# HEALTH UNIT LIFESKILLS PERFORMANCE OBJECTIVES LEVEL: 300

#### **HEALTH UNIT GOAL**

After completing the unit lifeskills objectives, students will demonstrate their ability to access and navigate an aspect of the healthcare system using level appropriate language skills.

**NOTE:** Be careful to maintain student privacy by using sample health-related scenarios when needed.

#### **HEALTH LIFESKILLS PERFORMANCE OBJECTIVES:**

- 1. Identify healthy food and lifestyle choices. Communicate findings.
- 2. Analyze a food label and choose option. Support your choice with information from food label or nutritional information.
- 3. Make a doctor's appointment (via phone or electronically) describing symptoms/illnesses or injuries.
- 4. Given a visit to the doctor, describe orally or in writing illnesses and injuries.
- 5. Complete simplified medical forms.
- 6. Given simplified medicine labels, explain dosage and warnings. Ask for clarification and elaboration about treatment and prescriptions.
- 7. Given health-related scenarios, make a decision for the appropriate action to take. Give reasons to support decision.
- 8. Find information for basic health related issues and care, utilizing available community resources. Communicate findings.
- 9. Report an absence from school or work and provide an explanation for the absence (orally and in writing).

Culminating Assessment Activities: 300: Job Safety
