FISCAL YEAR
2023

CHIEF ACADEMIC OFFICE ZERO-BASED BUDGETING DETAILS

SUPERINTENDENT'S PROPOSED BUDGET

SYPHAX EDUCATION CENTER
2110 Washington Blvd | Arlington, VA 22204

Chief Academic Office Zero-Based Budgeting

The Chief Academic Office was required to build their budget request using aspects of the zero-based budgeting approach. This type of budgeting requires a detailed review and justification for each requested line item. The requests were then compared to what was included in the FY 2022 budget to determine the overall impact on the FY 2023 budget. The Cabinet then made decisions on what line items for existing services and which line items for new services and positions would be included in the budget. The results of this process are a better understanding of what is included in the Academic office's budget and a new base budget for subsequent years. The Chief Academic Office would repeat this process every five years to ensure the budget continues to meet the needs of the division.

This document provides the details of each office/program's request.

**FY 2023 Zero Based Budget Summary
Chief Academic Office**

| Office | Program/Task | Baseline Increases | | New Requests | | Total Request | |
|---|---|--------------------|-------------|---------------------|---------------|---------------------|---------------|
| | | Amount | FTE | Amount | FTE | Amount | FTE |
| Chief of Academics | Management of the Office of Academics | \$996,228 | (0.50) | \$301,741 | 3.00 | \$1,297,969 | 2.50 |
| Arlington Tiered System of Support (ATSS) | Management of ATSS budget | \$218,763 | (1.00) | \$195,742 | 2.00 | \$414,505 | 1.00 |
| Arts Education | Provide high quality Pre-K - 12 arts instruction | \$337 | 0.00 | \$0 | 0.00 | \$337 | 0.00 |
| CTAE | Oversight and management of Career, Technical and Adult Education (CTAE) | (\$1,320) | 0.00 | \$217,791 | 1.50 | \$216,471 | 1.50 |

FY 2023 Zero Based Budget Form

| | |
|-------------------------|--|
| Chief/Department | Office of Academics |
| Office | Chief of Academics |
| Point of Contact | Bridget Loft |
| Program/Task | Management of the Office of Academics |
| Core Service | Develop appropriate academic core curricula and instructional accommodations, interventions and extensions to accelerate student learning for all students including English Learners, students with disabilities and gifted learners. |

| | |
|---|--|
| Detailed Description/Organizational Impact | |
| <i>Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?</i> | |
| The Office of Academics provides leadership in teaching and learning, working to ensure that every student in APS is challenged, supported, and engaged. This includes collaborating throughout the division to develop and implement academic curricula that meet the needs of individual students and is aligned with national and state standards, legislation, and evidence-based best practices. The Office of Academics works with schools on implementation of best practices and methods of assessing student learning; these efforts allow school staff to focus more closely on the needs of the individual students. | |

| | |
|--|--|
| Deliverables | |
| <i>List deliverables if applicable</i> | |
| Implement recommended teaching and learning experiences for PreK-12, students with an emphasis on creative thinking, collaboration, critical thinking, communication, and citizenship skills. | |
| Develop and procure new instructional resources and/or materials (PreK-12). | |
| Develop appropriate academic core curricula and instructional accommodations, interventions and extensions to accelerate learning for all students including English Learners, students with disabilities and gifted learners. | |
| Monitor and coordinate the implementation of Every Student Succeeds Act (ESSA) legislation, funding, and requirements. | |
| Analyze changes to the Standards of Quality, Standards of Accreditation, Standards of Learning, and the results of the Standards of Learning assessments and modify programs as appropriate. | |
| Engage in school coaching and support to challenge and engage all students. | |
| Prepare adults to achieve their personal, professional, and academic goals by providing the highest quality instruction for English, workplace skills, community participation, and digital literacy through the Arlington Education and Employment Program (REEP) | |

| | |
|--|--|
| Risks if not funded | |
| <i>Explain the risks to the organization if this request is not funded.</i> | |
| Without the funds in these accounts, Office of Academics would no longer be able to fund the following: stipends for staff to implement student support programs such as lead teachers, visual and performing arts staff, sponsors of extracurricular activities and additional athletic coaches when the number of student participants exceeds safe athlete to coach ratios; develop and disseminate appropriate core curricula and instructional accommodations, interventions and extensions to accelerate learning for all students, including English Learners, students with disabilities and gifted learners; deploy consultants and contract services to support district-wide assessments, develop curricula and ensure equity in student learning experiences and assessment of student performance; provide appropriate, engaging and relevant instructional materials including textbooks, digital resources and consumables. | |

| | |
|--|--|
| Mandates and Policies | |
| <i>List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.</i> | |
| School Board policy I-1.32 - "Standards and Requirements" - funds utilized by the Office of Academics support the offering of a consistent and high quality instructional program which meets established standards in each elementary, middle, and high school. | |
| School Board policy I-1.33 - "Teaching and Learning Goals" - funds utilized by the Office of Academics support professional collaborations and otherwise align instruction, support, and related services to ensure the success of every student; allow APS instructional staff to respond to each student's individual challenges, interests, and abilities by providing and maintaining rigorous relevant curriculum; and broaden opportunities by providing multiple pathways for learners to succeed using individualized tools, resources, services, and strategies to allow each student to excel academically, emotionally, physically, and socially. | |
| School Board policy I-1.35 - "Resources" - funds utilized by the Office of Academics help to ensure targeted and differentiated teaching and learning experiences for students with varied and unique needs while maintaining a strong instructional program for all students and maximizing student achievement. | |
| School Board policy I-6 - "Curriculum" - funds utilized by the Office of Academics ensure the development of PreK-12th grade curricula and course work that include those specified by the State Board of Education including visual arts, English, general music, mathematics, science, and social studies in grades K-12; health and physical education in grades K-10; instrumental music in grades 4-12; and business and marketing education, family and consumer sciences, foreign languages, and technical education in grades 6-12. | |
| School Board policy I-7.2.5.30 - "Prevention, Intervention and Remediation" - funds utilized by the Office of Academics support the assessment of student progress using multiple criteria, including predictor tests associated with standardized tests and classroom curricular assessments. This funding also facilitates communication with parents/guardians regarding ongoing assessments of student progress as well as recommended and/or required programs of prevention, intervention and remediation. | |
| School Board policy I-7.4.1.30 - "Extended Learning Opportunities" - funds utilized by the Office of Academics provide for extended learning opportunities including field trips, extracurricular and co-curricular activities | |
| School Board policy I-7.4.1.31 - "Extracurricular and Co-Curricular Activities" - funds utilized by the Office of Academics provide stipends for sponsors of extracurricular and co-curricular activities including student organizations and coaches for athletic teams. | |
| School Board policy I-9.1 - "Selection of Instructional Resources" - funds utilized by the Office of Academics allow for the selection and adoption of foundational resources including textbooks and supplementary digital and tangible materials. | |

| | |
|--|---|
| Alignment with School Board Direction | |
| <i>Select how this request aligns with the FY 2023 Adopted Budget Direction. Select all that apply.</i> | |
| Ensure student well-being and academic progress | X |
| Identify, report, and address all students' social-emotional and academic needs | |
| Focus on literacy and math | X |
| Advance 2018-24 Strategic Plan goals with focus on innovation and equity | |
| Recruit, hire, and invest in a high-quality and diverse workforce to ensure APS is the place where talented individuals choose to work | |
| Develop phased plan to ensure all salary scales and benefits are market competitive and sustainable | |
| Establish plan and timeline to begin the collective bargaining process | |
| Improve operational efficiency | |
| Strengthen and improve system-wide operations with focus on financial sustainability | |
| Collaborate across departments to plan innovatively, cost effectively, and within budget to meet student seat needs | |
| Not Applicable | |
| <i>Provide an explanation of how this initiative aligns with the selected budget direction.</i> | |

FY 2023 Zero Based Budget Form

| | |
|---------------------|---------------------------------------|
| Program/Task | Management of the Office of Academics |
|---------------------|---------------------------------------|

The Office of Academics supports the development of curricula and selection of instructional materials that support students' acquisition of knowledge and skills related to literacy and math.

Alignment with Strategic Plan Goal(s)

Select the Strategic Plan Goals that align to the request and if known, the specific performance objective. Select all that apply.

| | |
|--|---|
| Student Success: Multiple Pathways to Success for All Students | X |
| 1. Increased achievement for all reporting groups on district and state assessments shows progress toward eliminating the opportunity gap. | X |
| 2. All students will make at least one year's worth of growth as measured by federal, state, and/or district assessments. | X |
| 3. Historically over-represented and under-represented groups accessing services will be aligned with student need and proportionate with demographics. | |
| 4. All graduates will have engaged in at least one experience that demonstrates productive workplace skills, qualities, and behaviors and may include a work-based experience (internships, externships, formal job shadowing, etc.). (Virginia Profile of a Graduate) | |
| 5. At least 80% of students with disabilities will spend 80% or more of their school day in a general education setting. | |
| Student Well-Being: Healthy, Safe, and Supported Students | |
| 6. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show a reduction in bullying, violence, sexual harassment, and substance use. | |
| 7. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show an improvement in mental health measures and access to mental health resources. | |
| 8. Each school will report 95% implementation of the Whole Child indicators in the areas of safe, healthy, and supportive learning environments (ASCD). | |
| 9. All schools can identify at least one school-based adult who supports and encourages their academic and personal growth. | |
| 10. Disproportionality in suspension rates by race/ethnicity, students identified with a disability, and English Learners will be reduced and overall suspensions will not increase. | |
| Engaged Workforce | |
| 11. At least 95% of APS staff will respond favorably that opportunities for professional development meet their needs, as indicated on the Your Voice Matters survey. | |
| 12. At least 95% of APS staff will respond favorably on staff engagement, as indicated on the Your Voice Matters survey. | |
| 13. At least 95% of APS staff will respond favorably in areas of leadership, as indicated on the Your Voice Matters survey. | |
| 14. APS will retain a high-quality workforce, with 95% of respondents to exit surveys indicating a reason for leaving to be an external factor. | |
| 15. All staff participate in training that meets or exceeds industry standards for their position and focuses on student success and well-being. | |
| Operational Excellence | |
| 16. APS will be Accredited by the Emergency Management Accreditation Program (EMAP). | |
| 17. Organizational operations will meet or exceed benchmarks in comparable school divisions. | |
| 18. All school and department management plans will clearly articulate the data used to write SMART goals aligned to the strategic plan. | |
| 19. All School Board policies will be up to date and will be reviewed every five years. | |
| 20. APS Departments (Finance & Management Services, Facilities & Operations, Teaching & Learning and Planning & Evaluation) will collaborate to plan innovatively, cost effectively, and within budget to meet 100% of student seat needs through both permanent and temporary facilities, based on 10-year projections. | |
| Partnerships: Strong and Mutually Supportive Partnerships | |
| 21. At least 90% of family and community engagement activities build the capacity of staff and families in capabilities (skills and knowledge), connections (networks), cognition (understanding) and confidence (a Dual Capacity-Building Framework for Family-School Partnerships). | |
| 22. At least 95% of APS families will respond favorably on student and family engagement on the Your Voice Matters. | |
| 23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships. | |

Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?

The Office of Academics staff works with school-based instructional staff to implement appropriate academic curricula, instructional resources and accommodations, interventions and extensions to accelerate learning for all students including English Learners, students with disabilities and gifted learners.

Performance Measures and Corrective Actions

Identify desired outcomes and performance metrics. What corrective actions will be taken if the program does not meet the desired outcomes or performance metrics. You must enter at least one. Please let us know if you need to enter additional performance metrics.

| Performance Measures | Corrective Actions |
|--|--|
| Develop and support the delivery of appropriate academic curricula, instructional resources and accommodations, interventions and extensions to accelerate learning for all students including English Learners, students with disabilities and gifted learners. | Work with school-based instructional staff to identify areas of needed support. |
| Analyze changes to the Standards of Quality, Standards of Accreditation, Standards of Learning, and the results of the Standards of Learning assessments. | Modify programs according to student performance on state assessments and changes to Standards of Quality, Accreditation and Learning. |

Funding Requirements

| Line Item | Item | Existing? | Description | Amount | FTEs | FTE Cost | Cost Center | Object |
|-----------|------------------------|-----------|--|--------|------|----------|-------------|--------|
| 1 | Clerical + Secretarial | Yes | Provides clerical support for offices within the Office of Academics. | | 2.50 | | 801000 | 41309 |
| 2 | Director | Yes | Leads and supervises content offices/programs (ELA, Math, Science, Social Studies, Health/PE, Arts, World Languages, Library Services, Gifted Services, Arlington's Tiered System of Support, and Educational Technology) to support the development and implementation of curriculum and instructional practices across all K-12 schools. | | 1.00 | | 801000 | 41318 |
| 3 | Chief Officer | Yes | Lead the Office of Academics' work related to Early Childhood, Summer School, Homebound and Home Instruction, Curriculum and Instruction, English Learner services, Special Education and Career, Technical and Adult Education. | | 1.00 | | 801000 | 41224 |
| 4 | Coordinator | Yes | Data Coordinator, Accounts Coordinator | | 1.50 | | 801000 | 41208 |
| 7 | Professional Staff | Yes | Support facilitation of resources related to the Children's Services Act. | | 1.00 | | 801000 | 41205 |

FY 2023 Zero Based Budget Form

| Program/Task | | Management of the Office of Academics | | | | | | |
|--|------------------------------------|---------------------------------------|---|--------------------|---------------|------------------|--------|-------|
| 8 | Teacher | Yes | Coordinates revisions of Office of Academics policies, monitors student performance in online provider classes, facilitates academic stipend review process, coordinates procurement of instructional supplies for new school buildings and program moves, performs other duties as assigned. | | 1.00 | | 801000 | 41254 |
| 10 | Clerical + Secretarial Part time | Yes | Provides clerical support for Office of Academics initiatives and programs that are not assigned direct clerical support. | \$15,000 | | | 801000 | 41311 |

FY 2023 Zero Based Budget Form

| | |
|-------------------------|---|
| Chief/Department | Office of Academics |
| Office | Arlington Tiered System of Support (ATSS) |
| Point of Contact | Sarah Putnam |
| Program/Task | Management of ATSS budget |

| | |
|---------------------|--|
| Core Service | <ol style="list-style-type: none"> 1. Provide a high quality multi-tiered system of support framework for the Arlington Public Schools community (including parents/guardians, students, teachers, etc.) that promotes inclusivity, equity, and evidence-based practices. 2. Support evidence-based core (Tier 1) instruction with additional Tier 2 and 3 interventions and/or extensions for students who need them to create a unified system of timely responses for all students to achieve success that is personalized, flexible, and inclusive. 3. Ensure the use of evidence-based, comprehensive, and rigorous curricular resources that meet the academic, social-emotional, and behavioral needs of all learners within a tiered system of support. 4. Support schools in monitoring student progress to ensure that all students are able to make at least one year's worth of growth during the school year. |
|---------------------|--|

Detailed Description/Organizational Impact
Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?

The Arlington Tiered System of Supports (ATSS) is the overarching framework that encompasses both the academic and social/emotional dimensions of learning. The ATSS framework is a key component of the broader APS strategy to support ALL learners and ensure equitable access to a robust, high quality education. ATSS implementation is the shared responsibility of all APS educators, staff, families, and communities. It is designed to enable educators to make data-based decisions to meet the needs of students from different backgrounds, levels of language proficiency, learning styles, and levels of achievement.

Due to evolving state legislation, continued impacts of school closures as a result of the pandemic, as well as recommendations put forth in the 2019 SPED Program Evaluation, the ATSS budget will need to increase in the out-years.

Deliverables
List deliverables if applicable

- Guidance documents to support a tiered system of support (i.e., K-5 ELA Intervention Protocol document)
- Professional learning related to implementing a tiered system of support
- Professional learning on specific intervention programs (SEL, math, and ELA)
- Intervention resources and programs (SEL, math, and ELA)
- Summer school curriculum for grades K-5
- Providing intervention plans and subsequent updates to families
- Providing a system for creating, implementing, and monitoring intervention plans for K-12
- Updating the ATSS website regularly to communicate office objectives and parent/community resources
- Updating the Student Support Manual as needed
- Purchase and organize the implementation of district wide universal screeners (ELA, math, and SEL)
- Updating the SEL Reference Guide as needed
- Data reports to schools
- BOY, MOY, and EOY score reports to families

Risks if not funded
Explain the risks to the organization if this request is not funded.

- Lack of resources needed to support a tiered system of support.
- Lack of professional development needed to ensure systematic, targeted interventions are being provided to students.
- Lack of student growth
- No process or structure in place to document, implement, and/or monitor intervention plans
- Not being in compliance with Virginia state code as it relates to HB410 and HB1865
- Not being in compliance with APS policy (I-7.2.5.30 Prevention, Intervention, and Remediation)
- Schools not having the data, processes, and resources needed to detect when early intervention may be needed
- Instructional support (as it relates to Tiers 1, 2, and 3) for schools may be inequitable
- Inconsistent practices related to identifying students in need of intervention used across the county
- Ineffective and inconsistent use of APS purchased high-quality resources as it relates to intervention and extension
- Challenges around differentiating to meet all students' needs
- Potential for unengaged workforce - APS staff will feel unsupported
- Challenges with implementing updated curriculum documents as it relates to UDL principles and differentiating and scaffolding to meet various learning needs
- Data will not consistently be used to support instruction
- Targeted professional learning cannot occur as we will not have the data to support strategic planning
- Principals may be challenged in identifying best instructional practices based on current research in intervention implementation and progress
- Ineffective intervention implementation, or lack of interventions, across the county

Mandates and Policies
List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.

HB410 <https://lis.virginia.gov/cgi-bin/legp604.exe?201+sum+HB410>. Parental notice; literacy and Response to Intervention screening and services; certain assessment results. Requires each local school board to enact a policy to require that timely written notification is provided to the parents of any student who (i) undergoes literacy and Response to Intervention screening and services or (ii) does not meet the benchmark on any assessment used to determine at-risk learners in preschool through grade 12, which notification shall include all such assessment scores and subscores and any intervention plan that results from such assessment scores or subscores.

HB1865 <https://lis.virginia.gov/cgi-bin/legp604.exe?211+sum+HB1865> Certain students in kindergarten through grade 3; reading intervention services. Requires reading intervention services for students in kindergarten through grade three who demonstrate deficiencies based on their individual performance on the Standards of Learning reading test or any reading diagnostic test that meets criteria established by the Department of Education to be evidence-based, including services that are grounded in the science of reading, and include explicit, systematic, sequential, and cumulative instruction, to include phonemic awareness, systematic phonics, fluency, vocabulary development, and text comprehension as appropriate based on the student's demonstrated reading deficiencies. The bill requires the parent of each student who receives such reading intervention services to be notified before the services begin and the progress of each such student to be monitored throughout the provision of services.

| <i>Provide an explanation of how this initiative aligns with the selected budget direction.</i> | |
| The ATSS is crucial for ensuring student well-being and academic progress as it provides the overarching framework, processes, resources, and guidance needed to ensure that student growth occurs and that student well-being is addressed. It supports the critical steps of using universal screeners and diagnostic assessments to identify, report, and address students' social-emotional and academic needs. ATSS directly focuses on increasing student achievement in literacy and math through intervention plans, universal screener assessments, professional learning, guidance documents, CLT consultation, etc. | |

Alignment with Strategic Plan Goal(s)

Select the Strategic Plan Goals that align to the request and if known, the specific performance objective. Select all that apply.

| | |
|--|---|
| Student Success: Multiple Pathways to Success for All Students | |
| 1. Increased achievement for all reporting groups on district and state assessments shows progress toward eliminating the opportunity gap. | x |
| 2. All students will make at least one year's worth of growth as measured by federal, state, and/or district assessments. | x |
| 3. Historically over-represented and under-represented groups accessing services will be aligned with student need and proportionate with demographics. | x |
| 4. All graduates will have engaged in at least one experience that demonstrates productive workplace skills, qualities, and behaviors and may include a work-based experience (internships, externships, formal job shadowing, etc.). (Virginia Profile of a Graduate) | |
| 5. At least 80% of students with disabilities will spend 80% or more of their school day in a general education setting. | |
| Student Well-Being: Healthy, Safe, and Supported Students | |
| 6. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show a reduction in bullying, violence, sexual harassment, and substance use. | |
| 7. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show an improvement in mental health measures and access to mental health resources. | |
| 8. Each school will report 95% implementation of the Whole Child indicators in the areas of safe, healthy, and supportive learning environments (ASCD). | x |
| 9. All students can identify at least one school-based adult who supports and encourages their academic and personal growth. | x |
| 10. Disproportionality in suspension rates by race/ethnicity, students identified with a disability, and English Learners will be reduced and overall suspensions will not increase. | x |
| Engaged Workforce | |
| 11. At least 95% of APS staff will respond favorably that opportunities for professional development meet their needs, as indicated on the Your Voice Matters survey. | |
| 12. At least 95% of APS staff will respond favorably on staff engagement, as indicated on the Your Voice Matters survey. | |
| 13. At least 95% of APS staff will respond favorably in areas of leadership, as indicated on the Your Voice Matters survey. | |
| 14. APS will retain a high-quality workforce, with 95% of respondents to exit surveys indicating a reason for leaving to be an external factor. | |
| 15. All staff participate in training that meets or exceeds industry standards for their position and focuses on student success and well-being. | |
| Operational Excellence | |
| 16. APS will be Accredited by the Emergency Management Accreditation Program (EMAP). | |
| 17. Organizational operations will meet or exceed benchmarks in comparable school divisions. | |
| 18. All school and department management plans will clearly articulate the data used to write SMART goals aligned to the strategic plan. | |
| 19. All School Board policies will be up to date and will be reviewed every five years. | |
| 20. APS Departments (Finance & Management Services, Facilities & Operations, Teaching & Learning and Planning & Evaluation) will collaborate to plan innovatively, cost effectively, and within budget to meet 100% of student seat needs through both permanent and temporary facilities, based on 10-year projections. | |
| Partnerships: Strong and Mutually Supportive Partnerships | |
| 21. At least 90% of family and community engagement activities build the capacity of staff and families in capabilities (skills and knowledge), connections (networks), cognition (understanding) and confidence (a Dual Capacity-Building Framework for Family-School Partnerships). | |
| 22. At least 95% of APS families will respond favorably on student and family engagement on the Your Voice Matters. | |
| 23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships. | |

Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?

The Arlington Tiered System of Supports (ATSS) is the overarching framework that encompasses both the academic and social/emotional dimensions of learning. The ATSS framework is a key component of the broader APS strategy to support ALL learners and ensure equitable access to a robust, high quality education. ATSS implementation is the shared responsibility of all APS educators, staff, families, and communities. It is designed to enable educators to make data-based decisions to meet the needs of students from different backgrounds, levels of language proficiency, learning styles, and levels of achievement.

Performance Measures and Corrective Actions

Identify desired outcomes and performance metrics. What corrective actions will be taken if the program does not meet the desired outcomes or performance metrics. You must enter at least one. Please let us know if you need to enter additional performance metrics.

| Performance Measures | Corrective Actions |
|---|--|
| APS will be in full compliance with Virginia legislation-- HB410 | Review records to ensure that all families received BOY universal screener results; send updated scores as needed; Review current available data to ensure that all students who were flagged on an universal screener are receiving an intervention; Meet with school administrators to review and determine how intervention plans were shared with families |
| APS will be in full compliance with Virginia legislation-- HB1865 | Review reading intervention plans created for all K-3 students and ensure that they align to the requirement of HB1865; meet with elementary principals and reading specialists to correct and update any intervention plans that do not align |
| Schools are using their ATSS Intervention Canvas course to create, implement, and monitor SEL, math, and ELA intervention plans | Meet with school administrators and school-based leadership teams to ensure that all qualifying students are receiving an intervention and that the intervention is correctly documented within the districtwide system created; Review progress monitoring requirements with school-based staff |

| Chief/Department | Office of Academics |
| Office | Arts Education |
| Point of Contact | Pam Farrell |
| Program/Task | Provide high quality Pre-K – 12 arts instruction |
| Core Service | <ol style="list-style-type: none"> 1. Provide high quality Pre-K – 12 arts instruction to all Arlington Public Schools students 2. Recruit hire and develop highly effective arts education teachers to lead a culture of continual learning to the implementation of best practices including equity and inclusion, curriculum and design, align to APS and state standards. 3. Provide culturally relevant performances and residencies for all school and programs in APS, including partnerships supporting these outcomes. 4. Provide extended learning opportunities for students identified as gifted and talented or have a strong interest in the arts. |

Detailed Description/Organizational Impact
Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?

