event the Contractor fails to submit a timely Application for Payment, and that failure is due exclusively to the actions of the Contractor, the Subcontractor shall have the right to be paid by the Contractor upon demand of the amounts due.
 - 4. The Contractor shall pay interest on amounts owed to the Subcontractor which remain unpaid seven (7) days after the Contractor's receipt of payment from the Owner. Interest on such amounts shall accrue at the rate of one percent (1.0%) per month. Amounts owed the Subcontractor which have been withheld as permitted herein shall not accrue interest.

- B. Information concerning percentages of completion of work performed by a Subcontractor as shown in an Application for Payment may be made available to that Subcontractor at the sole discretion of the Owner.
- C. Insurance proceeds received by the Contractor under the insurance policies required by these Terms and Conditions shall be equitably distributed to the Subcontractors affected by the insured loss.
- D. The Contractor's obligation to pay an interest charge to a Subcontractor is not an obligation of the Owner. A Contract Modification shall not be made for the purpose of providing reimbursement for the interest charge. A cost reimbursement claim shall not include any amount for reimbursement for the interest charge.

29. OWNER'S RIGHT TO AWARD SEPARATE CONTRACTS:

- A. The Owner has the right to award separate Contracts of the same or a similar nature on the same or similar Project Sites, or for other work on the same Project Sites.
- B. When separate Contracts are awarded, the term "Contractor" in the Contract Documents in each case shall mean the Contractor who executes each separate contract for construction.
- C. At no additional cost to the Owner, the Contractor shall coordinate the Work with the activities of each separate Contractor with the intent of each Contractor being able to complete its Work in the most time efficient and cost efficient manner under the circumstances.
- D. If part of the Contractor's Work depends for proper execution or results upon construction or operations by a separate Contractor, the Contractor shall, prior to proceeding with that portion of the Work, promptly report to the Owner in writing any apparent discrepancies or defects in such construction or operations performed by a separate Contractor that would render it unsuitable for such proper execution and results. Failure of the Contractor to report such apparent discrepancies and/or defects shall constitute an acknowledgment that the separate Contractors' completed or partially completed construction is fit and proper to receive the Contractor's Work, except as to defects not then reasonably discoverable.

30. ROYALTIES AND PATENTS:

The Contract Price includes all royalties and costs arising from patents, trademarks, and copyrights in any way involved in the Work. Whenever the Contractor is required or desires to use any design, device, material or process covered by letters of patent or copyright, the Contractor shall indemnify and save harmless the Owner and Owner's Representative, their officers, agents and employees from any and all claims for infringement by reason of the use of any such patented design, device, tool, material, equipment, or process to be performed under the Contract, and shall indemnify the Owner, its officers, agents, authorized representatives, and employees for any costs, expenses and damages which may be incurred by reason of any such infringement at any time during the prosecution and after the completion of the Work. If a Purchase Order contains a direction requiring use of any design, device, material or process which is subject to patent, trademark or copyright protection which Contractor contends was not contemplated by and included in the Pricing Schedule, the Contractor shall give Notice thereof to Owner prior to proceeding with the Work and await direction from the Owner. If the Contractor proceeds with the Work without giving such Notice or without receiving direction from the Owner, the Contractor shall be responsible for all royalties and costs as provided in this paragraph.

31. CLAIMS FOR DAMAGES:

If the Contractor wishes to make a claim, whether for extra compensation, damages or other relief, by reason of any act or omission of the Owner or its agents or representative or other causes beyond the reasonable control of the Contractor, the Contractor shall comply with the requirements set forth below. Strict compliance with all claims submission requirements set forth below or in any other provision of the Contract Documents shall be a condition precedent to the Contractor's right to pursue any claim or to recover or prevail thereon. All time requirements set forth as claims submission requirements shall be deemed to be of the essence. Compliance with all claims submission requirements shall not, however, create any presumption of validity of any claim.

