

**Sabrina Dattu, Glebe Elementary School**

**What if there was no Peace?**

If there was no Peace,

No friends for me,

No being equal,

Only treated unfairly.

Peace is kind and respectful

Peace is love and working together

Peace can appear at the end of an argument.

Kindness, caring, even friendship!

But what can I do to make peace?

I can build friendships

I can try to help stop fights in a non-violent way.

What else can I do you say?

I can be a Global citizen who respects the earth.

I can pick up trash and clean my room.

Turn off lights if they're not being used

Plant trees and save polar bears!

Have respect for other cultures.

I could say more but I've run out of space...