1. High quality arts education instruction in APS is comprised of visual art, general music, instrumental music, choral and theater.
 2. In order to deliver high quality instruction recruiting hiring and developing highly effective teachers is at the core of our work.
 3. The arts education office oversees the implementation of the Humanities Project and the Kennedy center/APS partnership which includes professional development for teacher, the changing education through the arts program (CETA), and the Kennedy Center APS teacher cohort.
 4. The Arts education office also manages the secondary Apprentice Program, Elementary Honors Band, Orchestra, and Chorus, and the Middle school Honors Band, Orchestra, chorus. 5. The arts education office also coordinates theater repairs and maintenance with facilities.

Deliverables

|---|---|---|

Risks if not funded

Explain the risks to the organization if this request is not funded.

1.a. Students in grades 4, 5 would not have instrumental instruction, which would impact middle school and high school enrollment and quality of programs.
 2.a. teachers in the performing arts require specific professional learning to support and enhance their pedagogy. This professional learning includes curriculum planning, resource development, lesson planning, instructional strategies, equitable opportunities and access for students, and instructional delivery. Additionally professional learning is done to address industry standards, safety, instrument repair and maintenance, kiln maintenance and repair.
 b. many of APS arts teachers are selected from a competitive process from applications to present at state and national conferences. Once accepted, these teachers need support through substitute days and registration fees, without this funding our teachers would not be able to represent Arlington public schools at the state and national level.
 c. APS arts education Supervisor and Specialist would be unable to attend national and state conferences, which provide us with updated arts pedagogy, including curriculum, technology and culturally responsive teaching. Without this funding we would not be able to bring professional learning opportunities to performing arts teachers at APS, which positively impacts student outcomes.
 3.a. Equipment is purchased through the Arts Ed office to provide high quality instruction. Without funding, equal and accessible opportunities would be negatively impacted, affecting instruction and performance opportunities to all students across APS.
 b. It is imperative to have new schools and programs be fully equipped with furniture, equipment, instruments, and consumables and to equally match other existing APS schools and programs, in order to provide equivalent and equitable student opportunities.
 4.a. Due to the high cost of purchasing new equipment and musical instruments, it is imperative to have regular preventative maintenance and repairs to provide lasting longevity, instead of continually purchasing replacement equipment. Without this funding APS would not be able to run their music programs, with quality instruments and equipment.
 5.a. Although this funding is allocated to facilities, the work starts in the arts education office who works collaboratively with the APS safety inspector and Artistic Concepts to make decisions of repair maintenance and replacement based on safety first and a graded equipment replacement cycle.
 b. This partnership also supports articulating safety training needed for APS theater teachers and is facilitated through the arts education office and the office of Facilities.
 6.a. District 12 assessments fall under the umbrella of the Virginia Music Educators Association, where all middle school and high school choral, strings, and band students from all surrounding school districts participate. If not funded, students would be at a disadvantage of not receiving critical feedback about the quality of their singing and instrumental techniques and alignment with state and national music standards. This feedback guides teaching instruction in order to have APS have equal representation with other jurisdictions and provide student the opportunity to be selective for district, state, and national ensembles.
 7.a. APS arts curriculum would be out of compliance with state standards.
 b. Arlington public Schools secondary students identified as gifted with the arts or high interest in the arts would not have apprentice like opportunities.

FY 2023 Zero Based Budget Form

| | |
|---------------------|--|
| Program/Task | Provide high quality Pre-K – 12 arts instruction |
|---------------------|--|

8.a. Without this funding, 500 or more students would be negatively impacted by not having the experience to participate in a high-level extended learning experience. This would have a significant negative impact on our Gifted population.

b. without this funding, over 2000 secondary visual art students would not have the ability to participate in the national recognized scholastic art competition. Additionally, students receiving awards would not be eligible for college scholarships.

c. Without this funding, 35 schools and programs would not benefit from culturally relevant performances and imbedded artist residencies. Cost per pupil, \$2.4.

9.APS secondary internal assessment – without this funding schools would have to bring their less experience ensembles to district 12, which is a higher cost to APS.

10.Without this funding APS arts teachers would be at a disadvantage with countywide CLT groups and have less individualized support regarding their pedagogy and curriculum needs.

11.a. Without this funding, APS theater students would not have the opportunity to be in a professional production, including a script written particularly for them based on a relevant societal problem, they also would not have the opportunity to work with professional actors. Additionally, lack of funding would not provide students across APS high schools to attend these performances.

b. Without this funding, all aps teachers would not have the opportunity to participate in the Kennedy center professional learning program, including the Kennedy Center APS cohort.

c. Without this funding, APS teachers would not have access to theater based professional learning.

12.a. Without this funding, students and teachers would not have access to the appropriate music technology needed to deliver high quality instruction and prepare them for post-secondary music instruction and industry standard expectations.

b. Without this funding, students would not have access to music textbooks

c. Although this funding is provided by IS, the process and facilitation is managed through the Office of Arts Education.

13.a. Although this funding is provided by IS, the process of allocation and maintaining these machines is done through the Arts Ed Office.

14.a-d. without this funding students would not be able to take advantage of performance opportunities that positively impacts their music abilities and social emotional wellbeing. Without this funding student opportunities would be inequitable.

d. Additionally, without this funding, students would not have the opportunity to participate in all-state ensembles which positively enhance their acceptance into conservatories and collegiate music programs.

15. a-d. Without this funding, the arts would not have the visibility and support of the community that is needed to run these viable programs.

Mandates and Policies

List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.

The functions of the APS Arts Education Office are required by several APS and state policies and aligns with APS Strategic Plan goals. Each function aligns with policies and mandates as follows:

Arts Assessment Development and Support: o APS Policy I-12 Evaluation APS Strategic Plan Goal - Student Success

Performance Objective #1; #2; #3; #5 o APS Strategic Plan Goal - Engaged Workforce

| Not Applicable | |

Provide an explanation of how this initiative aligns with the selected budget direction.

The arts are part of the core curriculum, and as an elective, students select them based on their interest and passion in the arts. Participation in the arts support students social and emotional well-being and for some students is the reason they come to school. Providing high level arts instruction prepares students for post-secondary and careers in the arts. Additionally, the arts provide creative and critical thinking skills which are necessary skills requested by future employers.

The arts provide for innovative thinking and innovation needed to solve complex problems that we face in society. These skills are necessary for design, architecture technology, A.I., engineering and many other career pathways.

The Art Education supervisor screens and recommends a diverse group of highly qualified teachers to all school-based principals. Additionally, the arts education supervisor hires all elementary instrumental teachers.

Alignment with Strategic Plan Goal(s)

Select the Strategic Plan Goals that align to the request and if known, the specific performance objective. Select all that apply.

| 14. APS will retain a high-quality workforce, with 95% of respondents to exit surveys indicating a reason for leaving to be an external factor. | X |
| 15. All staff participate in training that meets or exceeds industry standards for their position and focuses on student success and well-being. | X |
| Operational Excellence | |
| 16. APS will be Accredited by the Emergency Management Accreditation Program (EMAP). | |
| 17. Organizational operations will meet or exceed benchmarks in comparable school divisions. | |
| 18. All school and department management plans will clearly articulate the data used to write SMART goals aligned to the strategic plan. | X |
| 19. All School Board policies will be up to date and will be reviewed every five years. | |
| 20. APS Departments (Finance & Management Services, Facilities & Operations, Teaching & Learning and Planning & Evaluation) will collaborate to plan innovatively, cost effectively, and within budget to meet 100% of student seat needs through both permanent and temporary facilities, based on 10-year projections. | |
| Partnerships: Strong and Mutually Supportive Partnerships | |
| 21. At least 90% of family and community engagement activities build the capacity of staff and families in capabilities (skills and knowledge), connections (networks), cognition (understanding) and confidence (a Dual Capacity-Building Framework for Family-School Partnerships). | |
| 22. At least 95% of APS families will respond favorably on student and family engagement on the Your Voice Matters. | |
| 23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships. | |

Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?

Increased achievement through all reporting groups through District and state assessments, APS music assessments including APS Music assessment, District XII assessment and all state and all Virginia. Through the use of effective smart goals and teacher evaluation teachers are required to show student growth over time. The Arts Education Office offers extensive professional learning designed based on teachers input experience and needs. The arts education office surveys teachers to design professional learning to meet their needs and also has over 85% response rate in surveys and 90% favorable response rate to post-professional learning surveys. The arts education office create climate for staff engagement and develops teacher leaders to assist the Arts Education supervisor and specialist in meeting the needs of all arts education staff. Most arts education staff who leave APS note commute and salary as factors in their decision. Although the work of the Arts Education Department does not align with all pre-populated choices, the work of this department supports and aligns with APS core values.

Performance Measures and Corrective Actions

Identify desired outcomes and performance metrics. What corrective actions will be taken if the program does not meet the desired outcomes or performance metrics. You must enter at least one. Please let us know if you need to enter additional performance metrics.

| Performance Measures | Corrective Actions |
|---|--|
| Hire and retain highly effective teachers | Provide support to teachers in order to improve their performance. Meet all evaluation timelines and move forward with non-renew process for teachers not meeting the performance measure. |
| All APS ensemble groups will receive excellent or superior ratings | APS arts education supervisor and specialist would meet with music directors to review grade level music and teaching practices. Targeted professional learning for the directors would be offered and support of clinicians would be given. |
| APS will receive 10-15 national awards in scholastic competitions | APS arts education supervisor would review the criteria listed by scholastic art submissions and work with teachers to support areas of deficit in order for students to meet performance objective. |
| APS will have significant representation in All-State music ensembles | APS arts education supervisor and specialist would meet with music directors to review grade level music and teaching practices. Targeted professional learning for the directors would be offered and support of clinicians would be given. |

| Not Applicable | |
| <i>Provide an explanation of how this initiative aligns with the selected budget direction.</i> | |
| Career, Technical and Adult Education provides students opportunities to make successful connections to their academic needs. The courses have a strong tie to numeracy and literacy with the math in CTAE and reading in the content areas in the CTE classes. Specifically, technical reading and writing skills. With the support staff in the CTAE office we work to ensure teachers have the PL and onsite coaching required to keep them at the top of their game. Finally, we look at our budget regularly to determine efficiencies we can make without affecting the final product. | |

| <i>Select the Strategic Plan Goals that align to the request and if known, the specific performance objective. Select all that apply.</i> | |
| Student Success: Multiple Pathways to Success for All Students | |
| 1. Increased achievement for all reporting groups on district and state assessments shows progress toward eliminating the opportunity gap. | X |
| 2. All students will make at least one year's worth of growth as measured by federal, state, and/or district assessments. | |
| 3. Historically over-represented and under-represented groups accessing services will be aligned with student need and proportionate with demographics. | |
| 4. All graduates will have engaged in at least one experience that demonstrates productive workplace skills, qualities, and behaviors and may include a work-based experience (internships, externships, formal job shadowing, etc.). (Virginia Profile of a Graduate) | X |
| 5. At least 80% of students with disabilities will spend 80% or more of their school day in a general education setting. | |
| Student Well-Being: Healthy, Safe, and Supported Students | |
| 6. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show a reduction in bullying, violence, sexual harassment, and substance use. | |
| 7. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show an improvement in mental health measures and access to mental health resources. | |
| 8. Each school will report 95% implementation of the Whole Child indicators in the areas of safe, healthy, and supportive learning environments (ASCD). | |
| 9. All students can identify at least one school-based adult who supports and encourages their academic and personal growth. | |
| 10. Disproportionality in suspension rates by race/ethnicity, students identified with a disability, and English Learners will be reduced and overall suspensions will not increase. | |
| Engaged Workforce | |
| 11. At least 95% of APS staff will respond favorably that opportunities for professional development meet their needs, as indicated on the Your Voice Matters survey. | |
| 12. At least 95% of APS staff will respond favorably on staff engagement, as indicated on the Your Voice Matters survey. | |
| 13. At least 95% of APS staff will respond favorably in areas of leadership, as indicated on the Your Voice Matters survey. | |
| 14. APS will retain a high-quality workforce, with 95% of respondents to exit surveys indicating a reason for leaving to be an external factor. | |
| 15. All staff participate in training that meets or exceeds industry standards for their position and focuses on student success and well-being. | X |
| Operational Excellence | |
| 16. APS will be Accredited by the Emergency Management Accreditation Program (EMAP). | |
| 17. Organizational operations will meet or exceed benchmarks in comparable school divisions. | |
| 18. All school and department management plans will clearly articulate the data used to write SMART goals aligned to the strategic plan. | |
| 19. All School Board policies will be up to date and will be reviewed every five years. | |
| 20. APS Departments (Finance & Management Services, Facilities & Operations, Teaching & Learning and Planning & Evaluation) will collaborate to plan innovatively, cost effectively, and within budget to meet 100% of student seat needs through both permanent and temporary facilities, based on 10-year projections. | |
| Partnerships: Strong and Mutually Supportive Partnerships | |
| 21. At least 90% of family and community engagement activities build the capacity of staff and families in capabilities (skills and knowledge), connections (networks), cognition (understanding) and confidence (a Dual Capacity-Building Framework for Family-School Partnerships). | |
| 22. At least 95% of APS families will respond favorably on student and family engagement on the Your Voice Matters. | |
| 23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships. | X |
| <i>Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?</i> | |
| Career and Technical Education provides opportunities for all students to see the relevant connections of mathematics, science, language arts, and social studies within a career pathway. Students apply mathematical principles within their competencies and expand their language arts skills by developing skills in technical reading and writing. Students also have the opportunity to participate in various work-based learning opportunities within the CTE pathways. CTE teachers participate in many professional learning opportunities in the general education area but also need to keep their industry skills up to date by participating in industry specific training. | |

| Performance Measures and Corrective Actions | |
|--|--|
| <i>Identify desired outcomes and performance metrics. What corrective actions will be taken if the program does not meet the desired outcomes or performance metrics. You must enter at least one. Please let us know if you need to enter additional performance metrics.</i> | |
| Performance Measures | Corrective Actions |
| VDOE- CTE Annual Performance Report for APS | Review three year trends in the reported data and make curriculum changes as necessary. This is part of the annual perkins review. |
| Annual monitoring reports to the School Board on CTE/Arlington Tech/Work-based learning opportunities | Review data and present to School Board either as a monitoring report presentation or document. Use data to develop office work plans and individual workplans with SMART goals. |
| Quality CTE rubrics | Review data of individual program areas to determine areas of improvement compared to a standard rubric. |

| Program/Task | Project YES (810050) |
| Core Service | Ensuring the Project Y.E.S. program is implemented in accordance with § 22.1-253.13:1. Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives. D.2. Programs based on prevention, intervention, or remediation designed to increase the number of students who earn a high school diploma and to prevent students from dropping out of school. D.9. A plan to make achievements for students who are educationally at risk a division- wide priority that shall include procedures for measuring the progress of such students. ARLINGTON PUBLIC SCHOOLS Policy A-5 Arlington Public Schools Priorities Goal: Strong and Mutually Supportive Partnerships Develop and support strong connections among schools, families, and the community to broaden opportunities for student learning, development, and growth |

Detailed Description/Organizational Impact
Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?

The Project Y.E.S. program, implemented at elementary schools across the county for students in grades 4 and 5, mission is to help students feel connected to their school and community through small group mentorships. Teacher-mentors monitor students attendance, expand students horizons past the classroom walls into their school and community, provide academic support for students, communicate regularly with parents and guardians. The Project Y.E.S. program supports the whole child, and supports students who lack a connectivity to their school that may show itself through poor attendance, frequent late arrivals to school, low production or quality of academic work, social and peer difficulties or poor self-esteem. Mentors support students and families. Mentors meet regularly with students and continually monitor the academic and social progress of Y.E.S. students with regular, consistent communication with instructional staff. School attendance, including any late arrivals to school, are also monitored and followed up on. STEM activities are incorporated into program activities.

Deliverables

List deliverables if applicable

Program successes: Each student will explore book genres and will select up to four books with teacher-mentor support that they will keep and can be used for independent reading and to building an at-home library to support literacy. Students will learn about goal setting and will set measurable goals with teacher-mentor support, either academic, social, attendance, group or personal goals, throughout the school year. Build relationships to strengthen students' connection to their school community, provide leadership opportunities through community service projects and team building activities, academic support and growth through teacher-mentor meetings and assistance with a focus on literacy and STEM, including regular communication and collaboration with classroom teachers.

Risks if not funded

Explain the risks to the organization if this request is not funded.

Students will not receive academic support, leadership opportunities, and will not strengthen connections to their school community and peers, risk of dropping out as a result of a weak connection to school, students will not have STEM and literacy focus that they currently receive during weekly meetings, connection to community and specifically students' families will not be strengthened via family events and regular, consistent communication that occurs within the program.

Mandates and Policies

List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.

Student Success: Multiple Pathways to Success for All Students: All students will be supported by a teacher-mentor throughout the school year, who will monitor attendance, academic progress, and social-emotional growth to build a support system that will strength students' connection to school.

Healthy, Safe, and Supported Students: The Project Y.E.S. program fosters the growth of the whole child by supporting and nurturing academic and social-emotional growth in a supportive environment through small group mentorships.

Alignment with School Board Direction

Select how this request aligns with the FY 2023 Adopted Budget Direction. Select all that apply.

| | |
|--|---|
| Ensure student well-being and academic progress | x |
| Identify, report, and address all students' social-emotional and academic needs | |
| Focus on literacy and math | x |
| Advance 2018-24 Strategic Plan goals with focus on innovation and equity | |
| Recruit, hire, and invest in a high-quality and diverse workforce to ensure APS is the place where talented individuals choose to work | |
| Develop phased plan to ensure all salary scales and benefits are market competitive and sustainable | |
| Establish plan and timeline to begin the collective bargaining process | |
| Improve operational efficiency | |
| Strengthen and improve system-wide operations with focus on financial sustainability | |
| Collaborate across departments to plan innovatively, cost effectively, and within budget to meet student seat needs | |
| Not Applicable | |

Provide an explanation of how this initiative aligns with the selected budget direction.

40-60% of weekly meetings focus on academics and all Project Y.E.S. programs participate in STEM activities. Reading and writing are incorporated into weekly activities and students receive Scholastic books and Scholastic magazines as a literacy focus throughout the year.

Alignment with Strategic Plan Goal(s)

Select the Strategic Plan Goals that align to the request and if known, the specific performance objective. Select all that apply.

| 21. At least 90% of family and community engagement activities build the capacity of staff and families in capabilities (skills and knowledge), connections (networks), cognition (understanding) and confidence (a Dual Capacity-Building Framework for Family-School Partnerships). | |
| 22. At least 95% of APS families will respond favorably on student and family engagement on the Your Voice Matters. | |
| 23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships. | |

Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?
 Teacher-mentors develop relationships with Y.E.S. students and their families. Mentors communicate on a regular basis with families. Mentor groups are small, with just 8-10 students that teacher-mentors meet with each week for weekly meetings. Teacher-mentors also work one-on-one with students during weekly meetings to provide academic support, for goal-setting, and to help them select right-fit books. Mentors also provide meaningful feedback to students and follow up on any academic, social-emotional or attendance concerns.

Performance Measures and Corrective Actions
 Identify desired outcomes and performance metrics. What corrective actions will be taken if the program does not meet the desired outcomes or performance metrics. You must enter at least one. Please let us know if you need to enter additional performance metrics.

| Performance Measures | Corrective Actions |
|--|--|
| attendance data | mentors monitor attendance of Y.E.S. students and follow up with school counselor and/or parents/guardians if there are concerns. |
| evaluation of school plan | Building coordinators and mentors evaluate program progress and submit documentation on key program components. These are evaluated and supports are provided as needed to ensure all aspects of the program are |
| Review of student referrals and areas of concern | Student program participation is documented in Synergy and Mentors work with students to monitor progress. Communication with classroom teacher, counselor, parents/guardians as needed. |

Goal A-5 Arlington Public Schools Priorities Goal: Strong and Mutually Supportive Partnerships Develop and support strong connections among schools, families, and the community to broaden opportunities for student learning, development, and growth. |
|---------------------|---|

Detailed Description/Organizational Impact

Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?

The program goal of Even Start is to empower parents to be more effective partners in their children's educations. To be eligible to participate students must be English learners whose children qualify for FARM benefits. Priority is given to applicants with limited formal education and other risk factors that could negatively impact their children's academic progress. Current enrollment includes parents of APS students from Barcroft, Barrett, Longbranch, Randolph, Key, Claremont, Campbell, Carlin Springs, Montessori and Hoffman Boston. Some are also parents of secondary students. 12 families bring young children to the early childhood classroom at Even Start. (Due to reduced space allocation this is down from 22 children before the pandemic.) Several current students earned HS diplomas in their home countries, some others attended some high school but didn't finish. The majority of Even Start students completed the equivalent of primary school and stopped their formal education at 11 or 12 years of age. Several of the parents only attended school for a year or two they have not had any formal education since the age of 6 or 7. The Even Start program includes the 4 components identified as best practices in family literacy:

- Adult Ed (ESL and basic literacy)
- Early Childhood Education
- Parenting class (weekly)
- PACT (Parent and Child Together) Time. This is a weekly lesson that provides parents with hands on activities to do at home to support their children's literacy development.

These program components are designed to address the opportunity gap that the school aged children in these families experience due to the parent's linguistic or educational background. Due to space limitations Even Start is currently maintaining a waitlist.

Deliverables

List deliverables if applicable

BEST PLUS and BEST Literacy Score Sheets to demonstrate student growth in English language proficiency.

Student demographic sheets including learning goals as required by AEFLA/VDOE.

Student SMART goals related to a learning objective of their child.

Student work samples including projects using instructional technology a such as slide shows, Google docs, and Nearpod.

Risks if not funded

Explain the risks to the organization if this request is not funded.

Even Start programming is designed to address vast equity issues faced by the participating families. The educational backgrounds of these adult students put their children at very high risk of academic failure. The instructional model at Even Start emphasizes the literacy development and academic progress of the K-5 family members, and provides direct services to improve the literacy levels of the adults. Without this support these parents would be less able to support their children's progress.

Mandates and Policies

List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.

APS Strategic Plan Goal 1- Student Success: Multiple pathways to Student Success

- Increase meaningful inclusive learning environments for students.
- Increase high-quality options for PreK-12 instructional models within and beyond neighborhood schools.
- Ensure equity of access and opportunity across all school programs.

The program components of Even Start provide high quality instruction for the adults and pre k students who attend, and enable the adults to better support the academic performance of their k-12 family members.

APS Strategic Goal 2-Student Well Being: Healthy, Safe and Supported Students

- Deliver curriculum through innovative and relevant instruction that is adaptable to the diverse needs of each student.
- Integrate culturally relevant concepts and practices into all levels of school interactions

APS Strategic Goal 3 - Engaged Workforce: Recruit, hire, and invest in a high-quality and diverse workforce to ensure APS is the place where talented individuals choose to work.

Five recent Even Start students have applied the English and literacy skills they developed in the program to employment within APS. They have jobs in Food Services, Extended Day, custodial staff and as lunchroom attendants. Several are exploring the possibility of taking the ParaPro test to become classroom assistants.

APS Strategic Goal 4 - Operational Excellence: Strengthen and improve system-wide operations to meet the needs of Arlington's growing and changing community.

Strategy: Manage available resources and assets efficiently, cost effectively, and equitably.

The AEFLA grant provides Even Start with all our instructional materials for Adult Education, the vast majority of our consumable materials, professional development costs, and some hourly staff pay. Many of our partnerships listed elsewhere also provide us with material resources that enhance our instruction at no cost to APS.

APS Strategic Goal 5- Partnerships: Develop and support strong connections among schools, families, and the community to broaden opportunities for student learning, development, and growth.