- A. The Contractor must at the time of the discovery of the occurrence of the event giving rise to the claim and before beginning any work on which the claim is based deliver to the Purchasing Agent a written statement identifying itself as a Notice of claim, stating the circumstances of the occurrence, specifying the additional work contemplated as being required, state why such work is not already included within the scope of the Contract Documents, and to the extent reasonably foreseeable estimate the anticipated amount of the claim.
- B. If the Owner within five (5) Working Days following receipt of such Notice of claim does not direct the Contractor otherwise, the Contractor shall proceed with the Work which is the subject of the claim and within ten (10) calendar days after completion of the Work for which additional compensation is claimed shall submit in writing to the Purchasing Agent a written itemization of the actual additional compensation claimed, with all supporting documentation.
- C. The Purchasing Agent shall make a determination within ninety (90) Days after receipt of the submission described in Subparagraph B above, which decision shall be the final determination of the Owner. Failure by the Purchasing Agent to issue a final decision shall be deemed a final decision to deny the claim as of the ninetieth (90th) Day. A final decision by the Owner shall be a condition precedent to institution by the Contractor of any judicial claim for relief on the claim. The Contractor's right to seek judicial appeal of denial of a claim is barred if no suit is filed within six (6) months following the Owner's final decision. No consideration by the Owner of any additional submissions by the Contractor in support of any claim shall extend this six (6) month limitation.
- D. The Contractor shall comply with all directions and decisions of the Owner and shall proceed diligently with the performance of the Contract and with any disputed Work pending final resolution of any claim or dispute. "Final resolution" shall include the exhaustion of all judicial proceedings.
- E. No claim whatsoever shall be made by the Contractor against any officer, authorized representative or employee of the Owner for, or on account of, anything done or omitted to be done in connection with this Contract.
- F. Failure of the Owner at any time to require compliance with any term or condition of the Contract Documents or of any claims submissions requirements shall not be deemed a waiver of such term, condition, or requirement, or a waiver of the subsequent enforcement thereof.
- G. In the event the Contractor makes a claim for additional compensation other than for damages related to delay which results in litigation, if the Owner substantially prevails in such litigation the Contractor shall indemnify and hold the Owner harmless from any and all reasonable attorneys' fees, litigation costs of all types, and expert witness fees and costs, arising from or related to such claim and litigation.
- H. If additional compensation is granted as to any claim, either by consent of the Owner or by judicial decision, the Contractor shall not be entitled to recover any interest on any amounts claimed to be due from the Owner which are the subject of a good faith dispute by the Owner which are paid within thirty (30) Days following final resolution of such dispute. Interest shall accrue on any claim not paid within such thirty (30) Days at the legal rate of six percent (6%) per annum simple interest commencing on the date of such final resolution.
- I. No claims provision in this Agreement waives the Owner's sovereign immunity or waives the ability of the Owner to invoke sovereign immunity where sovereign immunity may be applicable.

32. UNCOVERING OF WORK:

- A. If a portion of the Work is covered contrary to the Owner's request or to the requirements contained in the Contract Documents, the Contractor shall, at its own expense and upon the written request of the Owner, uncover and replace such Work without an adjustment to the Contract Time or Contract Price.

- B. If a portion of the Work has been covered which the Owner and/or Arlington County Inspector has not specifically requested to observe prior to its being covered and is, under the Contract Documents, allowed to be covered without observation of the Owner or applicable law or regulation, the Owner and/or Arlington County Inspector may request to see such Work and it shall be uncovered by the Contractor. If such Work is in accordance with the Contract Documents, costs of uncovering and replacement shall be charged to the Owner and paid to the Contractor. If such Work is not in accordance with the Contract Documents, the Contractor shall pay the costs of uncovering and replacing such Work.

33. CORRECTION OF WORK:

The Contractor shall promptly correct any Work which fails to conform to the requirements of the Contract Documents (the "Rejected Work"), whether observed before or after Substantial Completion and whether or not fabricated, installed or completed. The Contractor shall bear all costs associated with the correction of any Rejected Work, including additional testing and inspections and compensation for the Owner's Representative's services and expenses made necessary thereby. Nothing contained herein shall affect the Owner's right to correct non-conforming Work pursuant to the provisions of the Contract Documents.

34. ACCEPTANCE OF DEFECTIVE OR NON-CONFORMING WORK:

The Owner may accept any defective or non-conforming Work; provided, however, that in such event the Purchase Order Price shall be reduced by an appropriate and equitable amount to account for such defect or nonconformity. Such adjustment shall be effected whether or not final payment has been made. Any such acceptance shall not constitute a waiver of approval of the performance requirements of the Contract Documents.

35. FORCE MAJEURE:

- A. The Contractor shall not be held responsible for any failure of performance under this Contract if such failure is due to fires, riots, rebellions, natural disasters, wars or an act of God beyond the contemplation or control of Contractor and outside the scope of the Contractor's then-current disaster plan that makes performance impossible or illegal, unless otherwise specified in the Contract Documents.
- B. APS shall not be held responsible for any failure of performance under this Contract if such failure is due to fires, riots, rebellions, natural disasters, wars or an act of God beyond the control of APS that makes performance impossible or illegal, unless otherwise specified in the Contract Documents.