Strategies:

- Foster effective and meaningful collaboration among and between resources in APS and the community, including APS programs and services, student, parent, and teacher organizations, County government agencies and programs, non-profit organizations, businesses, advisory groups, and community groups.
- Build partnerships with local, state, and national businesses, organizations, and governments to support a variety of learning experiences.
- Partner with local organizations to provide wraparound services to students including healthcare, nutrition, academic, and social and emotional supports.

Even Start has long term effective partnerships with the following government entities and non-profits that provide wrap around services to the families served. These partnerships help address significant opportunity gaps the families face.

- AEFLA. The Adult Educational and Family Literacy Grant. Provides some staff funding, some professional development and all our instructional materials.

FY 2023 Zero Based Budget Form

|---------------------|----------------------------|
| Program/Task | Even Start (810060) |
|---------------------|----------------------------|

VDOE § 22.1-199.2.
 D. Local school boards shall also implement the following:
 2. Programs based on prevention, intervention, or remediation designed to increase the number of students who earn a high school diploma and to prevent students from dropping out of school. Such programs shall include components that are research-based.
 5. Early identification of students with disabilities and enrollment of such students in appropriate instructional programs consistent with state and federal law.
 Even Start improves the academic outcomes of the children of program participants by improving the language and literacy skills of all family members. Staff frequently make referrals to early intervention programs for the preK students.

VDOE § 22.1-199.2.
 D. Local School boards should also implement the following: 8. Adult education programs for individuals functioning below the high school completion level. Such programs may be conducted by the school board as the primary agency or through a collaborative arrangement between the school board and other agencies.

Alignment with School Board Direction

Select how this request aligns with the FY 2023 Adopted Budget Direction. Select all that apply.

Provide an explanation of how this initiative aligns with the selected budget direction.

science of reading, math strategies, APS policies, and good parenting practices. The program provides the parents with hands-on experience in instructional technology. The parents of the early childhood students in our program learn research-based strategies to enhance language and pre-literacy in the home. The early childhood students engage in developmentally appropriate pre-literacy and numeracy lessons. These program goals align with the school board directive to ensure student well-being and academic progress with a focus on literacy and math.

Alignment with Strategic Plan Goal(s)

Select the Strategic Plan Goals that align to the request and if known, the specific performance objective. Select all that apply.

| | |
|--|---|
| Student Success: Multiple Pathways to Success for All Students | |
| 1. Increased achievement for all reporting groups on district and state assessments shows progress toward eliminating the opportunity gap. | X |
| 2. All students will make at least one year's worth of growth as measured by federal, state, and/or district assessments. | X |
| 3. Historically over-represented and under-represented groups accessing services will be aligned with student need and proportionate with demographics. | X |
| 4. All graduates will have engaged in at least one experience that demonstrates productive workplace skills, qualities, and behaviors and may include a work-based experience (internships, externships, formal job shadowing, etc.). (Virginia Profile of a Graduate) | |
| 5. At least 80% of students with disabilities will spend 80% or more of their school day in a general education setting. | |
| Student Well-Being: Healthy, Safe, and Supported Students | |
| 6. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show a reduction in bullying, violence, sexual harassment, and substance use. | x |
| 7. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show an improvement in mental health measures and access to mental health resources. | x |
| 8. Each school will report 95% implementation of the Whole Child indicators in the areas of safe, healthy, and supportive learning environments (ASCD). | |
| 9. All students can identify at least one school-based adult who supports and encourages their academic and personal growth. | |
| 10. Disproportionality in suspension rates by race/ethnicity, students identified with a disability, and English Learners will be reduced and overall suspensions will not increase. | |
| Engaged Workforce | |
| 11. At least 95% of APS staff will respond favorably that opportunities for professional development meet their needs, as indicated on the Your Voice Matters survey. | |
| 12. At least 95% of APS staff will respond favorably on staff engagement, as indicated on the Your Voice Matters survey. | |
| 13. At least 95% of APS staff will respond favorably in areas of leadership, as indicated on the Your Voice Matters survey. | |
| 14. APS will retain a high-quality workforce, with 95% of respondents to exit surveys indicating a reason for leaving to be an external factor. | |
| 15. All staff participate in training that meets or exceeds industry standards for their position and focuses on student success and well-being. | |
| Operational Excellence | |
| 16. APS will be Accredited by the Emergency Management Accreditation Program (EMAP). | |
| 17. Organizational operations will meet or exceed benchmarks in comparable school divisions. | |
| 18. All school and department management plans will clearly articulate the data used to write SMART goals aligned to the strategic plan. | |
| 19. All School Board policies will be up to date and will be reviewed every five years. | |
| 20. APS Departments (Finance & Management Services, Facilities & Operations, Teaching & Learning and Planning & Evaluation) will collaborate to plan innovatively, cost effectively, and within budget to meet 100% of student seat needs through both permanent and temporary facilities, based on 10-year projections. | x |
| Partnerships: Strong and Mutually Supportive Partnerships | |
| 21. At least 90% of family and community engagement activities build the capacity of staff and families in capabilities (skills and knowledge), connections (networks), cognition (understanding) and confidence (a Dual Capacity-Building Framework for Family-School Partnerships). | x |
| 22. At least 95% of APS families will respond favorably on student and family engagement on the Your Voice Matters. | x |
| 23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships. | x |

Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?

Even Start has strong, ongoing partnerships with the following entities:

FY 2023 Zero Based Budget Form

| | |
|---------------------|---------------------|
| Program/Task | Even Start (810060) |
|---------------------|---------------------|

- AEFLA. The Adult Educational and Family Literacy Grant. Provides some staff funding, some professional development and all our instructional materials.
- R.E.A.D (Read Early and Daily) Provides books for our families to keep at home every month
- RIF
- AFEN (Arlington Family Engagement Network)
- Columbia Pike Library and Arlington Public Libraries
- Career Center Early Childhood program
- PIE and Childfind
- APS Adult Ed
- Department of Health and Human Services
- Parks and Recreation
- Goodwin House Assisted Living

These partnerships provide additional human and material resources that enhance program instruction. Even Start staff referrals to these programs help close the opportunity gap for families who are often under-represented in these school and community services.

Performance Measures and Corrective Actions

Identify desired outcomes and performance metrics. What corrective actions will be taken if the program does not meet the desired outcomes or performance metrics. You must enter at least one. Please let us know if you need to enter additional performance metrics.

| Performance Measures | Corrective Actions |
|--|---|
| Parents (our students) demonstrate increased proficiency in English based on the BEST PLUS test from CAL. | Regroup within instructional program, provide opportunities for reteaching. |
| Program participants identify specific educational objectives that they can help their child with based on report cards or other official measures. In collaboration with the program coordinator they develop a plan of action to be implemented at home. This action plan is in the format of a SMART goal and is similar to the approach used with families in APIT. The coordinator and student will meet about the objective during the year. | |
| Students will identify a pathway after completing the program to include educational and job opportunities provide more economic stability for their families and further enhance the literacy skills of themselves and their children. | |

Detailed Description/Organizational Impact
Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?

§ 22.1-253.13:1. Standard 1
 Career and technical education programs incorporated into the K through 12 curricula that include:
 a. Knowledge of careers and all types of employment opportunities, including, but not limited to, apprenticeships, entrepreneurship and small business ownership, the military, and the teaching profession, and emphasize the advantages of completing school with marketable skills;
 b. Career exploration opportunities in the middle school grades;
 c. Competency-based career and technical education programs that integrate academic outcomes, career guidance, and job-seeking skills for all secondary students. Programs shall be based upon labor market needs and student interest. Career guidance shall include counseling about available employment opportunities and placement services for students exiting school. Each school board shall develop and implement a plan to ensure compliance with the provisions of this subdivision. Such plan shall be developed with the input of area business and industry representatives and local comprehensive community colleges and shall be submitted to the Superintendent of Public Instruction in accordance with the timelines established by federal law;
 d. Annual notice on its website to enrolled high school students and their parents of (i) the availability of the postsecondary education and employment data published by the State Council of Higher Education on its website pursuant to § 23.1-204.1 and (ii) the opportunity for such students to obtain a nationally recognized career readiness certificate at a local public high school, comprehensive community college, or workforce center; and
 e. As part of each student's academic and career plan, a list of (i) the top 100 professions in the Commonwealth by median pay and the education, training, and skills required for each such profession and (ii) the top 10 degree programs at institutions of higher education in the Commonwealth by median pay of program graduates. The Department of Education shall annually compile such lists and provide them to each local school board.

§ 22.1-227. Board designated to carry out provisions of federal act.
 The Board of Education is designated as the State Board of Career and Technical Education to carry out the provisions of the federal Vocational Education Act of 1963, as amended, and as such shall promote and administer the provision of agriculture, business, marketing, home economics, health, technology education, trade and industrial education in the public middle and high schools, regional schools established pursuant to § 22.1-26, institutions of higher education, and other eligible institutions for youth and adults.
 For the purposes of this section, "promote" shall not be construed to mandate the implementation of any additional career and technical education programs that are not currently offered.

Deliverables
List deliverables if applicable

Student Success: Multiple Pathways to Success for All Students:
 All graduates will engage in at least one experience that demonstrates productive workplace skills, qualities, and behaviors and may include a work-based experience.
 Partnerships: Strong, Mutually Supportive Partnerships:
 The number of partnerships/volunteer opportunities will meet the needs of students, specifically in the area of internships and externships. 3. Career and technical education programs incorporated into the K through 12 curricula that include:
 a. Knowledge of careers and all types of employment opportunities, including, but not limited to, apprenticeships, entrepreneurship and small business ownership, the military, and the teaching profession, and emphasize the advantages of completing school with marketable skills;
 b. Career exploration opportunities in the middle school grades;
 c. Competency-based career and technical education programs that integrate academic outcomes, career guidance, and job-seeking skills for all secondary students. | Not Applicable | |

Provide an explanation of how this initiative aligns with the selected budget direction.

Career and Technical Education provides students opportunities to make successful connections to their academic needs. The courses have a strong tie to numeracy and literacy with the math in CTE and reading in the content areas in the CTE classes. Specifically, technical reading and writing skills. With the support staff in the CTE office we work to ensure teachers have the PL and onsite coaching required to keep them at the top of their game. Finally, we look at our budget regularly to determine efficiencies we can make without affecting the final product.

Alignment with Strategic Plan Goal(s)

Select the Strategic Plan Goals that align to the request and if known, the specific performance objective. Select all that apply.

| | |

Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?

Career and Technical Education provides opportunities for all students to see the relevant connections of mathematics, science, language arts, and social studies within a career pathway. Students apply mathematical principles within their competencies and expand their language arts skills by developing skills in technical reading and writing. Students also have the opportunity to participate in various work-based learning opportunities within the CTE pathways.

Ensuring the CTE program is implemented in accordance with § 22.1-253.13:1. Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives. D. 3. Career and technical education programs incorporated into the K through 12 curricula that include:

- Knowledge of careers and all types of employment opportunities, including, but not limited to, apprenticeships, entrepreneurship and small business ownership, the military, and the teaching profession, and emphasize the advantages of completing school with marketable skills;
- Career exploration opportunities in the middle school grades;
- Competency-based career and technical education programs that integrate academic outcomes, career guidance, and job-seeking skills for all secondary students. Programs shall be based upon labor market needs and student interest. Career guidance shall include counseling about available employment opportunities and placement services for students exiting school. Each school board shall develop and implement a plan to ensure compliance with the provisions of this subdivision. Such plan shall be developed with the input of area business and industry representatives and local comprehensive community colleges and shall be submitted to the Superintendent of Public Instruction in accordance with the timelines established by federal law;
- Annual notice on its website to enrolled high school students and their parents of (i) the availability of the postsecondary education and employment data published by the State Council of Higher Education on its website pursuant to § 23.1-204.1 and (ii) the opportunity for such students to obtain a nationally recognized career readiness certificate at a local public high school, comprehensive community college, or workforce center; and
- As part of each student's academic and career plan, a list of (i) the top 100 professions in the Commonwealth by median pay and the education, training, and skills required for each such profession and (ii) the top 10 degree programs at institutions of higher education in the Commonwealth by median pay of program graduates. The Department of Education shall annually compile such lists and provide them to each local school board.

Alignment with School Board Direction

Select how this request aligns with the FY 2023 Adopted Budget Direction. Select all that apply.

| | |

| Not Applicable | |

Provide an explanation of how this initiative aligns with the selected budget direction.

Career and Technical Education provides students opportunities to make successful connections to their academic needs. The courses have a strong tie to numeracy and literacy with the math in CTE and reading in the content areas in the CTE classes. Specifically, technical reading and writing skills. With the support staff in the CTE office we work to ensure teachers have the PL and onsite coaching required to keep them at the top of their game. Finally, we look at our budget regularly to determine efficiencies we can make without affecting the final product.

Alignment with Strategic Plan Goal(s)

Select the Strategic Plan Goals that align to the request and if known, the specific performance objective. Select all that apply.

| | |
|--|---|
| Student Success: Multiple Pathways to Success for All Students | |
| 1. Increased achievement for all reporting groups on district and state assessments shows progress toward eliminating the opportunity gap. | X |
| 2. All students will make at least one year's worth of growth as measured by federal, state, and/or district assessments. | |
| 3. Historically over-represented and under-represented groups accessing services will be aligned with student need and proportionate with demographics. | |
| 4. All graduates will have engaged in at least one experience that demonstrates productive workplace skills, qualities, and behaviors and may include a work-based experience (internships, externships, formal job shadowing, etc.). (Virginia Profile of a Graduate) | X |
| 5. At least 80% of students with disabilities will spend 80% or more of their school day in a general education setting. | |
| Student Well-Being: Healthy, Safe, and Supported Students | |
| 6. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show a reduction in bullying, violence, sexual harassment, and substance use. | |
| 7. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show an improvement in mental health measures and access to mental health resources. | |
| 8. Each school will report 95% implementation of the Whole Child indicators in the areas of safe, healthy, and supportive learning environments (ASCD). | |
| 9. All students can identify at least one school-based adult who supports and encourages their academic and personal growth. | |
| 10. Disproportionality in suspension rates by race/ethnicity, students identified with a disability, and English Learners will be reduced and overall suspensions will not increase. | |
| Engaged Workforce | |
| 11. At least 95% of APS staff will respond favorably that opportunities for professional development meet their needs, as indicated on the Your Voice Matters survey. | |
| 12. At least 95% of APS staff will respond favorably on staff engagement, as indicated on the Your Voice Matters survey. | |
| 13. At least 95% of APS staff will respond favorably in areas of leadership, as indicated on the Your Voice Matters survey. | |
| 14. APS will retain a high-quality workforce, with 95% of respondents to exit surveys indicating a reason for leaving to be an external factor. | |
| 15. All staff participate in training that meets or exceeds industry standards for their position and focuses on student success and well-being. | X |
| Operational Excellence | |
| 16. APS will be Accredited by the Emergency Management Accreditation Program (EMAP). | |
| 17. Organizational operations will meet or exceed benchmarks in comparable school divisions. | |
| 18. All school and department management plans will clearly articulate the data used to write SMART goals aligned to the strategic plan. | |
| 19. All School Board policies will be up to date and will be reviewed every five years. | |
| 20. APS Departments (Finance & Management Services, Facilities & Operations, Teaching & Learning and Planning & Evaluation) will collaborate to plan innovatively, cost effectively, and within budget to meet 100% of student seat needs through both permanent and temporary facilities, based on 10-year projections. | |
| Partnerships: Strong and Mutually Supportive Partnerships | |
| 21. At least 90% of family and community engagement activities build the capacity of staff and families in capabilities (skills and knowledge), connections (networks), cognition (understanding) and confidence (a Dual Capacity-Building Framework for Family-School Partnerships). | |
| 22. At least 95% of APS families will respond favorably on student and family engagement on the Your Voice Matters. | |
| 23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships. | X |

Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?

Career and Technical Education provides opportunities for all students to see the relevant connections of mathematics, science, language arts, and social studies within a career pathway. Students apply mathematical principles within their competencies and expand their language arts skills by developing skills in technical reading and writing. Students also have the opportunity to participate in various work-based learning opportunities within the CTE pathways.

FY 2023 Zero Based Budget Form

| | |
|-------------------------|---|
| Chief/Department | Office of Academics |
| Office | Early Childhood Office |
| Point of Contact | Elaine Perkins |
| Program/Task | Early Childhood/Pre-Kindergarten |
| Core Service | Pre-Kindergarten and Early Childhood Instruction and Program Coordination |

Detailed Description/Organizational Impact
Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?

The Early Childhood Office is responsible for the curriculum, professional learning, collaborative learning team support for PK programs across the district. Programs include: 35 Virginia Preschool Initiative classes (VPI), 17 Primary Montessori classes as well as 13 Community Peer PK (CPP) classes and 28 Early Childhood Special Education Programs (ECSE) including co-taught classes with Primary Montessori and VPI classes. The office also provides professional learning and curriculum resources and support for the Integration Station program. Our office manages the VPI grant and ECSE 619 grant. The Early Childhood Office coordinates the PK application process and lottery process in conjunction with the Welcome Center. Our office also participates in recruitment and retention activities in coordination with HR and school leadership to ensure high quality early childhood educators are hired. We are the liaison to the county-wide VPI steering committee with members from Early Head Start/Head Start, Parks and Recreation, Child Care Office and area housing agencies as well as the Early Childhood Advisory Committee (ECAC/ACTL). We also coordinate underage requests for 1st grade placement. We manage the state required local CLASS observations and meet with all teachers individually following their observation. Lastly, we provide oversight of the VKRP/ PALs assessments for PK and K for the district.

Deliverables
List deliverables if applicable

The Early Childhood Office is responsible for providing a high quality pre-k program for all of the pre-k programs in the district as well as management of assessments and progress monitoring for PK and K and underage placement for 1st grade. We ensure that our program meets the guidelines set by the Virginia Department of Education (VDOE) for VPI and ECSE. New for SY 22-23, is the requirement for all state funded programs to participate in the Ready Regions and Virginia Quality Birth-Five System. This will require APS to have local CLASS observations twice per year for all VPI and ECSE programs. The data from these observations will be entered into a state database twice per year. In addition, we are continuing our work on inclusive and high quality programming for students with disabilities. This work will improve measures on Indicator 6 and 7 in the VDOE State Performance Indicators for Special Education.

Risks if not funded
Explain the risks to the organization if this request is not funded.

If the VPI classes are not funded by grant and local funding, at risk 4 year olds would not be as prepared for kindergarten. Results of beginning of the year assessments for incoming kindergarten students from the VPI program indicate that students score higher in literacy, math and social-emotional areas than students who have not had a PK experience. If services for PK students with disabilities are not provided, APS would be out of compliance with IDEA. For FY 23, the Office of Early Childhood is requesting an additional teacher specialist position for CLASS observations. We will be mandated to have 70 local CLASS observations for VPI and 100 local CLASS observations for ECSE by VDOE. We would be at risk of losing VPI and ECSE funding if these observations are not completed.

Mandates and Policies
List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.

VDOE has guidelines on the use of VPI funds for eligible students. This includes the use of a vetted curriculum, use of PALs/VKRP assessments, professional learning, family engagement, coordinated enrollment with community partners, such as Head Start to ensure federal funding for seats in the Head Start program are filled. The guidelines also require local CLASS observations twice per year.

APS Policies and Policy Implementation Procedures (Policy J-5.3.31 Options and Transfers and PIP J-5.3.31 PIP-2 Preschool) require timelines and processes in place for the PK application and lottery to ensure access to PK programs and option schools per VDOE and APS guidelines.

The Individuals with Disabilities Act (IDEA) mandates that PK students with disabilities are provided services in the least restrictive environment. APS is building on a variety of inclusive models to meet the needs of students with disabilities.

Alignment with School Board Direction

Provide an explanation of how this initiative aligns with the selected budget direction.

All early childhood programs provide a high quality programs in order to prepare students for kindergarten. We focus on whole child development to include social-emotional learning, communication, motor skills and independence as well as focused instruction on literacy and numeracy development. Our office participates in recruitment and retention of high quality staff in early childhood. In addition, we work with the Budget Office and Planning and the Evaluation Office to ensure operational efficiency.

|---------------------|----------------------------------|
| Program/Task | Early Childhood/Pre-Kindergarten |
|---------------------|----------------------------------|

| | |
|--|---|
| 8. Each school will report 95% implementation of the Whole Child indicators in the areas of safe, healthy, and supportive learning environments (ASCD). | |
| 9. All students can identify at least one school-based adult who supports and encourages their academic and personal growth. | x |
| 10. Disproportionality in suspension rates by race/ethnicity, students identified with a disability, and English Learners will be reduced and overall suspensions will not increase. | |
| Engaged Workforce | |
| 11. At least 95% of APS staff will respond favorably that opportunities for professional development meet their needs, as indicated on the Your Voice Matters survey. | x |
| 12. At least 95% of APS staff will respond favorably on staff engagement, as indicated on the Your Voice Matters survey. | |
| 13. At least 95% of APS staff will respond favorably in areas of leadership, as indicated on the Your Voice Matters survey. | |
| 14. APS will retain a high-quality workforce, with 95% of respondents to exit surveys indicating a reason for leaving to be an external factor. | |
| 15. All staff participate in training that meets or exceeds industry standards for their position and focuses on student success and well-being. | x |
| Operational Excellence | |
| 16. APS will be Accredited by the Emergency Management Accreditation Program (EMAP). | |
| 17. Organizational operations will meet or exceed benchmarks in comparable school divisions. | |
| 18. All school and department management plans will clearly articulate the data used to write SMART goals aligned to the strategic plan. | |
| 19. All School Board policies will be up to date and will be reviewed every five years. | |
| 20. APS Departments (Finance & Management Services, Facilities & Operations, Teaching & Learning and Planning & Evaluation) will collaborate to plan innovatively, cost effectively, and within budget to meet 100% of student seat needs through both permanent and temporary facilities, based on 10-year projections. | |
| Partnerships: Strong and Mutually Supportive Partnerships | |
| 21. At least 90% of family and community engagement activities build the capacity of staff and families in capabilities (skills and knowledge), connections (networks), cognition (understanding) and confidence (a Dual Capacity-Building Framework for Family-School Partnerships). | x |
| 22. At least 95% of APS families will respond favorably on student and family engagement on the Your Voice Matters. | x |
| 23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships. | x |

Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?

Eligible PK Students will be provided a high quality program, equitable opportunities as well as positive outcomes in literacy, math and social-emotional development. Progress will be monitored as noted by APS progress reporting, report cards and PK/K PALs and VKRP assessments. In addition, students in K-2 will be monitored through DIBELS and Quarterly Math Assessments. Students eligible for accelerated programming for 1st grade, will be considered through the underage placement process for 1st grade. Additionally, the Early Childhood Office provides professional learning opportunities for all PreK staff and designs these opportunities based on needs of the programs as well as staff feedback. The Early Childhood Office supports family engagement through multiple school and county level family events. These events engage families in their child's educational program and are designed to meet the needs of the individual as well as the whole.

Performance Measures and Corrective Actions

Identify desired outcomes and performance metrics. What corrective actions will be taken if the program does not meet the desired outcomes or performance metrics. You must enter at least one. Please let us know if you need to enter additional performance metrics.

| Performance Measures | Corrective Actions |
|---|---|
| Ensure students are engaged in high quality academic and social emotional instruction. In order to do this, the EC office develops and organizes Curriculum Resources for PK including new literacy programming based on LETRS, Heggerty, Lexia while incorporating our VDOE vetted curriculum: OWLs and Learning Without Tears. Math curriculum includes Everyday Math in PK and Numbers Plus. Social-Emotional Learning resources include Conscious Discipline in VPI/ECSE and Caring Connections in all PreK programs. | VDOE requires a vetted curriculum for VPI. Curriculum for VPI is also differentiated and implemented in ECSE programming. All early childhood programs are implementing new literacy curriculum to align with APS K-2 ELA expectations. Professional learning and support via Collaborative Learning Teams (CLTs) provided. |
| Consistently implement assessment measures to monitor learning and ensure academic and social-emotional growth. Specifically the Early Childhood Office uses and monitors the completion of PK and K PALs and VKRP. | The Early Childhood Office manages the compliance with state required PALS and VKRP assessments which has results housed in a VDOE data base. Should schools, teams or individual teachers need assistance with the assessments, the Early Childhood office works collaboratively with school administration to address the area of need. Student progress is discussed during CLT meetings to monitor learning and develop future instructional plans. |
| Develop collaborative partnership with parents and inform parents/guardians of progress in school. The Early Childhood office is piloting a new PK progress report based on new Early Learning Development Standards (ELDs) from VDOE. All 2, 3 and 4 year old students in VPI and ECSE will receive a progress report to inform parents of their child's present levels of performance and current areas of strength and need. | Work closely with school teams and individual teachers to accurately report progress to families and address any areas of need. Stakeholders will be surveyed at the end of SY 21-22 to determine what changes might need to be made to the progress report to best inform parents/guardians of progress. |
| Ensure high quality student-teacher interactions through CLASS Observations as required by VDOE for VPI | Hold individual follow-up conversations with teachers/teaching teams after each observation to address areas of strength and need. Individual support provided to teachers based on observation feedback. Currently being coordinated by our office via retired APS employees. Local contractors may be used to complete observations based on processes allowed Office of Operations and counsel. |
| Improvement in the overall percentage of students in the general education setting. | Required to meet Indicator 6 in State Performance Report for Special Education. The Early Childhood Office meets with IEP teams as well as with all ECSE teachers to monitor and address this area. |
| Recruitment and retention of highly qualified early childhood and early childhood special educators | Participation in recruitment fairs, interviews with HR and elementary school leadership staff, vetting applications and resumes of interested candidates. |

FY 2023 Zero Based Budget Form

| | |
|-------------------------|--|
| Chief/Department | Office of Academics |
| Office | Educational Technology and Programs |
| Point of Contact | Amy Jackson |
| Program/Task | Educational Technology/Increase digital pedagogy |
| | Provide oversight and programmatic decision making regarding educational technology for PK-12 and support student learning and instructors' professional growth through the use of educational technology. |

Detailed Description/Organizational Impact
Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?

The Office of Educational Technology and Programs is mandated by the Virginia Department of Education to support the State Technology Plan. ITCs support student learning and teacher professional growth. This request should not require additional increases.

Deliverables
List deliverables if applicable

1. Technology Strategic Plan 2. Digital Pedagogy training for educators 3. Professional learning on APS technologies and tools (productivity suites-Google & Microsoft; Learning Management Systems,) 4. Differentiated learning opportunities for students.

Risks if not funded
Explain the risks to the organization if this request is not funded.

If not funded, we will be out of compliance with VDOE mandate of 1 ITC per 1000, but is in the process of being revised to be 1 ITC per 500. The Office of EdTech also supports the implementation of the Computer Science SOLs and Digital Citizenship standards.

The Office of Educational Technology also supports the implementation of the Computer Science SOLs and Digital Citizenship standards.

Mandates and Policies
List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.

VDOE Administering Technology Standards of Quality: Standards of Quality
 § 22.1-253.13:1. Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives. (SOL include "proficiency in the use of computers and related technology")
 § 22.1-253.13:2. Standard 2. Instructional, administrative, and support personnel. (ITRT and Technical Support positions required)
 § 22.1-253.13:3. Standard 3. Accreditation, other standards, assessments, and releases from state regulations. (SOA includes technology integration)
 § 22.1-253.13:4. Standard 4. Student achievement and graduation requirements. (virtual course requirement for diploma)
 § 22.1-253.13:5. Standard 5. Quality of classroom instruction and educational leadership. (all instructional personnel "proficient in the use of educational technology consistent with its comprehensive plan for educational technology"; professional development offered "designed to facilitate integration of computer skills and related technology into the curricula" and "technology applications to implement the Standards of Learning")
 § 22.1-253.13:6. Standard 6. Planning and public involvement. (requirement for state technology plan and division technology plans aligned to state plan)

Alignment with School Board Direction
Select how this request aligns with the FY 2023 Adopted Budget Direction. Select all that apply.

| | |
|--|---|
| Ensure student well-being and academic progress | |
| Identify, report, and address all students' social-emotional and academic needs | X |

| Not Applicable | |

Provide an explanation of how this initiative aligns with the selected budget direction.

The Office of Educational Technology and the Instructional Technology Coordinators (ITCs) provide instructional delivery supports to educators PK-12, to help achieve the goals of the Profile of a Virginia Graduate and to increase student engagement in literacy and math. The ITCs provide coaching, co-teaching, modeling, and lesson plan support to educators to increase pedagogy practices and provide differentiation for students through the use of technology applications and digital instructional strategies. By increasing educator knowledge and digital competencies in digital pedagogy, educators are able to provide individualized learning plans and supports for students. The Office of Educational Technology strives to decrease inequitable practices that hinder student access to digital technologies and programing through coding, digital technologies, and access to digital products and services.

Alignment with Strategic Plan Goal(s)
Select the Strategic Plan Goals that align to the request and if known, the specific performance objective. Select all that apply.

| | |
|--|---|
| Student Success: Multiple Pathways to Success for All Students | |
| 1. Increased achievement for all reporting groups on district and state assessments shows progress toward eliminating the opportunity gap. | X |
| 2. All students will make at least one year's worth of growth as measured by federal, state, and/or district assessments. | X |
| 3. Historically over-represented and under-represented groups accessing services will be aligned with student need and proportionate with demographics. | |
| 4. All graduates will have engaged in at least one experience that demonstrates productive workplace skills, qualities, and behaviors and may include a work-based experience (internships, externships, formal job shadowing, etc.). (Virginia Profile of a Graduate) | X |

| 22. At least 95% of APS families will respond favorably on student and family engagement on the Your Voice Matters. | |
| 23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships. | |

Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?

Through the use of digital technologies and tools, teachers can provide individualized supports for students to close the achievement gap on a personalized basis, these tools also allow teachers the flexibility to provide enrichment and acceleration for students in areas of strength, and increase the amount of remediation and supports students have access to. Through the use of digital technologies and tools students can be measured consistently to provide data points towards federal, state, and/or district assessments without taking additional instructional time from the instructional day. The implementation of digital pedagogy into instructional delivery allows educators to provide real world and work-based experiences in the classroom environment for students. Students are able to collaborate, critically think, engage beyond the curriculum and walls of their school buildings to discover new concepts, deepen knowledge areas, and create products and services to create solutions to real world problems. The Office of Educational Technology & Programs provides professional learning opportunities for all staff on the digital tools and technologies provided to APS; productivity suites, learning management systems, and student support systems.

Performance Measures and Corrective Actions
Identify desired outcomes and performance metrics. What corrective actions will be taken if the program does not meet the desired outcomes or performance metrics. You must enter at least one. Please let us know if you need to enter additional performance metrics.

| Performance Measures | Corrective Actions |
|---|--|
| Increase the use of digital pedagogy through instructional delivery | Review the methodology of adult learning theory and revamp the coaching model to support teachers more effectively |
| Implement the Division Educational Technology Plan | Request the assistance of the VDOE technology department to assist with reviewing and auditing the Educational Technology Plan |
| Creating a workforce (ITCs) that is knowledgeable of current educational technology practices | Provide training opportunities to support the enhancement of the staff of the Office of Educational Technology |

| Chief/Department | Academics |
| Office | ELA |
| Point of Contact | Lori Silver and Sarah Cruz |
| Program/Task | Provisioning schools with ELA resources and assessments for literacy instruction and student success |
| Core Service | To provide oversight and programmatic decision-making regarding literacy for grades PreK-12. |

Detailed Description/Organizational Impact

Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?

It is the purview of the ELA Office to provision APS schools and programs with assessments, curriculum, resources, and professional learning to further our current literacy initiatives, to achieve student outcomes of high levels of proficiency and growth in reading, writing, speaking, and listening. Over the last five years, our longitudinal trends with data and assessments (both on standardized and literacy screeners) have demonstrated that our students are lacking growth in foundational literacy skills, particularly for our opportunity gap students when compared to their APS peers. It is within the five-year plan of the ELA Office to engage in up-to-date provisioning of resources for teachers and students to align with the tenets and principals of structured literacy as well as evidence-based practices grounded in the body of research on the science of reading. In addition to the allocation of new resources, updating assessments (to DIBELS), and providing high-level and targeted professional learning to our educators (teachers, interventionists, and administrators) is essential to ensure that our work is impactful and results in positive change for our students. The ELA Office anticipates that budget planning will entail new budget requests over time to account for costs of professional learning opportunities and onboarding new teachers each year, as well as continually provisioning consumable items. The Office is also responsible for providing resources to Early Childhood, Special Education, and EL teachers, and determining intervention resources alongside ATSS. Purchasing plans also necessitate budget increases that are not always predictable, based upon changing legislation and state requirements for literacy instruction and accountability.

Deliverables

List deliverables if applicable

As an overview, the ELA Office delivers to schools and programs, grades PreK-12: Assessments (DIBELS, RI, PBA); curriculum and instructional resources; and professional learning to general education teachers, interventionists, and administrators. (The deliverables are itemized with descriptions below.)

Risks if not funded

Explain the risks to the organization if this request is not funded.

If our requests are not funded, we will need to pursue additional grant opportunities, or we will not be able to provide highly impactful deliverables to our schools. We will not be able to address equity issues of instruction, nor will we be aligned with current, evidence-based practices for instruction in the area of literacy. Our Teachers College Units of Study (at the elementary level) have been deemed extremely weak (based upon a recent EdReport: https://www.edreports.org/reports/overview/units-of-study-2018?utm_medium=email&utm_source=paridot&utm_campaign=unitsofstudy-bigideas-mathinfocus-oct-2021), and not replacing the Units of Study in Reading and Writing is highly detrimental instructional context for our students.

Mandates and Policies

List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.

School Board Policy: I.1.33 Teacher and Learning Goals: Arlington Public Schools is committed to educational equity and to providing instruction, supports and services to enable every student to achieve maximum growth, to contribute to society as global citizens, and to feel able to make creative, innovative, and constructive decisions.

Support, Resources, and Differentiation

Arlington Public Schools provides instructional strategies that:

1. Are relevant, engaging, and challenging;
2. Develop in-depth understanding;
3. Are based on current evidence-based best practices research;
4. Differentiate based upon student challenges, interests, and abilities;
5. Utilize high quality instructional materials and resources;
6. Recognize the value of diverse cultures and backgrounds; and
7. Extend beyond the classroom.

HB410: Parental notice; literacy and Response to Intervention screening and services; certain assessment results. Requires each local school board to enact a policy to require that timely written notification is provided to the parents of any student who (i) undergoes literacy and Response to Intervention screening and services or (ii) does not meet the benchmark on any assessment used to determine at-risk learners in preschool through grade 12, which notification shall include all such assessment scores and subscores and any intervention plan that results from such assessment scores or subscores.

HB1865: Certain students in kindergarten through grade 3; reading intervention services. Requires reading intervention services for students in kindergarten through grade three who demonstrate deficiencies based on their individual performance on the Standards of Learning reading test or any reading diagnostic test that meets criteria established by the Department of Education to be evidence-based, including services that are grounded in the science of reading, and include explicit, systematic, sequential, and cumulative instruction, to include phonemic awareness, systematic phonics, fluency, vocabulary development, and text comprehension as appropriate based on the student's demonstrated reading deficiencies. The bill requires the parent of each student who receives such reading intervention services to be notified before the services begin and the progress of each such student to be monitored throughout the provision of services.

HB1181: "Local school divisions shall provide reading intervention services to students in kindergarten through grade three who demonstrate deficiencies based on their individual performance on the Standards of Learning reading test or any reading diagnostic test that meets criteria established by the Department of Education. Local school divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis, at a time to be determined by the Superintendent of Public Instruction. Each student who receives early intervention reading services will be assessed again at the end of that school year. The local school division, in its discretion, shall provide such reading intervention services prior to promoting a student from grade three to grade four. Reading intervention services may include the use of: special reading teachers; trained aides; volunteer tutors under the supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct in-class groups while the teacher provides direct instruction to the students who need extra assistance; and extended instructional time in the school day or school year for these students. Funds appropriated for prevention, intervention, and remediation; summer school remediation; at-risk; or early intervention reading may be used to meet the requirements of this subdivision".

Local Alternative Assessment: 5th Grade Writing.

Based upon current VDOE guidelines, the 5th Grade Assessment is administered as part of the Local Alternative Assessment Plan.

EOC Writing - Performance-Based Assessments (3 Year Initiative)

APS students will be creating writing portfolios over the next three years to meet the requirements the Local Performance Assessment to Verify Credits in Writing. This VDOE mandate, as well as directive from Dr. Durán, requires extensive professional learning for teachers, technical logistics and support from Information Services; and collaboration across the ELA Office, OSE, OEL, and the Office of Assessment. Time will also need to be included in the academic calendar for teachers to score student writing, which will necessitate planning for substitute teacher coverage, OR stipends for teachers to score student work, off of contract hours.

FY 2023 Zero Based Budget Form

| | |
|---------------------|--|
| Program/Task | Provisioning schools with ELA resources and assessments for literacy instruction and student success |
|---------------------|--|

Focus on Professional Learning: LETRS (Language Essentials for Teachers of Reading and Spelling):
 LETRS is an approved and supported professional learning opportunity promoted by the VDOE.

The ELA Office is collaborating with the Office of Professional Learning to provide teachers with high-quality professional learning opportunities for APS educators in the area of literacy. Title II funding has been used to purchase the professional learning text and resources for elementary administrators, a cohort of reading specialists, and a cohort of EL teachers.

Alignment with School Board Direction

| Strengthen and improve system-wide operations with focus on financial sustainability | |
| Collaborate across departments to plan innovatively, cost effectively, and within budget to meet student seat needs | X |
| Not Applicable | |

Provide an explanation of how this initiative aligns with the selected budget direction.

Our current ELA resources do not meet the needs of all students, as evidenced by our longitudinal PALS and SOL data. Our trends for student achievement are not demonstrating positive gains, and the number of students requiring intervention is increasing over time. This requires us to evaluate the instructional impact of our current resources, and to shift to purchases and budgetary planning to specifically meet the needs of all students through solid core instruction. Our data also indicates that our opportunity gap students are not making expected progress and gains. Aligning our budgetary needs and strategic planning to the body of research on the science of reading and evidence-based practices should increase our student outcomes and their literacy proficiencies across the division, grades PreK-12.

Alignment with Strategic Plan Goal(s)

Select the Strategic Plan Goals that align to the request and if known, the specific performance objective. Select all that apply.

| | |
|--|---|
| Student Success: Multiple Pathways to Success for All Students | |
| 1. Increased achievement for all reporting groups on district and state assessments shows progress toward eliminating the opportunity gap. | X |
| 2. All students will make at least one year's worth of growth as measured by federal, state, and/or district assessments. | X |
| 3. Historically over-represented and under-represented groups accessing services will be aligned with student need and proportionate with demographics. | X |
| 4. All graduates will have engaged in at least one experience that demonstrates productive workplace skills, qualities, and behaviors and may include a work-based experience (internships, externships, formal job shadowing, etc.). (Virginia Profile of a Graduate) | |
| 5. At least 80% of students with disabilities will spend 80% or more of their school day in a general education setting. | |
| Student Well-Being: Healthy, Safe, and Supported Students | |
| 6. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show a reduction in bullying, violence, sexual harassment, and substance use. | |
| 7. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show an improvement in mental health measures and access to mental health resources. | |
| 8. Each school will report 95% implementation of the Whole Child indicators in the areas of safe, healthy, and supportive learning environments (ASCD). | |
| 9. All students can identify at least one school-based adult who supports and encourages their academic and personal growth. | |
| 10. Disproportionality in suspension rates by race/ethnicity, students identified with a disability, and English Learners will be reduced and overall suspensions will not increase. | |
| Engaged Workforce | |
| 11. At least 95% of APS staff will respond favorably that opportunities for professional development meet their needs, as indicated on the Your Voice Matters survey. | X |

| 13. At least 95% of APS staff will respond favorably in areas of leadership, as indicated on the Your Voice Matters survey. | |
| 14. APS will retain a high-quality workforce, with 95% of respondents to exit surveys indicating a reason for leaving to be an external factor. | |
| 15. All staff participate in training that meets or exceeds industry standards for their position and focuses on student success and well-being. | X |
| Operational Excellence | |
| 16. APS will be Accredited by the Emergency Management Accreditation Program (EMAP). | |
| 17. Organizational operations will meet or exceed benchmarks in comparable school divisions. | |
| 18. All school and department management plans will clearly articulate the data used to write SMART goals aligned to the strategic plan. | X |
| 19. All School Board policies will be up to date and will be reviewed every five years. | |
| 20. APS Departments (Finance & Management Services, Facilities & Operations, Teaching & Learning and Planning & Evaluation) will collaborate to plan innovatively, cost effectively, and within budget to meet 100% of student seat needs through both permanent and temporary facilities, based on 10-year projections. | |
| Partnerships: Strong and Mutually Supportive Partnerships | |
| 21. At least 90% of family and community engagement activities build the capacity of staff and families in capabilities (skills and knowledge), connections (networks), cognition (understanding) and confidence (a Dual Capacity-Building Framework for Family-School Partnerships). | |
| 22. At least 95% of APS families will respond favorably on student and family engagement on the Your Voice Matters. | |
| 23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships. | |

Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?

The operations and strategic planning of the ELA Office are primarily directed towards increased student achievement in the area of literacy. These budget items specifically address the division needs in the areas of assessment, curriculum, instruction, resources, and professional learning.

Performance Measures and Corrective Actions

FY 2023 Zero Based Budget Form

| | |
|-------------------------|---|
| Chief/Department | Office of Academics |
| Office | Office of English Learners |
| Point of Contact | Terri Murphy |
| Program/Task | English Learners |
| Core Service | Managment of English Learners' Services |

Detailed Description/Organizational Impact

Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?

APS provides federally required English learner (EL) Services (federally known as Language Instruction Educational Program - LIEP) to about 5000 ELs each year. The Office of English Learners (OEL) provides guidance, training and support for the nearly 200 EL Teachers, 12 EL Resource Teachers, 7 EL Counselors, 36 EL Instructional Assistants and 33 Bilingual Family Liaisons (BFLs). In addition to supporting staff whose main responsibility is English learners, OEL provides support, guidance and instructional resources to general education teachers and administrators. This ranges from classroom visits and observations to professional learning opportunities for the general education teachers, SPED teachers, administrators, counselors, librarians, etc. OEL works in collaboration with other offices in the Office of Academics including monthly or quarterly meetings with English language arts, mathematics, social studies, science and the Language Services Registration Center (LSRC). OEL works with other departments such as Human Resources (to secure the best teaching talent) and Information Services (to manage student data and instructional software).

The Director of the Office of English Learners also oversees the Arlington Education and Employment Program (REEP). REEP provides English classes to adults in listening, speaking, reading and writing. The REEP curriculum integrates language, U.S. Culture, digital literacy, community involvement, and workforce preparation into all course instruction. REEP serves approximately 1500 adult learners each year, with students representing 80 different countries. Since 1975, REEP has helped more than 90,000 adult English language learners from more than 110 countries. APS parents make up 25% of REEP's student population. REEP provides tuition-based classes staffed by paid teachers as well as free walk-in classes staffed by volunteers. Although REEP is primarily funded through grants and tuition fees, REEP receives in-kind support from APS in the form of classroom space, equipment and some administrative services. REEP staff also follow APS personnel guidelines and expectations.

Deliverables

List deliverables if applicable

English Learners (ELs), including ELs with disabilities, must receive their required English learner services. At a minimum that is at least a daily period or instructional block (and at least two periods or instructional blocks for ELP Levels 1 and 2) of ESL taught by an ESL-Certified Teacher for all APS students eligible for English learner services and who have not opted out of services. Professional learning regarding best practices for working with English learners is provided by OEL. These trainings are for EL teachers, general education and SPED teachers, administrators, intructional assistants, bilingual family liaisons, EL counselors, librarians and other APS staff. For example, in April and May of 2021, a total of 27 trainings were conducted by OEL for general education teachers regarding various aspects of sheltered content instruction. Additionally, the OEL provides EL staff with instructional tools and resources.

REEP's tuition-based program provides intensive language instuction with classes meeting 4-5 days a week for a total of 10-15 hours per week. Prior to registering for a REEP class, students must take an exam to determine their level of English proficiency and class placement. REEP's teachers are trained in best practices for adult ESL instruction and assessment, and they are also required to comply with APS safety training requirements. REEP also provides free, walk-in classes staffed by volunteers in locations in Arlington County as well as Integrated Education and Training (IET) classes. The IET classes enable adult students to earn industry recognized certificates, including certifications to become a Child Development Associate (CDA) and a Microsoft Office Specialist.

Risks if not funded

Explain the risks to the organization if this request is not funded.

As stated below, APS is under obligation to fully fund English learner (EL) services using local funding. Not fully funding EL services would put APS out of compliance with ESSA Title III as well as the DOJ Settlement Agreement.

REEP depends on APS for administrative services, building space and equipment in order to meet program goals. If these services were not provided, REEP would be in danger of not being able to fund and administer the program. Given that 25% of REEP students are parents of APS students, the absence of the program would also have a neagive impact on family literacy outcomes for many APS families.

Mandates and Policies

List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.

English learner services are federally required in the Every Student Succeeds Act (ESSA) Title III. Services are provided to help students reach their fullest academic potential, obtain a meaningful educational experience, and meet challenging state and local academic standards. In addition to ESSA, APS is currently under a Settlement Agreement with the U.S. Department of Justice that states that APS "will provide all ELs, including ELs with disabilities, at least a daily period or instructional block (and at least two periods or instructional blocks for ELP Levels 1 and 2) of ESL taught by an ESL-Certified Teacher." Lastly, in the Supreme Court decision Lau v. Nichols (1974) it was ruled that schools must provide English learners access to the curriculum as school systems "are responsible for assuring that students of a particular race, color, or national origin are not denied the opportunity to obtain the education generally obtained by other students in the system."

REEP's adult English learner services are provided in compliance with the federal Workforce Innovation and Opportunity Act (WIOA). Each state must comply with the WIOA, which assists job seekers in accessing the employment, education, training, and support services they need to meet employers' requirements and succeed in the labor market. Title II of WIOA, the Adult Education and Family Literacy Act (AEFLA), funds adult education and skills development programs that accelerate achievement of diplomas and credentials among American workers, including immigrants and individuals with limited English language skills. AEFLA funds are provided to the VDOE and distributed in turn to local programs through the state. As an AEFLA grantee, REEP must meet the AEFLA accountability and performance objectives.

| | |
|---------------------|------------------|
| Program/Task | English Learners |
|---------------------|------------------|

The core work of the OEL is to support instruction for English learners toward the goal of academic language proficiency in English, which requires the integration of English language development and academics across all content areas, including literacy and math. As the OEL looks to the future with the development and implementation of a 5-year plan, the department will continue to align with APS's Strategic Plan by seeking innovative ways to ensure the English Learners have equitable access to APS's curriculum, programs, and resources. A key strategy in ensuring this ongoing, continuous improvement of the OEL is to support the recruitment of teachers and staff skilled in meeting the needs of diverse learners and supporting the operational efficiency of the district through collaboration with other departments, programs, and stakeholder groups.

REEP provides integrated service to adults who are learning English as a second language, 25% of whom are also the parents of APS students. By ensuring that these parents are able to read, speak, write and comprehend English, the program enhances the ability of these parents to support their children's education. Additionally, by providing career training and certification to parents, REEP increases the likelihood that the parents will find employment and be able to provide a more stable and secure home for their families.

Alignment with Strategic Plan Goal(s)

Select the Strategic Plan Goals that align to the request and if known, the specific performance objective. Select all that apply.

| 23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships. | |

Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?

The OEL supports English learners' academic progress through the allocation of staffing units and the provision of high-quality instructional resources and professional learning opportunities. Additionally, the OEL monitors the implementation of EL services throughout the division. Services provided by the Office of English learners and EL staff in schools facilitate EL's advancement toward meeting and/or exceeding expectations on federal, state and district assessments, thereby narrowing gaps in performance between ELs and other student groups. The OEL also provides monitoring and guidance to improve EL access to special programs and services, such as special education, gifted services, and extracurricular activities. Through the allocation of EL Counselors uniquely qualified to provide social-emotional and academic guidance to ELs, the OEL ensures that ELs have the support of caring adults in the school environment. The Latino Youth Leadership Conference provides opportunities for ELs to develop career readiness. Through the provision of Bilingual Family Liaisons the OEL promotes family engagement in schools.