36. CONTRACTOR'S INSURANCE:

- A. Prior to commencing any Work, and as a condition precedent to any obligation of the Owner to make any payment to the Contractor, the Contractor shall provide a Certificate of Insurance to the Purchasing Agent confirming that the Contractor has in force the coverage required below prior to the start of any Work under the Contract, and shall maintain such insurance until the expiration or termination of the Contract. All required insurance must be provided by insurers authorized to do business in the Commonwealth of Virginia and acceptable to APS. The minimum insurance coverage shall be:
 - 1. Workers Compensation – Virginia Statutory Workers Compensation (W/C) coverage including Virginia benefits and employer's liability at the state statutory limits. For construction Contracts, if any subcontractors are involved, the subcontractor will have workers' compensation insurance in accordance with §§ 2.2-4332 and 65.2-800 et seq. of the *Code of Virginia*. The Bidder or Offeror further certifies that the Contractor and any subcontractors will maintain these insurance coverage during the entire term of the Contract and that all insurance coverage will be provided by insurance companies authorized to sell insurance in Virginia by the Virginia State Corporation Commission. Coverage is compulsory for employers of three or more employees, to include the employer. Contractors who fail to notify the Commonwealth of increases in the number of employees that change their workers' compensation requirements under the *Code of Virginia* during the course of the Contract shall be in noncompliance with the Contract. APS will not accept W/C coverage issued by the Injured Workers Insurance Fund of Towson, Maryland.

2. Commercial General Liability - \$1,000,000 per occurrence with \$2,000,000 general aggregate covering all premises and operations and including Personal Injury, Completed Operations, Contractual Liability, Independent Contractors, and Products Liability. The general aggregate limit shall apply to this Contract. Evidence of Contractual Liability coverage shall be typed on the certificate.

- B. The Contractor assumes all risks for direct and indirect damage or injury to the property or persons used or employed on or in connection with the Work, and for all damage or injury to any person or property wherever located, resulting from any action, omission, commission or operation under the Contract, or in connection in any way whatsoever with the Work, until final acceptance of the Work by APS.
 - C. No acceptance or approval of any insurance by APS shall be construed as relieving or excusing the Contractor from any liability of obligation under the Contract Documents.
 - D. The Contractor shall be responsible for the Work and every part thereof, and for all materials, tools, equipment, appliances, and property of any description used in connection with the Work.
 - E. The Contractor shall be as fully responsible to APS for the acts and omissions of its Subcontractors and of persons employed by them as it is for acts and omissions of persons directly employed by Contractor.

37. DEFAULT AND TERMINATION:

- A. Contractor’s Default
 1. The following shall constitute Event of Default by Contractor:
 - a. If the Contractor fails to begin the Work when required to do so; or
 - b. If, at any time during the progress of the Work, the Owner determines that the Contractor is not prosecuting the Work with reasonable speed and diligence, or is delaying the Work unreasonably or unnecessarily; or

5. In the event the Owner declares the Contractor in default in accordance with the provisions of the Contract Documents with respect to a portion of the Work but not the Work as a whole, the Contractor shall discontinue such portion of the Work declared in default, shall continue performing the remainder of the Work in strict conformity with the terms of the Contract and shall not hinder or interfere with any other Contractor or persons whom the Owner may engage to complete the Work for which the Contractor was declared in default. The expense of such completion, plus an administrative fee of ten percent (10%), shall be paid by the Contractor to the Owner as provided in the Contract Documents.

B. Termination for Failure of Funding: All funds for payments by APS under this Contract are subject to the availability of an annual appropriation for this purpose by the Arlington County School Board. In the event of non-appropriation of funds for the goods or services provided under this Contract, APS will terminate this Contract, without termination charge or other liability to APS, on the last day of the then current fiscal year or when the appropriation made for the current year for the services covered by this Contract is spent, whichever event occurs first. Each subcontract shall contain a similar termination provision for the benefit of the Contractor and the Owner. The Contractor shall not be entitled to receive anticipated profits on unperformed portions of the Work. The Owner shall have the right to employ an independent accounting firm to verify any amounts claimed by the Contractor to be due under this Paragraph. In the event a termination by the Owner for default, in whole or in part, subsequently is determined to have been without sufficient justification, such termination shall be deemed a termination for convenience and the Contractor's remedies shall be limited as provided in this Paragraph.

38. HAZARDOUS SUBSTANCES:

A. No materials or equipment containing asbestos or any other hazardous material recognized and identified by the State of Virginia Department of Environmental Quality shall be utilized in the construction of the Project.