The 25% of REEP students who are also APS parents are acquiring listening, speaking, reading and writing skills in English that will enhance ability to support their children's learning across content areas. Their acquisition of new language skills also increases the likelihood that the parents will feel confident engaging with school staff and forming positive partnerships in their children's school communities.

Performance Measures and Corrective Actions

Identify desired outcomes and performance metrics. What corrective actions will be taken if the program does not meet the desired outcomes or performance metrics. You must enter at least one. Please let us know if you need to enter additional performance metrics.

| Performance Measures | Corrective Actions |
|--|---|
| English learners (ELs) will attain academic language proficiency in the areas of listening, speaking, reading and writing in alignment with WIDA standards and progress on the WIDA Access for ELLs language proficiency assessment. | The OEL will provide professional learning opportunities, consultation with school staff, instructional resources and support for family engagement toward the goal of improving English language development outcomes for ELs. |
| English learners will meet local, State and Federal expectations for learning and achievement as measured by the Virginia Standards of Learning (SOLs) in reading, writing, math, science and social studies. | The OEL will collaborate with APS's curriculum and instruction teams to provide support to campuses in identified areas of need through professional learning opportunities, consultation with school staff, and the provision of instructional resources. |
| The Office of English Learners will ensure that English learners have access to rigorous course work and special programs, including Special Education, Section 504 and gifted education services. | The OEL will collaborate with APS's special programs departments and campus teams to monitor student participation in special programs, identify barriers to inclusion, and provide targeted support and resources to overcome barriers. |
| The Office of English learners will provide opportunities for families, community, and staff to form partnerships in support of the success and well-being of English learners. The OEL will also seek opportunities to build capacity of APS staff to engage and build relationships with the families of English learners. | The OEL will collaborate with APS advisory councils, including the Advisory Council on English Learners, the Superintendent's Committee for Immigration and Refugees to identify needs and develop strategies for building partnerships. Additionally, the OEL will support the allocation of staff and resources to campuses in support of building relationships with English learner families. |

FY 2023 Zero Based Budget Form

| Program/Task | English Learners |
|--|--|
| The Office of English learners will ensure that English learners, including EL students with limited or interrupted formal education, are supported in planning for post-secondary college and/or careers success. | The OEL will work with APS's counseling department, school based EL counselors, bilingual family liaisons and other staff to identify areas and provide resources and programming to increase ELs' post-secondary readiness. |
| The number of students enrolled in the REEP program will continue to grow towards pre-pandemic levels. | REEP will re-evaluate advertising, recruitment, and registration practices to ensure that outreach efforts attract prospective students and that students are able to efficiently complete the registration process. |
| The REEP program will support adult learners in making progress toward English language proficiency in the areas of listening, speaking, reading and writing as measured by performance on Virginia's state approved assessments for measuring English language proficiency in adult learners. | The REEP team will analyze student performance data, reevaluate instructional practices, adjust the curriculum as needed, and provide professional learning to the instructional staff in order to address areas of need and improve instructional outcomes. |
| The REEP program will prepare adult learners for future employment as measured by the measurable skill gains, including English proficiency and industry certs. | The REEP will analyze data regarding the number of students making measurable skill gains, reevaluate their instructional practices, adjust the curriculum as needed, and provide professional learning to staff in order to address areas of need and improve outcomes. |

Funding Requirements

| Line Item | Item | Existing? | Description | Amount | FTEs | FTE Cost | Cost Center | Object |
|-----------|----------------------------------|-----------|---|-----------|-------|----------|-------------|--------|
| 1 | EL Specialist (Elementary) | YES | The EL Specialist (ES) supports all elementary schools and the nearly 90 EL teachers at elementary. With a focus on curriculum, instruction and assessment of ELs, this position also supports general education teachers, SPED teachers and administrators in how to best support ELs. | | 1.00 | | 802000 | 41244 |
| 2 | EL Specialist (Secondary) | YES | The EL Specialist (Secondary) supports all middle and high schools and the nearly 85+ EL teachers at secondary. With a focus on curriculum, instruction and assessment of ELs, this position also supports general education teachers, SPED teachers and administrators in how to best support ELs. | | 0.50 | | 802000 | 41244 |
| 5 | EL Specialist | YES | This EL specialist position provides expertise to support dually identified (SPED-EL) students, including working closely with the EL Resource Teachers who support dually identified students. In addition, this position manages the Bilingual Family Liaison (BFLs); EL Counselors; and the LYLC (see below for details). This position also supports general education teachers, SPED teachers and administrators in how to best support dually identified ELs; ELs experiencing trauma and EL family engagement. | | 1.00 | | 802000 | 41244 |
| 6 | Director | YES | The Director leads the OEL. The position oversees the US Department of Justice Settlement Agreement with the APS as well as the OEL 5 Year Plan. The Director supports APS teachers, administrators, school based and central office staff in their support of 5000 ELs and their families. | | 1.00 | | 802000 | 41318 |
| 7 | Supervisor | YES | The Supervisor manages the OEL. The position manages the OEL staff and supports instruction for ELs. The Supervisor supports APS teachers, administrators, school based and central office staff in their support of 5000 ELs and their families. | | 1.00 | | 802000 | 41356 |
| 8 | EL Teachers | YES | Elementary (89.6); Secondary(85.5); There are 175.1FTE EL Teachers (which includes EL Resource Teachers). Of those 175.1, 15.6 are paid with OEL funds. The number of EL Teachers and EL Resource Teachers is based on planning factors and fluctuate with the changing EL population of each school. | | 15.60 | | 802000 | 41254 |
| 9 | EL Counselors | YES | Gunston (.5); Hamm (.5); Jefferson (.4) Kenmore (.4); Swanson (.2); W-L (1.5); Wakefield (1.6); Yorktown (.5); Career Center (.5); ACHS (.5); Langston (.5) | | 7.00 | | 802000 | 41219 |
| 11 | EL Instructional Assistants/Aide | YES | Elementary (31.0); Secondary(4.5); There are 35.5FTE EL Instructional Assistants. Of those, only 4.5FTE are funded by OEL. The elementary EL Instructional Assistants are based on a planning factor and fluctuate with the changing EL population of each school. | | 4.50 | | 802000 | 41375 |
| 12 | Inservice Professional | YES | Funds to support required and essential professional learning for EL teachers and general education teachers, some of which is required under the DOJ Settlement Agreement. These funds also cover PRAXIS reimbursement for secondary content and K-12 sped teachers. | \$263,160 | | | 802000 | 41220 |
| 13 | Teacher Hourly | YES | Funds to pay supplemental staff to support special projects, such as curriculum writing, training development and facilitation, and proctoring assessments. | \$8,670 | | | 802000 | 41230 |
| 14 | Substitute-Professional Leave | YES | Funds to provide substitute teachers to cover classes while classroom teachers participate in required and essential professional learning activities. | \$5,100 | | | 802000 | 41295 |
| 15 | Translator Hourly | YES | Funds to provide translation services for families during school activities, events, and meetings, some of which is required by the DOJ Settlement Agreement. | \$4,080 | | | 802000 | 41333 |

FY 2023 Zero Based Budget Form

| Program/Task | | English Learners | | | | | | |
|--|-----------------------------------|------------------|---|------------------|--------------|-----------|--------|-------|
| 16 | Professional Inservice | YES | Funds to support essential professional learning activities for EL teachers and general education teachers, including training required by the DOJ Settlement Agreement. | \$300,000 | | | 802000 | 43430 |
| 17 | Program Costs | YES | Latino Youth Leadership Conference (LYLC) - For 28 years the LYLC has provided Latino students at the secondary level an opportunity for leadership development, exposure to professionals in a variety of careers and for developing a sense of pride in speaking Spanish. Typically about 225 students, from grades 8-12, participate and are treated to a day of experiences that will enhance and impact their academic, personal and professional lives; Consulting Service for 5-Year Plan (\$80,000) | \$2,043 | | | 802000 | 43433 |
| 19 | Contract Services | YES | LYLC Venue - The conference is housed at George Mason University Arlington Campus in order to give students an experience in a college setting. | \$3,700 | | | 802000 | 43544 |
| 20 | Printing and Duplicating Services | YES | Funds to support the printing of parent notifications as required by Title III of ESSA. | \$4,220 | | | 802000 | 43587 |
| 21 | Transportation | YES | LYLC (Charter buses and schools buses for LYLC) - Students are transported to and from all middle and high schools to GMU Arlington Campus. School buses are used when possible, but due to time of day, charter busses are used to return high school students to their schools. | \$2,800 | | | 802000 | 45472 |
| 22 | Travel Professional | YES | Funds to support departmental staff travel to professional learning events outside of the Washington metropolitan area. | \$3,000 | | | 802000 | 45478 |
| 23 | Postage | YES | Funds to support the mailing of parent notifications as required by Title III of ESSA. | \$6,500 | | | 802000 | 45585 |
| 24 | Instructional Materials | YES | Funds to support instructional resources that assist English learners in developing English language proficiency and meeting academic standards. | \$7,425 | | | 802000 | 46506 |
| 26 | Supplies General Office | YES | Funds required to purchase general office supplies needed to support the administration of the Office of English Learners. | \$500 | | | 802000 | 46519 |
| 28 | Testing Materials | YES | Funds required to purchase materials to administer English language proficiency assessments as required by Title III of ESSA. These are federally required assessments and must be paid for with local funds. | \$3,500 | | | 802000 | 46532 |
| 29 | Supply & Textbook Reserve | YES | Funds to support instructional resources that assist English learners in developing English language proficiency and meeting academic standards. | \$3,241 | | | 802000 | 46533 |
| 30 | Meals & Snacks | YES | LYLC (description above)- Lunches are provided for the full day conference for all of the student participants, their school based chaperones and all career workshop presenters | \$3,400 | | | 802000 | 46725 |
| 33 | Administrative Specialist | Yes | Support the office of English learners with various clerical tasks. Assist with tracking office finances and processing requisitions, including general operating funds and the Title III budget. Enter and track training information in Frontline. Perform other duties as assigned. | | 1.00 | | 801000 | 41309 |
| Total | | | | \$621,339 | 32.60 | | | |
| FY 2022 Budget (excludes one-time funded items) | | | | \$388,039 | 32.10 | | | |
| FY 2023 Baseline Increase Request | | | | \$233,300 | 0.50 | | | |
| 3 | EL Specialist (Secondary) | NO | This .5FTE was removed in the 2021-22 budget. The Board agreed that it would be removed for one year and returned to OEL in 2022-23. Regaining this position in 2022-23 is critical to be able to implement the 5 Year Plan, particularly as needs relating to curriculum and instruction for ELs at secondary are addressed. 2021-22 has been a difficult year due to this .5 reduction. | | 0.50 | | 802000 | 41244 |
| 10 | EL Counselors | NO | To be shared by MSs and HSs; EL Counselor staffing is based on number of students and need at each school. It is adjusted each year to meet the needs of schools. In light of mental health challenges experienced by immigrant students, we are requesting additional staff. | | 3.00 | \$293,613 | 802000 | 41219 |
| 18 | Consultant Fees | NO | Funds to support consulting services toward the development and implementation of a 5-year strategic plan for the Office of English Learners. This cost would be incurred annually across the 5-year course of the plan. | \$85,000 | | | 802000 | 43565 |

FY 2023 Zero Based Budget Form

| Program/Task | | English Learners | | | | | | |
|---|-------------------|------------------|--|--------------------|--------------|--|------------------|-------|
| 31 | Computer Software | NO | REEP - Upgrade REEP's registration software, AceWeb, to a platform that allows for the synchronization of course registration and payment. The Adult Education program currently uses the enhanced platform, and REEP can be added to their platform for \$4,000. This is about \$13,000 cheaper than purchasing separate access to the platform for REEP. If this request is unfunded REEP staff will incur more personnel costs and time spent manually synchronizing two systems. | \$4,000 | | | 802000 | 46517 |
| 32 | Teacher Hourly | NO | REEP - Compensate REEPs O-scale teachers for completing required APS health and safety compliance training. Currently, the teachers are required to complete training on their own time without compensation. | \$7,300 | | | 802000 | 41230 |
| FY 2023 New Request | | | | \$1,338,978 | 68.70 | | \$293,613 | |
| FY 2023 Total Requested Increase | | | | \$1,572,278 | 69.20 | | \$293,613 | |

| Additional Funding from Grants and Restricted Program | | | | | | | | | |
|---|------------------|-----------|---|--------|------|----------|-------------|--------|--|
| Line Item | Item | Existing? | Description | Amount | FTEs | FTE Cost | Cost Center | Object | |
| TITLE III Funded Positions | | | | | | | | | |
| 1 | EL Specialist | | SIOP Coach and EL Early Childhood Specialist (Title III) - This position supports all general education teachers, librarians and other school staff in their learning about SIOP and supporting ELs in their classes. In addition, this position supports all of the early childhood programs in APS with support for their dual language learners. This includes professional learning and observations. | | 1.00 | 111,098 | 802000 | 41208 | |
| 2 | Data Coordinator | | Data Coordinator (Title III) - This position supports OEL, other offices in The Office of Academics and schools with data retrieval and analysis of data pertinent to ELs. In addition, this position supports schools with student data in Synergy. | | 1.00 | 114,324 | 802000 | 41244 | |

FY 2023 Zero Based Budget Form

| | |
|---------------------|---|
| Program/Task | Provide high quality K-12 gifted services and talent development to all Arlington Public Schools administrators, teachers and students (Academic K-12 & Arts grades 3-12) |
|---------------------|---|

| | |
|---|--|
| Improve operational efficiency | |
| Strengthen and improve system-wide operations with focus on financial sustainability | |
| Collaborate across departments to plan innovatively, cost effectively, and within budget to meet student seat needs | |
| Not Applicable | |

Provide an explanation of how this initiative aligns with the selected budget direction.

- Ensure student well-being and academic progress: Gifted Services focuses on creating structures to support the social emotional learning of gifted and all learners through Thrivers Canvas course, Habits of Mind and resources for the Social Emotional Canvas course such as Jacob's Ladder Affective resources; focus on building digital portfolios to measure growth over time and to show potential when giving ongoing opportunities and support to historically underrepresented learners
- Advance 2018-2024 Strategic Plan goals with focus on innovation and equity: Gifted Services focuses on the bedrock of a talent development model using the three As: Access (access to engaging and rigorous curricular experiences for all learners with support as needed), Affirmation (building confidence with ongoing success on rigorous task and seeing people who look like you as part of your intellectual peer group) and Advocacy (the school system becomes advocates for students in providing ongoing access and affirmation to historically underrepresented groups in gifted education to reduce the opportunity and excellence gap)
- Focus on literacy and math: Gifted Services has identified high quality curricular resources written for gifted learners in these areas and collaborates with ELA, Math, Special Education, EL office so all teachers and students have access to resources to challenge and engage all learners in a talent development model;
- Recruit, hire, and invest in high-quality staff of resource teachers for the gifted and provide ongoing mentoring and professional learning (coaching adults, resources and strategies written for gifted learners)

Alignment with Strategic Plan Goal(s)

Select the Strategic Plan Goals that align to the request and if known, the specific performance objective. Select all that apply.

| | |
|--|-------------------------------------|
| Student Success: Multiple Pathways to Success for All Students | |
| 1. Increased achievement for all reporting groups on district and state assessments shows progress toward eliminating the opportunity gap. | <input checked="" type="checkbox"/> |
| 2. All students will make at least one year's worth of growth as measured by federal, state, and/or district assessments. | <input checked="" type="checkbox"/> |
| 3. Historically over-represented and under-represented groups accessing services will be aligned with student need and proportionate with demographics. | <input checked="" type="checkbox"/> |
| 4. All graduates will have engaged in at least one experience that demonstrates productive workplace skills, qualities, and behaviors and may include a work-based experience (internships, externships, formal job shadowing, etc...). (Virginia Profile of a Graduate) | |
| 5. At least 80% of students with disabilities will spend 80% or more of their school day in a general education setting. | |
| Student Well-Being: Healthy, Safe, and Supported Students | |
| 6. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show a reduction in bullying, violence, sexual harassment, and substance use. | |
| 7. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show an improvement in mental health measures and access to mental health resources. | |
| 8. Each school will report 95% implementation of the Whole Child indicators in the areas of safe, healthy, and supportive learning environments (ASCD). | |
| 9. All students can identify at least one school-based adult who supports and encourages their academic and personal growth. | <input checked="" type="checkbox"/> |
| 10. Disproportionality in suspension rates by race/ethnicity, students identified with a disability, and English Learners will be reduced and overall suspensions will not increase. | |
| Engaged Workforce | |
| 11. At least 95% of APS staff will respond favorably that opportunities for professional development meet their needs, as indicated on the Your Voice Matters survey. | <input checked="" type="checkbox"/> |
| 12. At least 95% of APS staff will respond favorably on staff engagement, as indicated on the Your Voice Matters survey. | <input checked="" type="checkbox"/> |
| 13. At least 95% of APS staff will respond favorably in areas of leadership, as indicated on the Your Voice Matters survey. | <input checked="" type="checkbox"/> |
| 14. APS will retain a high-quality workforce, with 95% of respondents to exit surveys indicating a reason for leaving to be an external factor. | |
| 15. All staff participate in training that meets or exceeds industry standards for their position and focuses on student success and well-being. | <input checked="" type="checkbox"/> |
| Operational Excellence | |
| 16. APS will be Accredited by the Emergency Management Accreditation Program (EMAP). | |
| 17. Organizational operations will meet or exceed benchmarks in comparable school divisions. | |
| 18. All school and department management plans will clearly articulate the data used to write SMART goals aligned to the strategic plan. | |
| 19. All School Board policies will be up to date and will be reviewed every five years. | |
| 20. APS Departments (Finance & Management Services, Facilities & Operations, Teaching & Learning and Planning & Evaluation) will collaborate to plan innovatively, cost effectively, and within budget to meet 100% of student seat needs through both permanent and temporary facilities, based on 10-year projections. | |
| Partnerships: Strong and Mutually Supportive Partnerships | |
| 21. At least 90% of family and community engagement activities build the capacity of staff and families in capabilities (skills and knowledge), connections (networks), cognition (understanding) and confidence (a Dual Capacity-Building Framework for Family-School Partnerships). | |
| 22. At least 95% of APS families will respond favorably on student and family engagement on the Your Voice Matters. | |
| 23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships. | |

Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?

Student Success: Multiple Pathways to Success for All Students

1. Increased achievement for all reporting groups on district and state assessments shows progress toward eliminating the opportunity gap.
2. All students will make at least one year's worth of growth as measured by federal, state, and/or district assessments.
3. Historically over-represented and under-represented groups accessing services will be aligned with student need and proportionate with demographics.

- Gifted Services reviews multiple data points and targets professional learning and specific interventions to schools to find and service historically underrepresented groups for gifted services. Shift to Young Scholars and talent development and guide work in schools around three As of Access, Affirmation and Advocacy.

Student Well-Being: Healthy, Safe, and Supported Students

9. All students can identify at least one school-based adult who supports and encourages their academic and personal growth.

- Gifted Services designs opportunities for teachers to learn more about the social emotional needs of their learners via Canvas Thrivers course, Affective Jacob's Ladder resource, Habits of Mind and other Critical and Creative Thinking Strategies.

FY 2023 Zero Based Budget Form

| | |
|---------------------|---|
| Program/Task | Provide high quality K-12 gifted services and talent development to all Arlington Public Schools administrators, teachers and students (Academic K-12 & Arts grades 3-12) |
|---------------------|---|

Engaged Workforce

11. At least 95% of APS staff will respond favorably that opportunities for professional development meet their needs, as indicated on the Your Voice Matters survey.
12. At least 95% of APS staff will respond favorably on staff engagement, as indicated on the Your Voice Matters survey.
13. At least 95% of APS staff will respond favorably in areas of leadership, as indicated on the Your Voice Matters survey.
15. All staff participate in training that meets or exceeds industry standards for their position and focuses on student success and well-being.

• Gifted Services uses Frontline Gifted Services Evaluation (engagement data) to guide professional learning opportunities which earns highly recommend standards meets of administrators and teachers. Professional learning is designed based on best practices for adult learning and aligns to National Professional Learning Standards. Gifted Services uses a reflective feedback look to continue to adjust learning opportunities for RTGs professional growth.

Performance Measures and Corrective Actions

Identify desired outcomes and performance metrics. What corrective actions will be taken if the program does not meet the desired outcomes or performance metrics. You must enter at least one. Please let us know if you need to enter additional performance metrics.

| Performance Measures | Corrective Actions |
|---|--|
| Referral and Identification Data by School, Gender, Ethnicity, SWD, ELs: Identify historically underrepresented populations for gifted learners using holistic case study approach (local norms with multiple ability and achievement assessments, digital portfolio to measure growth overtime when given higher level thinking opportunities, gifted behavior commentary to capture | Oversight of Screening and Identification by School; refine screening and identification professional learning and data dives on gap areas |
| Cluster data by School and Credit Roster (gifted points) by School | Increased and refined professional learning and communication to administrators, counselors, and teachers on the research of cluster grouping and the need for gifted learners to be with intellectual peers and with a teacher who understands the needs of diverse gifted learners |
| Gifted Services Professional Learning Data on Frontline offerings (Gifted Services Professional Learning Cycles on curriculum written for gifted & critical and creative thinking strategies; webinars from the experts in the field of gifted education; school based book studies and focus sessions | Use Gifted Services Frontline Evaluation to adjust professional learning opportunities based on feedback from multiple stakeholder groups |

FY 2023 Zero Based Budget Form

| | |
|---------------------|---|
| Program/Task | Health, Physical and Driver Education & Middle and High School Athletics; Family Life Education |
|---------------------|---|

Not Applicable

Provide an explanation of how this initiative aligns with the selected budget direction.

- 38. Continue to provide professional development on latest content & best instructional practices; support teachers; use current science to align content with SOLs; use data sources to inform relevant instruction
- 39. Continue to use survey data (Wellness, YRBS, Arlington PCYF Reports, CDC, etc.); work with Student Services and School Counselors on instructional strategies/lessons; provide activities/athletics to allow students the opportunities for wellbeing
- 41. Provide education, trainings and restorative practices around Equity/'Hate Speech' for secondary student athletes
- 42. Continue to interview, screen and recruit HPE teachers and athletic coaches
- 47. Continue work with Facilities and Operations to meet student needs for HPE & Athletics

Alignment with Strategic Plan Goal(s)

Select the Strategic Plan Goals that align to the request and if known, the specific performance objective. Select all that apply.

| | |
|--|--|
| <p>Student Success: Multiple Pathways to Success for All Students</p> <ul style="list-style-type: none"> 1. Increased achievement for all reporting groups on district and state assessments shows progress toward eliminating the opportunity gap. 2. All students will make at least one year's worth of growth as measured by federal, state, and/or district assessments. 3. Historically over-represented and under-represented groups accessing services will be aligned with student need and proportionate with demographics. 4. All graduates will have engaged in at least one experience that demonstrates productive workplace skills, qualities, and behaviors and may include a work-based experience (internships, externships, formal job shadowing, etc.). (Virginia Profile of a Graduate) 5. At least 80% of students with disabilities will spend 80% or more of their school day in a general education setting. | <input type="checkbox"/> <input checked="" type="checkbox"/> <input type="checkbox"/> <input checked="" type="checkbox"/> <input type="checkbox"/> |
| <p>Student Well-Being: Healthy, Safe, and Supported Students</p> <ul style="list-style-type: none"> 6. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show a reduction in bullying, violence, sexual harassment, and substance use. 7. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show an improvement in mental health measures and access to mental health resources. 8. Each school will report 95% implementation of the Whole Child indicators in the areas of safe, healthy, and supportive learning environments (ASCD). 9. All students can identify at least one school-based adult who supports and encourages their academic and personal growth. 10. Disproportionality in suspension rates by race/ethnicity, students identified with a disability, and English Learners will be reduced and overall suspensions will not increase. | <input type="checkbox"/> <input checked="" type="checkbox"/> <input checked="" type="checkbox"/> <input checked="" type="checkbox"/> <input checked="" type="checkbox"/> |
| <p>Engaged Workforce</p> <ul style="list-style-type: none"> 11. At least 95% of APS staff will respond favorably that opportunities for professional development meet their needs, as indicated on the Your Voice Matters survey. 12. At least 95% of APS staff will respond favorably on staff engagement, as indicated on the Your Voice Matters survey. 13. At least 95% of APS staff will respond favorably in areas of leadership, as indicated on the Your Voice Matters survey. 14. APS will retain a high-quality workforce, with 95% of respondents to exit surveys indicating a reason for leaving to be an external factor. 15. All staff participate in training that meets or exceeds industry standards for their position and focuses on student success and well-being. | <input type="checkbox"/> <input checked="" type="checkbox"/> <input checked="" type="checkbox"/> <input checked="" type="checkbox"/> <input checked="" type="checkbox"/> |
| <p>Operational Excellence</p> <ul style="list-style-type: none"> 16. APS will be Accredited by the Emergency Management Accreditation Program (EMAP). 17. Organizational operations will meet or exceed benchmarks in comparable school divisions. 18. All school and department management plans will clearly articulate the data used to write SMART goals aligned to the strategic plan. 19. All School Board policies will be up to date and will be reviewed every five years. 20. APS Departments (Finance & Management Services, Facilities & Operations, Teaching & Learning and Planning & Evaluation) will collaborate to plan innovatively, cost effectively, and within budget to meet 100% of student seat needs through both permanent and temporary facilities, based on 10-year projections. | <input type="checkbox"/> <input type="checkbox"/> <input checked="" type="checkbox"/> <input checked="" type="checkbox"/> <input checked="" type="checkbox"/> |
| <p>Partnerships: Strong and Mutually Supportive Partnerships</p> <ul style="list-style-type: none"> 21. At least 90% of family and community engagement activities build the capacity of staff and families in capabilities (skills and knowledge), connections (networks), cognition (understanding) and confidence (a Dual Capacity-Building Framework for Family-School Partnerships). 22. At least 95% of APS families will respond favorably on student and family engagement on the Your Voice Matters. 23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships. | <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> |

Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?

1 & 2. HPE & Athletics provide opportunities for personal fitness/wellness development. APS has performed well on state fitness tests and in high levels of athletic competition.
 4. Students will learn CPR/1st Aid that will lead to employment opportunities such as babysitting, lifeguarding, etc.
 6, 7, 8 & 9 The HPE curriculum addresses the needs of the whole child. This instruction provides SEL, strategies to reduce stress and opportunities to connect with a trusted adult.
 11, 12, 13, 14, & 15 HPE central office has provided multiple opportunities for staff to check-in with the supervisor and teacher specialist. The supervisor has an open-door policy and regularly meets with HPE teachers to address their concerns and student needs. The supervisor also actively recruits HPE candidates outside of the HR events to provide high quality staffing. HPE was a participant in the 1st Cultivating Genius cohort and has begun professional development opportunities with teachers to meet the needs of ALL students.
 18, 19 & 20 HPE writes annual SMART goals based on data relative to content and other data sources (YRBS, ACYF). The HPE supervisor participates in facility planning and design to meet student needs.

Performance Measures and Corrective Actions

Identify desired outcomes and performance metrics. What corrective actions will be taken if the program does not meet the desired outcomes or performance metrics. You must enter at least one. Please

| Performance Measures | Corrective Actions |
|--|---|
| Provide professional development for health, physical and driver education teachers and athletic trainers | Follow VDOE guidance Follow the National Athletic Trainers Association guidance and the Virginia Athletic Trainers Association Provide more professional development offerings, including teacher choice of areas for their improvement |
| Align curriculum with the VDOE standards of learning for physical, driver and health education | Follow VDOE guidance Conduct professional development to help teachers align their instruction |
| Provide instruction, guidance, strategies for administering the Virginia Wellness Related Fitness Tests | Follow VDOE guidance & national testing protocol Conduct professional development opportunities to share testing strategies |
| Provide schedules and guidance for middle school sports | Align with the high school program Align with the APS calendar to avoid schedule conflicts |
| Provide guidance and liaison to middle and high school athletic staff from central office and state agencies | Attend state and local meetings to be updated on current trends, issues and safety measures |

FY 2023 Zero Based Budget Form

| Program/Task | Health, Physical and Driver Education & Middle and High School Athletics; Family Life Education |
|---|---|
| Gather participation data on both middle and high school athletic programs - used to inform start-up & removal requests | Continue to gather data, assist schools to fill programs with low participation |
| Align curriculum with the VDOE standards of learning for family life education | Follow VDOE guidance and framework |
| Provide professional development for family life education | Follow VDOE guidance & use reputable resources Conduct professional development to help teachers align their instruction |
| Provide training for individuals delivering family life education | Design comprehensive & scaffolded trainings for both in-person and virtual models |
| Provide aquatics instruction to both elementary and high school students (gr. 3, 4, 9, & 10) | Work with APS Aquatics & best instructional industry practices on the delivery of aquatic safety |
| Provide bicycle safety to elementary students (gr. 2, 3, & 4) | Follow VDOE guidance as well as Safe Routes to School for best instructional practice on bicycle safety |
| Provide diversity, equity and inclusion professional development to both middle and high school athletic programs | Work with APS Office of DEI to provide resources, trainings and sessions to secondary athletic staff |
| Provide diversity, equity and inclusion activities (education, awareness, restorative practices) to both middle and high school athletic programs | Work with APS Office of DEI to provide resources, trainings and sessions to secondary athletes and families |

Funding Requirements

| Line Item | Item | Existing? | Description | Amount | FTEs | FTE Cost | Cost Center | Object |
|------------------|---------------------------------|------------------|--|---------------|-------------|-----------------|--------------------|--------------------|
| 1 | Supervisor | Yes | Leads the development of curriculum Supports teachers and schools with implementation of instructional practices Screens HPE teacher candidates Liaison to state specialist in VDOE Maintains APS Driver Education program (cars, VDOE approval, PD, etc.) Creates MS Athletic schedules, attends/manages county tournaments/championships Negotiates all athletic officials contracts prior to forwarding to Finance Provides PD for athletic trainers Manages/revises concussion protocol for all secondary athletics Creates schedules for aquatics and bicycle safety | | 1.00 | | 801090 | 41356 |
| 2 | Specialist | Yes | Supports teachers and schools Participates in curriculum development Conducts professional development Maintains supplementary programs specific to HPE (ie. bicycle safety) | | 1.00 | | 801090 | 41244 |
| 4 | Coaching Stipends | Yes | Stipends are based on % of T-scale and used for no-cut sports Schools submit requests for additional coaching positions based on these sports being a no-cut sport and having large rosters on these teams | \$70,000 | | | 801090 | 41207 |
| 5 | Curriculum Work | yes | Funds to pay teachers to work on the revision of the following VDOE SOL revisions: Family Life Education (full revision, not done for last 37 years!); Driver Education; Physical Education | \$12,000 | | | 801090 | 41210 |
| 7 | Teacher Hourly | yes | Funds used to pay teachers for driver education behind the wheel (BTW) instruction outside of contract hours. Since all 3 high schools have driver education classes, more students will be participating in the BTW instruction. | \$27,000 | | | 801090 | 41230 |
| 8 | Substitute - Professional Leave | yes | Funds are used for teachers attending/presenting at state/national conferences or post season athletic competition | \$1,200 | | | 801090 | 41295 |
| 9 | Athletic Trainer Stipend | Yes | Current Athletic Trainers stipends at \$4732 per HS for each season (3) | \$42,588 | | | HPE School Account | HPE School Account |
| 10 | Program Costs | yes | Without textbooks for the last 20 years, these funds provide minimal support to curriculum changes and updates. Health is a science with frequent discoveries and the curriculum is regularly adjusted. | \$5,000 | | | 801090 | 43433 |
| 11 | Printing & Duplication Cost | yes | These funds support the MS athletic championships to create large scale graphics of seeding charts. | \$150 | | | 801090 | 43587 |
| 12 | Equipment Repairs | yes | These funds support the HS reconditioning of football and lacrosse equipment and district purchases of new safety (required) equipment. Recent safety changes that are mandated in some equipment have caused increased expenses. The latest change is adding a protective layer to lacrosse shoulder pads to protect the heart against cardiac commoto cordis (disruption of heart rhythm) - these pads cost over \$14,000. | \$15,000 | | | 801090 | 43885 |
| 13 | Registration Fees | yes | Fees support staff attendance at state conferences for athletic trainers, driver ed and HPE. All 3 HS have a Driver Ed program and will have more teachers attending the state conference. | \$5,000 | | | 801090 | 45458 |

FY 2023 Zero Based Budget Form

| Program/Task | | Health, Physical and Driver Education & Middle and High School Athletics; Family Life Education | | | | | | |
|--------------|--|---|---|------------------|-------------|--|--------|----------------|
| 14 | Transportation | yes | Transportation for HS athletic teams/student athletes qualifying for post season competition. Commercial buses are used. With increasing gas/fuel prices, these trips will cost more. These funds also support the crew post season travel (out of state) - each HS receives \$9,000 for crew. | \$50,000 | | | 801090 | 45472 |
| 15 | Travel Professional Student Activities | yes | This account pays for the HS athletic team/student athletes lodging and meals for post season competition. | \$10,000 | | | 801090 | 45478 45466 |
| 16 | Virginia High School League Membership | yes | This account pays for the HS athletic teams membership in the state association. | \$22,000 | | | 801090 | 45489 |
| 17 | Official Fees - Athletic Events | yes | This account pays for the MS athletic competitions. Officials contracts have small increases in rates/fees. The account also pays helps support the HS post season officials fees. | \$22,000 | | | 801090 | 45581 |
| 18 | School Supplies | yes | These funds support the repair and purchase of equipment that is used by all grades in a level (s). Examples include CPR manikins, Heart Rate Monitors, Elementary Bike program(Since APS is no longer applying for teh Safe Routes to School grant, APS will need to absorb the costs to replace and maintain this program.) | \$35,000 | | | 801090 | 46516 |
| 19 | General Office Supplies | yes | These funds support the needs of central office staff - office supplies. | \$500 | | | 801090 | 46519 |
| 20 | Computer Equipment/ Software | yes | These funds support the athletic training software for injury management, concussion testing and wellness tracking. It also provides equipment replacement for athletic trainers to perform concussion management. | \$25,000 | | | 801090 | 46528 |
| 21 | Meals & Snacks | yes | These funds have provided meals for full day trainings for both students and staff. APS has started a district Student Athletic Leadership Council that has 3 meetings/year and funds pay for lunch during full day events. | \$1,000 | | | 801090 | 46725 |
| Total | | | | \$343,438 | 2.00 | | | |

| | | | | | | | | |
|--|--|--|--|------------------|-------------|--|--|--|

| | | | | | | | | |
|--|--|--|--|-----------------|-------------|--|--|--|
| FY 2023 Baseline Increase Request | | | | \$59,750 | 0.00 | | | |
|--|--|--|--|-----------------|-------------|--|--|--|

| | | | | | | | | |
|----|--|----|---|-----------|------|----------|--------------------|--------------------|
| 3 | Administrative Assistant | No | Provides clerical support to HPE & Athletics Handles all financial processes for HPE & Athletic Liaison to staff, schools and families about program **Shared administrative assistant with Library Services | | 1.00 | \$71,375 | 801000 | 41309 |
| 6 | InService Professional Development | no | Funds needed for full Family Life Education Revision | \$5,000 | | | 801090 | 41220 |
| 9a | Athletic Trainer Stipend - increases the current athletic trainer stipends | No | Athletic Trainers are healthcare professionals that have a license with the Virginia Board of Medicine. They have annual professional development to maintain in order to practice in Virginia. These stipends support the work that athletic trainers do outside of the contract hours - evening events, weekends, pre-season and holiday (no school) coverage. These stipends should be in comprehensive high school accounts. The stipends will be in the school accounts and based at the 16.4% or highest amount. \$7642 x 3. The current PIP and criteria doesn't apply to the athletic trainer position due to it requirements from state code and Virginia Board of Medicine. Given this information, the highest stipend (16.4%) should be allocated to the athletic trainer for each season(3) at each of 3 HS. | \$26,190 | | | HPE School Account | HPE School Account |
| 22 | Athletic Trainer 1 | No | This request is to increase funds and change the primary athletic trainer (ATC1) from a .5 T-scale to E-scale that is comparable to neighboring positions (Fairfax - \$60,500; Loudoun - \$54,750; Prince William - \$51,430; Alex - \$55,00-\$89,400). These positions are located in the school staffing and would allow these individuals to work a 210 day contract that extends outside the T scale calendar and work before the school year starts, weekends, and holidays). One position at each comprehensive high school. The change in scale would allow the individual to perform the necessary duties to get the job done without being held to a T scale contract and work day requirements | \$161,487 | 3.00 | | School Account | 41273 |

FY 2023 Zero Based Budget Form

| Program/Task | | Health, Physical and Driver Education & Middle and High School Athletics; Family Life Education | | | | | | |
|---|---|---|--|------------------|-------------|-----------------|----------------|-------|
| 23 | Athletic Trainer 2 | No | This request is to increase funds and change the part time athletic trainer (ATC2) from a .2 T-scale to .5 T-scale that is comparable to neighboring positions (Fairfax - \$19,300; Loudoun - n/a Prince William - n/a; Alex - \$11,400). These positions are located in the school staffing and would allow these individuals to work a the T scale calendar and work before the school year starts, weekends, and holidays). One position at each comprehensive high school. These positions are VERY often vacant due to the low salary. High school athletics have increased with levels and sports thus requiring more coverage. The original .2 position was added to address concussion management. With the increase in participation in sports, it is necessary to have another position however the current .2 is not enough to attract qualified candidates. The turnover rate is VERY high and often not filled leaving the head athletic trainer to cover all events and working 5-6 full days and evenings. The substitute rate is miserably insufficient and staff can't get athletic trainers to work for such a low rate. | \$88,084 | 1.50 | | School Account | 41273 |
| 24 | Athletic Trainer Substitute Hourly Rate | No | This is a pay plan rate currently at \$15.59/ hr - this is an embarrassment who individuals who hold a college degree and license with the Virginia Board of Medicine comparable to a Physical Therapist. VERY OFTEN school athletic trainers can't find athletic trainers to sub for them due to the low rate of pay. Other districts have a more respectable rate and APS needs to adjust to the proposed rate in this budget. (Fairfax - \$29.37; Loudoun- \$41.40; Alex - \$32.23 Prince William - n/a) | 35/hour | | | Pay Plan | 41273 |
| 25 | Diversity, Equity & Inclusion | No | These funds support Restorative Practice work in athletics to include speakers, stipends, materials and professional development. | | | | | |
| 25a | Inservice Costs - Professional | No | Restorative Practice funds are used in the work in athletics to include speakers, stipends, materials and professional development. FY 2023 Zero Based Budget Form

| | |
|-------------------------|---|
| Chief/Department | Office of Academics |
| Office | Homebound and Home Instruction |
| Point of Contact | Mary Beth Pelosky |
| Program/Task | Homebound and Home Instruction Services |
| Core Service | Oversight, coordination of Home Instruction services for all school aged children residing in Arlington County whose families have elected to provide Home Instruction and for students who have been found eligible to receive instruction at home rather than in person at a school site. |

Detailed Description/Organizational Impact
Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?

Responsible for oversight, coordination and administration of Homebound and Home based Services for students within the school division in accordance with the Arlington Public School Board policies and procedures. Serve as the Liaison for the Superintendent, according to VDOE guidelines, responsible for oversight, coordination and administration of Home Instruction services for all school age children residing in Arlington County whose parents/guardians have elected to provide Home Instruction. This is in order to meet compliance requirements for all regulations for the school division according to the Arlington Public School Board policy and procedures. There will be expected increase in the budget in the out-years, to include, but not limited to: re-classification of the position for 11 or 12 months, clerical support, the procurement of two full time, special education certified teachers dedicated to meeting state and division wide compliance with delivery of services to students who have been found eligible to receive special education services. Additionally, the rate of pay for homebound/homebased teachers should be reviewed to be competitive/ in alignment with local school jurisdictions.

Deliverables
List deliverables if applicable

1. Personnel. 2. Hire Homebound teachers. 3. Support school leadership teams and instructional staff in delivery of instructional as liaison between family, student and school teams. 4. Review, update and maintain handbooks and websites for Home Instruction and Homebound Services. 5. Provide onboarding for teachers new to Homebound services. 6. Ensure all local and state policies and timelines are met for Home Instruction and Homebound Services.

Explain the risks to the organization if this request is not funded.

Arlington Public Schools will not be in compliance with Virginia State Code and Board Policies With the expected continuance of COVID related variants and parent choice re: vaccination or not, the number of parents requesting Home Instruction and counseling re: curriculum choices, is expected to continue. In the 20-21 academic year, the number of students enrolled in HI was up close to 300 students. Parent/guardians of students who are home schooled traditionally require much counseling and direction in terms of VDOE approved curriculum, the Evidence of Academic Achievement guidelines and Limited Services Plan components. Homebound teachers require professional guidance and training, including, but not limited to: instructional strategies, equitable access and opportunities for students and instructional delivery. Staffing and Funding for the program is insufficient to ensure compliance and meeting of state imposed deadlines for, both programs and in particular, Home Instruction. Compliance concerns with the Homebound Program exist in meeting the needs of the learners according to state and division policy. The lack of teachers and increased number of students/ school teams seeking Homebound or Homebased services is increasing. Limited clerical support and competing timeframes for deadlines for Home Instruction further complicate proper record keeping and assessment.

Mandates and Policies
List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.

J- 5. 3.2 APS Policy: Home Instruction Clearly states/ provides all relevant documents and details for requesting Home Instruction according to county and state guidelines. Ensures transparency with rights and responsibilities for parents/ guardians, school leadership teams and the Liaison for Home Instruction for Evidence of Academic Achievement and re-entry into the school division.
 J-5.3.2 PIP-1 Policy Implementation Procedures: See previous descriptor
 Homebound School Board Policy 25-4.2 See previous descriptor with addition of compliance with Special Education.
 VDOE requirements Eligibility for Homebound Services – (Medical) “Homebound Instruction,” means academic instruction provided to students who are confined at home in a health care facility for periods that would prevent normal school attendance based upon certification of need by a licensed physician or licensed clinical psychologist. For a child with a disability, the IEP team shall determine the delivery of services, including the number of hours of services. (Regulations Establishing Standards for Accrediting Public Schools in Virginia, 8VAC20-131-180)
 VDOE Requirements for Home Instruction - In Virginia, parents must ensure that a child attends school in compliance with the state compulsory attendance law, as specified in § 22.1-254This link takes you out of the Virginia Department of Education website of the Code of Virginia, when the child has reached his 5th birthday on or before September 30 of any school year and has not passed his 18th birthday. The compulsory attendance law requires, unless the child falls within one of the specified exceptions § 22.1-254This link takes you out of the Virginia Department of Education website, that the child attend a private or public school or receive an education through one of the other Code alternatives to school attendance. Home instruction (also referred to as home schooling) is one alternative to school attendance. Parents may home school “when the requirements of § 22.1-254.1This link takes you out of the Virginia Department of Education website of the Code have been satisfied.”

Alignment with School Board Direction
Select how this request aligns with the FY 2023 Adopted Budget Direction. Select all that apply.

| | |
|--|---|
| Ensure student well-being and academic progress | x |
| Identify, report, and address all students’ social-emotional and academic needs | x |

| Advance 2018-24 Strategic Plan goals with focus on innovation and equity | x |
| Recruit, hire, and invest in a high-quality and diverse workforce to ensure APS is the place where talented individuals choose to work | x |
| Develop phased plan to ensure all salary scales and benefits are market competitive and sustainable | x |
| Establish plan and timeline to begin the collective bargaining process | |
| Improve operational efficiency | x |
| Strengthen and improve system-wide operations with focus on financial sustainability | |
| Collaborate across departments to plan innovatively, cost effectively, and within budget to meet student seat needs | |
| Not Applicable | |

Provide an explanation of how this initiative aligns with the selected budget direction.

The duties and responsibilities inherent with these two positions align closely with the School Board focus and strategic goals. The focus on literacy and math is clearly present as both programs focus on core classes and credits towards graduation. There are areas of needed growth in terms of hiring highly qualified teachers for the Homebound and Homebased programs. Operational efficiency is needed via a part time registrar affiliated with both programs as well as administrative support for the considerable management of files and legal records.

Alignment with Strategic Plan Goal(s)
Select the Strategic Plan Goals that align to the request and if known, the specific performance objective. Select all that apply.

| | |
|--|---|
| Student Success: Multiple Pathways to Success for All Students | |
| 1. Increased achievement for all reporting groups on district and state assessments shows progress toward eliminating the opportunity gap. | X |
| 2. All students will make at least one year’s worth of growth as measured by federal, state, and/or district assessments. | x |
| 3. Historically over-represented and under-represented groups accessing services will be aligned with student need and proportionate with demographics. | X |
| 4. All graduates will have engaged in at least one experience that demonstrates productive workplace skills, qualities, and behaviors and may include a work-based experience (internships, externships, formal job shadowing, etc.). (Virginia Profile of a Graduate) | |
| 5. At least 80% of students with disabilities will spend 80% or more of their school day in a general education setting. | |

FY 2023 Zero Based Budget Form

| | |
|---|---|
| Program/Task | Homebound and Home Instruction Services |
| Student Well-Being: Healthy, Safe, and Supported Students | |
| 6. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show a reduction in bullying, violence, sexual harassment, and substance use. | X |
| 7. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show an improvement in mental health measures and access to mental health resources. | X |
| 8. Each school will report 95% implementation of the Whole Child indicators in the areas of safe, healthy, and supportive learning environments (ASCD). | |
| 9. All students can identify at least one school-based adult who supports and encourages their academic and personal growth. | |
| 10. Disproportionality in suspension rates by race/ethnicity, students identified with a disability, and English Learners will be reduced and overall suspensions will not increase. | |
| Engaged Workforce | |
| 11. At least 95% of APS staff will respond favorably that opportunities for professional development meet their needs, as indicated on the Your Voice Matters survey. | |
| 12. At least 95% of APS staff will respond favorably on staff engagement, as indicated on the Your Voice Matters survey. | |
| 13. At least 95% of APS staff will respond favorably in areas of leadership, as indicated on the Your Voice Matters survey. | |
| 14. APS will retain a high-quality workforce, with 95% of respondents to exit surveys indicating a reason for leaving to be an external factor. | X |
| 15. All staff participate in training that meets or exceeds industry standards for their position and focuses on student success and well-being. | X |
| Operational Excellence | |
| 16. APS will be Accredited by the Emergency Management Accreditation Program (EMAP). | |
| 17. Organizational operations will meet or exceed benchmarks in comparable school divisions. | |
| 18. All school and department management plans will clearly articulate the data used to write SMART goals aligned to the strategic plan. | |
| 19. All School Board policies will be up to date and will be reviewed every five years. | X |
| 20. APS Departments (Finance & Management Services, Facilities & Operations, Teaching & Learning and Planning & Evaluation) will collaborate to plan innovatively, cost effectively, and within budget to meet 100% of student seat needs through both permanent and temporary facilities, based on 10-year projections. | X |
| Partnerships: Strong and Mutually Supportive Partnerships | |
| 21. At least 90% of family and community engagement activities build the capacity of staff and families in capabilities (skills and knowledge), connections (networks), cognition (understanding) and confidence (a Dual Capacity-Building Framework for Family-School Partnerships). | x |
| 22. At least 95% of APS families will respond favorably on student and family engagement on the Your Voice Matters. | |
| 23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships. | |
| <i>Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?</i> | |
| Both of these positions relate directly to the strategic plan. They serve underrepresented populations and have policies, procedures and metrics directly related to student well being and academic achievement. Knowledge of the federal and state guidelines related to the education of students with special education needs is integral to this position, as is experience working with students, families and staff from various cultural, racial, ethnic and linguistical backgrounds. Partnerships with site based administrative teams, DOCS, the OSE and the Parent Resource Center further ensure student success for drop out prevention and on time graduation rates. | |

| Performance Measures and Corrective Actions | |
|--|---|
| <i>Identify desired outcomes and performance metrics. What corrective actions will be taken if the program does not meet the desired outcomes or performance metrics. You must enter at least one. Please let us know if you need to enter additional performance metrics.</i> | |
| Performance Measures | Corrective Actions |
| Meet all guidelines and deadlines for the VDOE and APS Home instruction policy and mandates. Parents must provide evidence of their ability to provide Home Instruction in accordance with VA Code: 22.1- 254.1. Parents must provide year end Evidence of Academic Achievement for review by 1 August of the academic year. | A review of all Notices of Intent and supporting paperwork is required to avoid ramifications with the VDOE and Home School Legal Defense Fund. Academic consequences for on-time graduation rates. |
| Meet all guidelines and deadlines for the VDOE and APS Homebound policy and mandates | Compensatory Services and compliance ramifications. |
| Validating requests for Homebound instruction for student's with IEP's, submitting such requests to the IEP team for deetermination of a change inplacement | Collaborate with the Offices of Special Education to ensure compliance under the IDEA/ Specials Eduation or Section 504 and FAPE guidelines |
| Verifying ongoing treatment and or therapy for and monitoring progress towards transtion back to the school setting. The student's inability to attend school for medical reasons, physical or psychiatric, must be certified by a licensed physician or a licensed clinical psychologist. | Out of compliance for FAPE. According to VDOE policy, the school division must appoint a coordintor to approve the submitted applications according to the Stdnards for Accerding Public Schools in Virginia, 8 VAC 20-131-80 and |

 Provide digital citizenship lessons
 Provide professional development
 Community building/morale builders
 Purchase county wide books
 Scanner support
 Support Integration Station library book purchases

Risks if not funded
Explain the risks to the organization if this request is not funded.

If not funded, students will not have access to the resources they use now for research and to find books to read for academic and personal growth. Students are also taught how to apply critical thinking skills in materials selection, so they can learn how to make appropriate selections when on the Internet. If book purchases are not funded, our students will not be able to access current books broadening their perspective on the world. Reading also increases emotional intelligence, which is critical to the development of the whole child. If the district wide catalog is not funded, we would have to check books out with old school library cards. This would lead to the need to hire new librarians. Staffing all of the positions allows school based staff to focus on providing rich lessons and programs to students. Not staffing the 4.25 positions at the county office level, would place a heavy burden on all library staff in the schools and each librarian would be duplicating the work of others, instead of central office staff doing this work for everyone.

Mandates and Policies
List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.

Virginia Law 8VAC20-131-190. Library media, materials, and equipment Every school needs to have a library with staff. Library Services provides district level support, databases, vendor negotiation, cataloging, purchasing and professional development to support the school based staff.

Policy Implementation Procedure I-9.1 PIP-1 - purchase of library materials Librarians are expected to purchase materials for their program. Library Services negotiates with vendors for best prices, so librarians can focus on the content being purchased.

| 23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships. | |

Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?

Through collaboration with teachers, librarians teach students how to apply critical thinking skills during research. Librarians also provide access to digital and print reading materials to promote choice reading. By providing choice in reading materials and highly qualified librarians, research shows students will have increased success, including higher test scores.

Performance Measures and Corrective Actions

Identify desired outcomes and performance metrics. What corrective actions will be taken if the program does not meet the desired outcomes or performance metrics. You must enter at least one. Please let us know if you need to enter additional performance metrics.

| Performance Measures | Corrective Actions |
|---|--|
| Increased use of databases - Databases are purchased so students have access to accurate, authoritative, and current information while researching. | Increase outreach, attend CLT meetings |
| Increased use of eBooks and audiobooks - eBooks and audiobooks provide access to diverse books. These resources support students who benefit from hearing a book read aloud to them, including students with reading accommodations and English Learners. | Collaborate with classroom teachers, make displays in high traffic areas |
| Professional Learning for 22 - 23 budget - It is essential for librarians to come together for professional learning for two reasons. One reason is to share current best practices to ensure we are providing relevant lessons and strategies with our students. The second reason is to build community. Being the only person or one of two in a building, can be isolating. Librarians need to come together to feel supported and to build community with those who know the work they are doing. Professional learning is critical to maintaining highly qualified staff and for student success. | Advocacy for more focused professional learning time and less floating days professional learning. |

FY 2023 Zero Based Budget Form

| | |
|-------------------------|---|
| Chief/Department | Office of Academics |
| Office | Mathematics Office |
| Point of Contact | Shannan Ellis |
| Program/Task | Office of Mathematics |
| Core Service | Provide mathematics instruction to PreK-12 students |

Detailed Description/Organizational Impact

Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?

The APS Mathematics Office supports the organization by providing the following essential functions:

- Mathematics Assessment Development and Support:
 - oAPS Formative Assessments
 - oUniversal Screeners
 - oProgress Monitoring
 - oData Analyses and Instructional Response
- Stakeholder Communication around Mathematics:
 - oAmong K-12 Teachers, Administrators, and other APS staff
 - oAPS Community and Organizations
 - oAPS School Board
 - oAdvisory Committees
- Mathematics Curriculum Development:
 - oCurriculum Document Development and Refinement
 - oRevision of Secondary Math Courses and Pathways (POS)
 - oSummer School Curriculum
- Mathematics Program Observations, Feedback, and Data:
 - oRegular data analyses and planning using MI, SOL, and APS formative assessments
 - oClassroom Observations and Walkthroughs
 - oInformal and Formal Feedback
 - oProgram Evaluation Support
- Professional Learning/Mathematics:
 - oAPS Teachers
 - oAPS Administrators
 - oOther APS Staff
- Mathematics Resources:
 - oHuman resources
 - oCurricular/Instructional resources
 - oTechnology/Apps
 - oSummer School

Deliverables

List deliverables if applicable

The APS Mathematics Office supports the county as described below:

- Mathematics Assessment:
 - Manage the mathematics formative assessment program including creating and modifying assessments, supporting data analyses, and planning instructional responses based on the results.
 - Support teachers with the use of universal screeners and tools for progress monitoring
- Stakeholder Communication around Mathematics:
 - Facilitate communication among K-12 teachers to ensure continuity of the curriculum and best teaching practices
 - Facilitate communication among the APS community to ensure common understanding of the APS Mathematics Program, instructional best practices, and options for APS students.
 - Update the school board and community on an annual basis around the APS Mathematics Program and student progress in mathematics
- Mathematics Curriculum Development:
 - Support curriculum document development and revision for all mathematics courses to better meet the needs of APS staff and students and reflect current VDOE standards and instructional best practices.
 - Revise secondary mathematics course offerings and possible course pathways to reflect changes in VDOE math standards.
 - Support the development of and implementation of summer school curriculum.
- Mathematics Observations, Feedback, and Data:
 - Regular data analyses from MI, SOL, and APS formative assessments to inform our work.
 - Plan with schools and provide support to more effectively implement interventions - both extension and remediation plans.
 - Support the mathematics program evaluation.
 - Provide feedback to teachers and schools through observation cycles.
 - Creation of observation protocols
- Professional Learning/Mathematics:
 - Plan and conduct Professional Learning to APS Staff aligned with state curriculum and goals and APS Strategic Plan
 - Assist teachers with integrating effective use of curriculum resources (including technology) and best teaching practices of mathematics at all levels.
 - Provide leadership for mathematics coaches, chairs, and lead teachers
 - Collaborate with other offices including other core offices, Special Education, English Learners, Gifted, and ATSS to support high quality mathematics instruction
- Mathematics Resources:
 - Support the recruitment and retention of highly qualified mathematics staff.
 - Stay abreast of current best practices and research in the field of mathematics education.
 - Seek out high quality mathematics resources through the RFP process.
 - Support use of technology and apps funded by other Offices (Ex: DreamBox and Reflex)
 - Recruit summer school staffing and develop summer school curriculum

Risks if not funded

Explain the risks to the organization if this request is not funded.

| | |
|--------------|-----------------------|
| Program/Task | Office of Mathematics |
|--------------|-----------------------|

The following risks are associated with the insufficient funding of the Mathematics Office, listed by the associated functions.

Mathematics Assessment:

- Risks if not funded
 - oArlington Public Schools will not be in compliance with Virginia State Code and Board policies
 - oInstructional support for the schools may not be equitable
 - oInconsistent and inequitable expectations across the county
 - oInconsistent and inequitable measure of student growth and proficiency across the county
 - oPotential for lack of data around student progress leading to inequitable interventions, instruction, and expectations

Stakeholder Communication around Mathematics:

- Risks if not funded
 - oArlington Public Schools will not be in compliance with Virginia State Code and Board policies
 - oStudents and families may be unaware of program and course opportunities available to them
 - oWidespread misinformation around APS Mathematics Program, course offerings, and graduation requirements
 - oLack of accountability for APS Mathematics across the county
 - oLack of consistency regarding instructional best practices in mathematics classrooms

Mathematics Curriculum Development:

- Risks if not funded
 - oArlington Public Schools will not be in compliance with Virginia State Code and Board policies
 - oInstructional support for the schools may not be equitable
 - oInconsistent and inequitable resources used across the county
 - oTeachers may use low-quality resources with students and/or materials that do not align to VDOE standards or best practices.

Mathematics Observations, Feedback, and Data:

- Risks if not funded
 - oArlington Public Schools will not be in compliance with Virginia State Code and Board policies
 - oAPS will have challenges with retaining highly qualified teachers and identifying teachers in need of support.
 - oInconsistent and inequitable instructional practices used across the county
 - oData will not consistently be used to support instruction
 - oProfessional Learning will not be targeted based on data
 - oPrincipals may be challenged identifying best instructional practices based on current research in mathematics education
 - oIneffective intervention implementation, or lack of interventions, across the county

Mathematics Resources:

- Risks if not funded
 - oArlington Public Schools will not be in compliance with Virginia State Code and Board policies.
 - oInstructional support and resources for the schools and students may not be equitable.
 - oInconsistent and inequitable resources will be used across the county.
 - oTeachers may use low-quality resources with students and/or materials that do not align to VDOE standards or best practices.
 - oStudents may not be exposed to or learn the curriculum required by the state and for future mathematics courses.
 - oThe expediency with hiring summer school staff will be greatly impacted.
 - oInconsistent and inequitable practice across summer school programs will occur.

Mandates and Policies

List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.

The functions of the APS Mathematics Office are required by several APS and state policies and aligns with APS Strategic Plan goals. Each function aligns with policies and mandates as follows:

- Mathematics Assessment Development and Support:
 - oAPS Policy I-12 Evaluation
 - oAPS Strategic Plan Goal - Student Success
 - Performance Objective #1; #2; #3; #5
 - oAPS Strategic Plan Goal - Engaged Workforce
 - Performance Objective #15
 - oVirginia Code §22.1-253.13:3 Accreditation, Other Standards, Assessments, and Releases from State Regulations
- Stakeholder Communication around Mathematics:
 - oAPS Policy I-1.33 Teaching and Learning Goals
 - oAPS Policy I-7.2.3.31 Communication About the Systemwide Instructional Program
 - oAPS Strategic Plan Goal - Student Success
 - Performance Objective #3
 - oAPS Strategic Plan Goal - Partnerships
 - Performance Objective #1
 - oVirginia Code §22.1-253.13:6 Standard 6 - Planning and Public Involvement
- Mathematics Curriculum Development:
 - oAPS Policy I-6 Curriculum
 - oAPS Policy I-7.2.5.32 Summer Learning Opportunities
 - oAPS Policy I-7.2.8 Instructional Delivery Options
 - oAPS Policy I-7.2.9.30 Program Differentiation
 - oAPS Policy I-7.2.9.31 Advanced Classes
 - oAPS Policy I-11.5.2.31 Student Acceleration Opportunities
 - oAPS Strategic Plan Goal - Student Success
 - Performance Objective #1; #2; #3; #5
 - oAPS Strategic Plan Goal - Engaged Workforce
 - Performance Objective #13
 - oVirginia Code §22.1-253.13:1 Standard 1 - Instructional Programs Supporting the Standards of Learning and Other Educational Objectives
- Mathematics Observations, Feedback, and Data:
 - oAPS Policy I-7.2.5.30 Prevention, Intervention, and Remediation
 - oAPS Policy I-11.5.2.31 Student Acceleration Opportunities
 - oAPS Policy I-12 Evaluation
 - oAPS Strategic Plan Goal - Student Success
 - Performance Objective #1; #2; #3; #5
 - oAPS Strategic Plan Goal - Engaged Workforce
 - Performance Objective #13; #15
 - oVirginia Code §22.1-253.13:2 Instructional, Administrative, and Support Personnel
 - oVirginia Code §22.1-253.13:6 Standard 6 - Planning and Public Involvement

Alignment with School Board Direction

Select how this request aligns with the FY 2023 Adopted Budget Direction. Select all that apply.

| | |
|--|---|
| Ensure student well-being and academic progress | |
| Identify, report, and address all students' social-emotional and academic needs | X |
| Focus on literacy and math | X |
| Advance 2018-24 Strategic Plan goals with focus on innovation and equity | |
| Recruit, hire, and invest in a high-quality and diverse workforce to ensure APS is the place where talented individuals choose to work | X |
| Develop phased plan to ensure all salary scales and benefits are market competitive and sustainable | |
| Establish plan and timeline to begin the collective bargaining process | |
| Improve operational efficiency | |
| Strengthen and improve system-wide operations with focus on financial sustainability | |
| Collaborate across departments to plan innovatively, cost effectively, and within budget to meet student seat needs | |
| Not Applicable | |

Provide an explanation of how this initiative aligns with the selected budget direction.

The work of the Mathematics supports the focus on mathematics literacy as well as the recruitment and retention of high-qualified staff. Also the various pathways, professional learning for teachers and the communication efforts of the mathematics office supports student and parent advocacy towards and meeting the academic needs of all APS students.

Alignment with Strategic Plan Goal(s)

Select the Strategic Plan Goals that align to the request and if known, the specific performance objective. Select all that apply.

| | |
|--|---|
| Student Success: Multiple Pathways to Success for All Students | |
| 1. Increased achievement for all reporting groups on district and state assessments shows progress toward eliminating the opportunity gap. | X |
| 2. All students will make at least one year's worth of growth as measured by federal, state, and/or district assessments. | X |
| 3. Historically over-represented and under-represented groups accessing services will be aligned with student need and proportionate with demographics. | X |
| 4. All graduates will have engaged in at least one experience that demonstrates productive workplace skills, qualities, and behaviors and may include a work-based experience (internships, externships, formal job shadowing, etc.). (Virginia Profile of a Graduate) | |
| 5. At least 80% of students with disabilities will spend 80% or more of their school day in a general education setting. | X |
| Student Well-Being: Healthy, Safe, and Supported Students | |
| 6. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show a reduction in bullying, violence, sexual harassment, and substance use. | |
| 7. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show an improvement in mental health measures and access to mental health resources. | |
| 8. Each school will report 95% implementation of the Whole Child indicators in the areas of safe, healthy, and supportive learning environments (ASCD). | |
| 9. All students can identify at least one school-based adult who supports and encourages their academic and personal growth. | |
| 10. Disproportionality in suspension rates by race/ethnicity, students identified with a disability, and English Learners will be reduced and overall suspensions will not increase. | |
| Engaged Workforce | |
| 11. At least 95% of APS staff will respond favorably that opportunities for professional development meet their needs, as indicated on the Your Voice Matters survey. | X |
| 12. At least 95% of APS staff will respond favorably on staff engagement, as indicated on the Your Voice Matters survey. | |
| 13. At least 95% of APS staff will respond favorably in areas of leadership, as indicated on the Your Voice Matters survey. | |
| 14. APS will retain a high-quality workforce, with 95% of respondents to exit surveys indicating a reason for leaving to be an external factor. | |
| 15. All staff participate in training that meets or exceeds industry standards for their position and focuses on student success and well-being. | X |
| Operational Excellence | |
| 16. APS will be Accredited by the Emergency Management Accreditation Program (EMAP). | |
| 17. Organizational operations will meet or exceed benchmarks in comparable school divisions. | |
| 18. All school and department management plans will clearly articulate the data used to write SMART goals aligned to the strategic plan. | |
| 19. All School Board policies will be up to date and will be reviewed every five years. | |
| 20. APS Departments (Finance & Management Services, Facilities & Operations, Teaching & Learning and Planning & Evaluation) will collaborate to plan innovatively, cost effectively, and within budget to meet 100% of student seat needs through both permanent and temporary facilities, based on 10-year projections. | |
| Partnerships: Strong and Mutually Supportive Partnerships | |
| 21. At least 90% of family and community engagement activities build the capacity of staff and families in capabilities (skills and knowledge), connections (networks), cognition (understanding) and confidence (a Dual Capacity-Building Framework for Family-School Partnerships). | X |
| 22. At least 95% of APS families will respond favorably on student and family engagement on the Your Voice Matters. | |
| 23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships. | |

FY 2023 Zero Based Budget Form

| | |
|---------------------|-----------------------|
| Program/Task | Office of Mathematics |
|---------------------|-----------------------|

Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?

The Mathematics Office supports teaching in learning such that student achievement, equitable practices, and academic growth for all is embedded in all functions of the work. The heavy focus on professional learning, curriculum development, resource support, assessment, observation, feedback and data, and communication are essential to mathematics instruction and student learning. The work of the Mathematics Office supports multiple pathways for all students, contributes to an engaged workforce, and supports strong family and community partnerships.

Performance Measures and Corrective Actions
Identify desired outcomes and performance metrics. What corrective actions will be taken if the program does not meet the desired outcomes or performance metrics. You must enter at least one. Please let us know if you need to enter additional performance metrics.

| Performance Measures | Corrective Actions |
|--|---|
| <p>The Mathematics Office has an extensive Program Evaluation once every 7 years. Longitudinal data, stakeholder surveys, and observations are performed to evaluate the mathematics program in APS. More specifically, the following aspects of the program are evaluated:</p> <ul style="list-style-type: none"> • Classroom observations (CLASS): research-based tool • Classroom observations (using a tool created by the Mathematics Office "APS Best Instructional Practices": measures expectations, strategies, and professional learning promoted by the mathematics office • Longitudinal study of mathematics course pathways: investigates student trajectory, diversity of courses, and equity math offerings in APS • Student Surveys: investigates student-perception of rigor and classroom climate • Student Outcome data: measures student achievement and growth in mathematics over time. <p>Desired outcomes include:</p> <ul style="list-style-type: none"> • All students will make at least one-year's growth in mathematics each school year • At least 80% students and teachers will feel adequately supported in mathematics • At least 80% of students will feel appropriately challenged in mathematics • The opportunity gap in APS Mathematics will be eliminated • APS students will enroll in 4 years of HS mathematics • APS classrooms will observations show classrooms that exhibit high marks in quality of instruction, student access and participation teacher preparation, and resources. | <ul style="list-style-type: none"> • The Math Office will offer professional learning targeting areas for growth. • The Math Office will offer professional learning based on research and best practices. • The Math Office will regularly review and refine mathematics curriculum documents. • The Math Office will create formative assessments for school to support the monitoring of student achievement and growth in mathematics. • The Math Office will work with Coaches to support job-embedded professional learning personalized by teacher- and/or school-need and provide Math Coaches the necessary professional development and coaching to support their work. • The Math Office will seek to provide instructional resources to meet the needs of APS students, including special populations. • The Math Office will perform a continuous cycle of observation and feedback in collaboration with Math Coaches and school administrators. • The Math Office will regularly monitor student data and course data to determine school need, professional learning offerings, and need for additional resources. • The Math Office will support the recruitment and retention of highly qualified staff. • The Math Office will collaborate with other offices as needed. |

Funding Requirements

| Line Item | Item | Existing? | Description | Amount | FTEs | FTE Cost | Cost Center | Object |
|------------------|-----------------------------|------------------|--|---------------|-------------|-----------------|--------------------|---------------|
| 1 | K-12 Mathematics Supervisor | Yes | The Supervisor of Mathematics, in collaboration with the Mathematics Specialists, works under the general supervision of the Director of Curriculum and Instruction and the Chief of the Office of Academics. Duties include administrative and supervisory work related to designing, developing, implementing, and evaluating the general curriculum and instructional techniques for the delivery of the Mathematics program in Arlington Public Schools, K-12. The Supervisor of Mathematics is responsible for overseeing the instructional program on a county-wide basis, and observing and working with principals, coaches (or other teacher leaders), and teachers to improve instruction. The work involves developing programs and plans in consultation with the Chief of the Office of Academics, implementing programs independently and performing related duties as required or assigned. | | 1.00 | | 801040 | 41356 |
| 2 | Mathematics Specialists | Yes | The Mathematics Specialist supports secondary mathematics teachers in the development and implementation of the mathematics curriculum and resources through professional development, school-level and teacher-level support through multiple venues, lead teacher, department chair, & coach collaboration, collaboration with other departments and offices, completing coaching cycles with classroom teachers, assessments, and data analysis. Additionally, the secondary mathematics specialist supports district initiatives and presence by serving as webmaster and through new-hire orientation, community interaction, etc. | | 2.00 | | 801040 | 41244 |
| 3 | Administrative Assistant | Yes | Serves as administrative assistant to the Mathematics Office Supervisor and Specialists. | Total | | | | \$113,826 | 4.00 | | | |

FY 2023 Zero Based Budget Form

| | |
|-------------------------|---|
| Chief/Department | Office of Academics |
| Office | Office of Summer School |
| Point of Contact | Bridget Loft, Shirtona Horton |
| Program/Task | Management of summer school programs |
| Core Service | Development and facilitation of elementary, middle and high school summer school programs |

Detailed Description/Organizational Impact

Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?

The summer school program is designed to support and complement the school year instructional program of APS. Each year it provides varied courses to approximately 5,000 students in PreK-12. The elementary strengthening program provides learning opportunities in mathematics and English language arts to students who are below grade-level and need additional time and exposure to grade-level standards. At the secondary level, strengthening programs enable students to retake courses they have failed and/or prepare to retake SOL assessments. Secondary students may also take a limited number of new work for credit courses, including various virtual and blended courses.

Deliverables

List deliverables if applicable

Deliverables include: math & literacy instruction and remediation for identified elementary students; credit recovery for middle and high school students; access to limited new work for credit for high school students; sheltered language instruction for English Learners; Extended School Year (ESY) support for Students With Disabilities (SWD) whose IEP's require ESY.

Risks if not funded

Explain the risks to the organization if this request is not funded.

If summer school is not offered, the following risks will occur: elementary students in need of intensive remediation to bring their math and/or literacy skills to grade level expectations will not receive this support and will continue to not be able to access key concepts and skills in the next school year; students in grades 8-11 who fail one or two courses they need in order to graduate on time will not be able to earn these credits during the summer and will have to retake these courses during the next school year and, consequently, may not be able to access elective courses; 12th grade students who did not earn all of the credits they need to graduate during the previous school year, will not be able to earn their diploma and will have to do so using an alternative program, such as the General Educational Development (GED) program; English Learners will not be able to access the additional language instruction many of them need in order to progress in WIDA levels; APS will be out of compliance with federal regulations that require that the district offer ESY services to SWD who require ESY.

Mandates and Policies

List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.

School Board policy Policy I-7.2.5.32 states that APS will provide summer learning opportunities.

Alignment with School Board Direction

Select how this request aligns with the FY 2023 Adopted Budget Direction. Select all that apply.

| | |
|--|---|
| Ensure student well-being and academic progress | X |
| Identify, report, and address all students' social-emotional and academic needs | |
| Focus on literacy and math | X |
| Advance 2018-24 Strategic Plan goals with focus on innovation and equity | |

FY 2023 Zero Based Budget Form

| | |
|---------------------|--------------------------------------|
| Program/Task | Management of summer school programs |
|---------------------|--------------------------------------|

20. APS Departments (Finance & Management Services, Facilities & Operations, Teaching & Learning and Planning & Evaluation) will collaborate to plan innovatively, cost effectively, and within budget to meet 100% of student seat needs through both permanent and temporary facilities, based on 10-year projections.

Partnerships: Strong and Mutually Supportive Partnerships

21. At least 90% of family and community engagement activities build the capacity of staff and families in capabilities (skills and knowledge), connections (networks), cognition (understanding) and confidence (a Dual Capacity-Building Framework for Family-School Partnerships).

22. At least 95% of APS families will respond favorably on student and family engagement on the Your Voice Matters.

23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships.

Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?

Given that APS' summer school program provides remediation and support for students who demonstrate specific needs related to literacy and math, students who participate in summer school often demonstrate growth on district and state assessments.

Performance Measures and Corrective Actions

Identify desired outcomes and performance metrics. What corrective actions will be taken if the program does not meet the desired outcomes or performance metrics. You must enter at least one. Please let us know if you need to enter additional performance metrics.

| Performance Measures | Corrective Actions |
|---|---|
| Increased achievement for all reporting groups on district and state assessments shows progress toward eliminating the opportunity gap. | Intensive remediation efforts and time for students who do not demonstrate appropriate achievement levels on district and state assessments will increase during the school year which could potentially impact students; robust participation in coursework not related to their demonstrated area(s) of needed support. |
| All students will make at least one year's worth of growth as measured by federal, state and/or district assessments. | Intensive remediation efforts and time for students who do not demonstrate appropriate achievement levels on district and state assessments will increase during the school year which could potentially impact students; robust participation in coursework not related to their demonstrated area(s) of needed support. |

| Chief/Department | Chief Academic Office/Academics |
| Office | Outdoor Lab Program |
| Point of Contact | Dat Le, ext. 6163 |
| Program/Task | Outdoor Lab program for APS students |
| Core Service | Outdoor education for APS students in Fauquier County |

Detailed Description/Organizational Impact
Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?

APS students receive opportunities to learn science, outdoor skills, arts, and humanities in a natural setting. Annually, the Lab provides hands-on outdoor and environmental education to more than 9,000 students from elementary grades through high school. This also includes an overnight program for 5th grade students.

Deliverables
List deliverables if applicable

Provide outdoor education for students in grades 3, 5, 7 and selected high school science classes. This includes the overnight trips for Grade 5.

Risks if not funded
Explain the risks to the organization if this request is not funded.

The Outdoor Lab program will not be in operation.

Mandates and Policies
List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.

MOU between APS and Arlington Outdoor Education Association

FY 2023 Zero Based Budget Form

| | |
|--------------|--------------------------------------|
| Program/Task | Outdoor Lab program for APS students |
|--------------|--------------------------------------|

Provide an explanation of how this initiative aligns with the selected budget direction.
 Supports student well-being, access to outdoor education, and builds on community partnership.

Alignment with Strategic Plan Goal(s)

Select the Strategic Plan Goals that align to the request and if known, the specific performance objective. Select all that apply.

| | |
|--|---|
| Student Success: Multiple Pathways to Success for All Students | |
| 1. Increased achievement for all reporting groups on district and state assessments shows progress toward eliminating the opportunity gap. | x |
| 2. All students will make at least one year's worth of growth as measured by federal, state, and/or district assessments. | x |
| 3. Historically over-represented and under-represented groups accessing services will be aligned with student need and proportionate with demographics. | x |
| 4. All graduates will have engaged in at least one experience that demonstrates productive workplace skills, qualities, and behaviors and may include a work-based experience (internships, externships, formal job shadowing, etc.). (Virginia Profile of a Graduate) | x |
| 5. At least 80% of students with disabilities will spend 80% or more of their school day in a general education setting. | x |
| Student Well-Being: Healthy, Safe, and Supported Students | |
| 6. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show a reduction in bullying, violence, sexual harassment, and substance use. | x |
| 7. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show an improvement in mental health measures and access to mental health resources. | x |
| 8. Each school will report 95% implementation of the Whole Child indicators in the areas of safe, healthy, and supportive learning environments (ASCD). | x |
| 9. All students can identify at least one school-based adult who supports and encourages their academic and personal growth. | x |
| 10. Disproportionality in suspension rates by race/ethnicity, students identified with a disability, and English Learners will be reduced and overall suspensions will not increase. | |
| Engaged Workforce | |
| 11. At least 95% of APS staff will respond favorably that opportunities for professional development meet their needs, as indicated on the Your Voice Matters survey. | x |
| 12. At least 95% of APS staff will respond favorably on staff engagement, as indicated on the Your Voice Matters survey. | x |
| 13. At least 95% of APS staff will respond favorably in areas of leadership, as indicated on the Your Voice Matters survey. | x |
| 14. APS will retain a high-quality workforce, with 95% of respondents to exit surveys indicating a reason for leaving to be an external factor. | x |
| 15. All staff participate in training that meets or exceeds industry standards for their position and focuses on student success and well-being. | x |
| Operational Excellence | |
| 16. APS will be Accredited by the Emergency Management Accreditation Program (EMAP). | |
| 17. Organizational operations will meet or exceed benchmarks in comparable school divisions. | x |
| 18. All school and department management plans will clearly articulate the data used to write SMART goals aligned to the strategic plan. | x |
| 19. All School Board policies will be up to date and will be reviewed every five years. | x |
| 20. APS Departments (Finance & Management Services, Facilities & Operations, Teaching & Learning and Planning & Evaluation) will collaborate to plan innovatively, cost effectively, and within budget to meet 100% of student seat needs through both permanent and temporary facilities, based on 10-year projections. | x |
| Partnerships: Strong and Mutually Supportive Partnerships | |
| 21. At least 90% of family and community engagement activities build the capacity of staff and families in capabilities (skills and knowledge), connections (networks), cognition (understanding) and confidence (a Dual Capacity-Building Framework for Family-School Partnerships). | x |
| 22. At least 95% of APS families will respond favorably on student and family engagement on the Your Voice Matters. | x |
| 23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships. | x |

Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?
 Supports student well-being, access to outdoor education, and builds on community partnership.

Performance Measures and Corrective Actions

Identify desired outcomes and performance metrics. What corrective actions will be taken if the program does not meet the desired outcomes or performance metrics. You must enter at least one. Please let us know if you need to enter additional performance metrics.

| Performance Measures | Corrective Actions |
|--|--|
| Expand environmental literacy through a diverse and rigorous environmental education program at the Outdoor Lab. | Adding Administrator/Assistant Principal at the Outdoor Lab to oversee operations and staff, safety concerns, instruction and programming. |

Funding Requirements

| Line Item | Item | Existing? | Description | Amount | FTEs | FTE Cost | Cost Center | Object |
|-----------|--------------------------------|-----------|--|----------|------|----------|-------------|--------|
| 1 | Outdoor Lab Teacher Specialist | Yes | Provides student instruction | | 1.00 | | 801031 | 41244 |
| 2 | Aide | Yes | Supports student instruction | | 4.00 | | 801031 | 41375 |
| 3 | Resource Assistant | Yes | Supports student instruction | | 0.75 | | 801031 | 41237 |

Office Planetarium Program

Point of Contact Dat Le, ext. 6163

Program/Task Planetarium program for APS students

Core Service Provide planetarium programs for APS K-12 students and community programs.

Detailed Description/Organizational Impact

Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?

Provide planetarium program in a domed theater that projects spectacular objects found in our universe, creating educational experiences that teach astronomy and related sciences for K-12 APS students. Over 12,000 APS students visit the planetarium each year. In addition, evening and weekend shows are also provided to Arlington residents.

Deliverables

List deliverables if applicable

Provide planetarium program for students in grades K-12, as well as public programs to Arlington residents.

Risks if not funded

Explain the risks to the organization if this request is not funded.

Planetarium will not be in operation.

Mandates and Policies

List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.

- K-12 Science Curriculum Documents
- K-12 Science Instructional Materials and Resources
- K-12 Science Formative and Locally Developed Alternative Assessments
- Revisions of K-12 Science Offerings
- Science Program evaluation, monitoring, and briefing reports
- APS Environmental Literacy Plan
- APS Chemical Hygiene Plan
- Professional Learning for over 300 science teachers
- Recruitment and interviewing science teachers
- Mentoring teachers; provide teacher observations and evaluations.
- Provide direction and leadership for Elementary and Secondary Lead Teachers, Science Fair Directors, VJAS Directors, and Chemical Managers.
- Coordinate and manage Sustainability Liaisons across 25 APS schools
- Staff Liaison to Science Advisory Committee, Superintendent's Advisory Committee on Sustainability, Arlington Outdoor Education Association, Friends of the Planetarium, and American Association for the Advancement of Science.
- Science Summer School Program
- Northern Virginia Regional Science and Engineering Fair
- Virginia Junior Academy of Science Program
- Outdoor Lab Program serving over 8,000 students
- Planetarium Program serving over 15,000 students
- Twenty-one scientist volunteers working in elementary schools at least one day a week.

Risks if not funded

Explain the risks to the organization if this request is not funded.

- Arlington Public Schools will not be in compliance with Virginia State Code and Board policies
- No instructional curriculum for school use; as a result, teachers may cover inappropriate and/or misaligned content; may not cover Virginia science standards
- Lack of consistency regarding instructional best practices in science classrooms
- Teachers and students may not have access to adequate instructional resources, leading to the possible use of inappropriate instructional materials.
- Inconsistent and inequitable resources used across the county
- Without a chemical hygiene plan, increased risk of accidents, injuries, and APS liabilities.
- Without professional learning, teachers may not have the knowledge and skills or best practices to implement high quality science instruction.
- Recruitment and retention of science teachers may be reduced without science staff support in interviewing, onboarding, mentoring, and evaluating of teachers.
- Without Sustainability Liaisons, there will be reduced sustainability education and practices across the school division.
- There will be no Northern Virginia Regional Science and Engineering Fair or Virginia Junior Academy of Science (VJAS) for APS schools.
- There will be no Outdoor Lab or Planetarium programs for APS schools.
- Without scientist volunteers, less support for elementary teachers and students.

Mandates and Policies

List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.

- Assessment Development and Support:
- APS Policy I-12 Evaluation
 - APS Strategic Plan Goal - Student Success (Performance Objective #1; #2; #3; #5)
 - APS Strategic Plan Goal - Engaged Workforce (Performance Objective #15)
 - Virginia Code §22.1-253.13:3 Accreditation, Other Standards, Assessments, and Releases from State Regulations
- Stakeholder Communication:
- APS Policy I-1.33 Teaching and Learning Goals
 - APS Policy I-7.2.3.31 Communication About the Systemwide Instructional Program
 - APS Strategic Plan Goal - Student Success (Performance Objective #3)
 - Virginia Code §22.1-253.13:6 Standard 6 - Planning and Public Involvement
- Curriculum Development:
- APS Policy I-6 Curriculum
 - APS Policy I-7.2.5.32 Summer Learning Opportunities
 - APS Policy I-7.2.8 Instructional Delivery Options
 - APS Policy I-7.2.9.30 Program Differentiation
 - APS Policy I-7.2.9.31 Advanced Classes
 - APS Policy I-11.5.2.31 Student Acceleration Opportunities
 - APS Strategic Plan Goal - Student Success (Performance Objective #1; #2; #3; #5)
 - APS Strategic Plan Goal - Engaged Workforce (Performance Objective #13)
 - Virginia Code §22.1-253.13:1 Standard 1 - Instructional Programs Supporting the Standards of Learning and Other Educational Objectives

| Not Applicable | |

Provide an explanation of how this initiative aligns with the selected budget direction.

Science budget focuses on students' academic and social-emotional needs by providing differentiated programming and instruction.

Alignment with Strategic Plan Goal(s)

Select the Strategic Plan Goals that align to the request and if known, the specific performance objective. Select all that apply.

| | |
|--|---|
| Student Success: Multiple Pathways to Success for All Students | |
| 1. Increased achievement for all reporting groups on district and state assessments shows progress toward eliminating the opportunity gap. | x |
| 2. All students will make at least one year's worth of growth as measured by federal, state, and/or district assessments. | x |
| 3. Historically over-represented and under-represented groups accessing services will be aligned with student need and proportionate with demographics. | x |
| 4. All graduates will have engaged in at least one experience that demonstrates productive workplace skills, qualities, and behaviors and may include a work-based experience (internships, externships, formal job shadowing, etc.). (Virginia Profile of a Graduate) | x |
| 5. At least 80% of students with disabilities will spend 80% or more of their school day in a general education setting. | x |
| Student Well-Being: Healthy, Safe, and Supported Students | |
| 6. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show a reduction in bullying, violence, sexual harassment, and substance use. | x |
| 7. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show an improvement in mental health measures and access to mental health resources. | x |
| 8. Each school will report 95% implementation of the Whole Child indicators in the areas of safe, healthy, and supportive learning environments (ASCD). | x |
| 9. All students can identify at least one school-based adult who supports and encourages their academic and personal growth. | x |
| 10. Disproportionality in suspension rates by race/ethnicity, students identified with a disability, and English Learners will be reduced and overall suspensions will not increase. | |
| Engaged Workforce | |
| 11. At least 95% of APS staff will respond favorably that opportunities for professional development meet their needs, as indicated on the Your Voice Matters survey. | x |
| 12. At least 95% of APS staff will respond favorably on staff engagement, as indicated on the Your Voice Matters survey. | x |
| 13. At least 95% of APS staff will respond favorably in areas of leadership, as indicated on the Your Voice Matters survey. | x |
| 14. APS will retain a high-quality workforce, with 95% of respondents to exit surveys indicating a reason for leaving to be an external factor. | x |
| 15. All staff participate in training that meets or exceeds industry standards for their position and focuses on student success and well-being. | x |
| Operational Excellence | |
| 16. APS will be Accredited by the Emergency Management Accreditation Program (EMAP). | |
| 17. Organizational operations will meet or exceed benchmarks in comparable school divisions. | x |
| 18. All school and department management plans will clearly articulate the data used to write SMART goals aligned to the strategic plan. | x |
| 19. All School Board policies will be up to date and will be reviewed every five years. | x |
| 20. APS Departments (Finance & Management Services, Facilities & Operations, Teaching & Learning and Planning & Evaluation) will collaborate to plan innovatively, cost effectively, and within budget to meet 100% of student seat needs through both permanent and temporary facilities, based on 10-year projections. | x |
| Partnerships: Strong and Mutually Supportive Partnerships | |
| 21. At least 90% of family and community engagement activities build the capacity of staff and families in capabilities (skills and knowledge), connections (networks), cognition (understanding) and confidence (a Dual Capacity-Building Framework for Family-School Partnerships). | x |
| 22. At least 95% of APS families will respond favorably on student and family engagement on the Your Voice Matters. | x |
| 23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships. | x |

Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?

Detailed Description/Organizational Impact

Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?

The Social Studies Office develops and supports social studies curriculum for grades K-12. Our priorities include the use of performance assessments and inquiry based instruction. We are also focused on developing culturally responsive curriculum and resources for grades K-12. This budget request:

- Includes money to provide substitutes for assessment scoring days for teachers who have state required performance assessments where calibration and cross scoring is required. These assessments, combined with additional locally required assessments will allow APS to have a growth measure for social studies K-12.
- Includes the addition of an elementary content literacy specialist who will work closely with the ELA office in order to purposefully align social studies and ELA instruction, develop resources, and support teachers specifically at the elementary level. This will allow our office to focus energy on increasing social studies instruction K-5 which has been shown to have a positive impact on reading scores for students.
- Provides for professional learning for teachers and staff in the use of best practices including the inquiry design model and document based analysis. It also provides money for training for new AP teachers.
- Money for a new adoption of textbooks which will expire in June 2023. Our current access to textbooks is digital and the resource will no longer exist if this is not funded.
- Money for ongoing curriculum revisions to align performance assessments and ensure the curriculum is culturally responsive.

These requests will ensure that APS is able to provide the time and money needed for teachers to engage in the work of performance assessments in lieu of the SOL for verified credit and engage in professional learning that supports the new instructional methods required for students to be successful in these assessments. It ensures that all students have access to a curriculum where they can see themselves and have the resources that they need in order to learn.

Deliverables

List deliverables if applicable

- Social Studies Curriculum Documents K-12
- Social Studies Courses for the Program of Studies
- Performance Based Assessments for grades K-12
- Instructions for resource access for teachers and school based staff
- New Instructional Materials from new textbook adoption (New access needed for fall of 2023...books expire in June 2023)
- Professional Learning Sessions for Teachers and Leaders
- Coaching for CLTs and Teachers
- Observations of teachers for teacher evaluation and program monitoring
- Models of best instructional practices and instructional templates
- Data for reporting and community requests
- Measure of student progress on performance assessments
- Special events such as voter registration, law day, etc...

Risks if not funded

Explain the risks to the organization if this request is not funded.

- Limited ability to support literacy instruction at the elementary level.
- If money for textbooks/instructional resources is not included it would mean time would need to be spent curating resources to support the curriculum which would require additional staffing based on the number of courses that are offered in Social Studies.
- AP courses would be out of compliance as they need to have access to an approved textbook
- We would not be able to make the shift to the use of performance assessments in lieu of the SOL exam if we aren't able to provide the time needed to calibrate to the state rubric and cross score these tasks.
- We would not be able to implement the performance assessments K-12 so that we have a growth measure that can be used to track growth within and between school years.

Mandates and Policies

List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.

Guidelines for Local Alternative Assessments: 2021-22 and Beyond: These guidelines require us to develop balanced assessment plans for 3rd grade World History, USHII and USHII. Our request allows for the development, administration, and scoring of these assessments in accordance with the guidelines which require opportunities for calibration to the VDOE rubric and cross scoring.

- Guidelines for Locally Awarded Verified Credits: Option 2 of these guidelines allow for the use of performance assessments to verify credits in History and Social Science. This request allows for the development of local plans to meet this requirement, the administration of state and locally developed performance tasks and other assessments and the calibration and cross scoring required. In addition, for at least one state required assessment the teacher of record can not be one of the two teachers who scores the assessment.

Dr. Duran has indicated that we should move forward with performance assessments wherever they are an option: This request allows us to move forward with all state offered performance assessment options and continue our work of administering performance assessments K-12 that are scored with the VDOE rubric so that we will have a growth measure of the knowledge and skills necessary in history and social studies.

The Standards of Quality require that we offer courses that align to the Standards of Learning and include instruction in Virginia, US, and World History, economics, government, international cultures, and geography: This request allows us to keep working on curriculum, professional learning, assessment, and teacher support in order to offer these instructional experiences and more.

Alignment with School Board Direction

Select how this request aligns with the FY 2023 Adopted Budget Direction. Select all that apply.

| | |

FY 2023 Zero Based Budget Form

| | |
|---------------------|---|
| Program/Task | Support and monitor Social Studies Instruction K-12 |
|---------------------|---|

Provide an explanation of how this initiative aligns with the selected budget direction.

This request will allow us to have a growth measure K-12 for the first time in social studies instruction. This will also allow us to have additional data that will allow teachers to address students academic needs. We know that increases in social studies instruction correlate with higher scores on reading assessments and this request provides for a dedicated elementary specialist that will be able to support the delivery of social studies instruction and the purposeful integration of ELA and social studies standards. This work will allow us to continue our equity work related to curriculum revisions and ensuring teachers are prepared to teach sensitive topics. In addition, it will allow us to provide meaningful professional learning that will help us invest in developing a high-quality workforce.

Alignment with Strategic Plan Goal(s)

Select the Strategic Plan Goals that align to the request and if known, the specific performance objective. Select all that apply.

| 23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships. | |

Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?

The use of performance assessments K-12 will allow us to have a measure of student progress to know if they are making growth in social studies instruction. It also provides for a shift to performance assessment in lieu of the SOL to verify credit. This provides more pathways for students to demonstrate mastery of the content and skills than the use of a one time multiple choice exam. It allows us to provide professional learning that is high quality and will meet the needs of teachers. Much of this professional learning also aims to prepare teachers to be a trusted adult for the students they teach. The work of our office will allow us data to use for department plans and SMART goals aside from SOL test data. In addition, it will allow us to continue the community partnerships that we have in providing programming and resources for students.

Performance Measures and Corrective Actions

Identify desired outcomes and performance metrics. What corrective actions will be taken if the program does not meet the desired outcomes or performance metrics. You must enter at least one. Please let us know if you need to enter additional performance metrics.

| Performance Measures | Corrective Actions |
|---|--|
| Student performance on performance assessment tasks will show growth for all students | Analysis of the balanced assessment plan to ensure that it accurately measures the knowledge of students. Teacher professional learning |
| Evaluations of professional learning will indicate that teachers feel the professional learning provided prepares them to better do their job | Work with teachers to better meet their needs for professional learning |
| Reduction in the gap between scores of different sub groups on the 4th and 7th grade SOL exam | Targeted scaffolding and supports for students who perform lower than their peers |

FY 2023 Zero Based Budget Form

| | |
|-------------------------|-------------------------------------|
| Chief/Department | Office of Academics |
| Office | Special Education |
| Point of Contact | Heather Rothenbuescher & Kelly Krug |
| Program/Task | Special Education Services |
| Core Service | Pre-k -Grade 13 SPED Academic |

Detailed Description/Organizational Impact
Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?
 Providing special education services for the district involves maintaining compliance under IDEA, training, and coaching. This will require an increase in the special education budget.

Deliverables
List deliverables if applicable
 The Office of Special Education (OSE) provides the following to schools to support student achievement in academics areas including literacy and numeracy in these ways: compliance, professional learning, coaching to school based staff, evaluations, assistive technology, behavior and therapeutic support, American Sign Language interpretation and Cued Language Transliteration, collaboration with IEP teams with placement decisions, collaboration with Department of Human Services and the Children's Services Act funding for specialized services for students. The OSE is also responsible for providing all related services (speech, occupational therapy, physical therapy, vision, hearing, counseling) to over 4000 students with IEPs as well as concurrent services of nursing, transportation and interpretation. Students are also provided one-to-one assistance funded by the OSE as indicated in their IEP. Additionally, the OSE collaborates and coordinators transportation for all students in contract services, and supervises and approved all private evaluations requests. OSE oversees all Medicaid processes, documentations, and synergy SE customizations. OSE provides support and training for families through the Parent Resource Center (PRC).

Risks if not funded
Explain the risks to the organization if this request is not funded.
 APS will be out of compliance with the Individuals With Disabilities Education Act (IDEA). Students will not be able to receive their mandated services in their IEP. If positions are not funded, schools will not have the oversight and support to maintain compliance and implement regulations.

Mandates and Policies
List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.
 Individuals With Disabilities Education Act (IDEA) mandates that students with disabilities receive a free and appropriate education. The Children's Services Act (CSA) provides funding for specialized services for students. Virginia State Regulations (VA Code) mandates that special education services are provided in the public school system. Additionally, OSE is required to train and develop resources for the new Virginia Essentialized Standards of Learning (VESOLs) that students who take the Virginia Alternative Assessment (VAAP) need to be master.

Alignment with School Board Direction
Select how this request aligns with the FY 2023 Adopted Budget Direction. Select all that apply.

| | |
|--|---|
| Ensure student well-being and academic progress | |
| Identify, report, and address all students' social-emotional and academic needs | x |
| Focus on literacy and math | x |
| Advance 2018-24 Strategic Plan goals with focus on innovation and equity | x |
| Recruit, hire, and invest in a high-quality and diverse workforce to ensure APS is the place where talented individuals choose to work | |
| Develop phased plan to ensure all salary scales and benefits are market competitive and sustainable | |
| Establish plan and timeline to begin the collective bargaining process | |
| Improve operational efficiency | |
| Strengthen and improve system-wide operations with focus on financial sustainability | x |
| Collaborate across departments to plan innovatively, cost effectively, and within budget to meet student seat needs | x |
| Not Applicable | |

Provide an explanation of how this initiative aligns with the selected budget direction.
 Coaching and training provides school based teams with the knowledge and skills to provide special education services to our students support their overall literacy, numeracy, and social emotional well-being that are outlined in their IEP. Additionally, ongoing compliance supervision and coaching will mitigate excessive legal litigations.

Alignment with Strategic Plan Goal(s)
Select the Strategic Plan Goals that align to the request and if known, the specific performance objective. Select all that apply.

| | |
|--|---|
| Student Success: Multiple Pathways to Success for All Students | |
| 1. Increased achievement for all reporting groups on district and state assessments shows progress toward eliminating the opportunity gap. | x |
| 2. All students will make at least one year's worth of growth as measured by federal, state, and/or district assessments. | x |
| 3. Historically over-represented and under-represented groups accessing services will be aligned with student need and proportionate with demographics. | x |
| 4. All graduates will have engaged in at least one experience that demonstrates productive workplace skills, qualities, and behaviors and may include a work-based experience (internships, externships, formal job shadowing, etc.). (Virginia Profile of a Graduate) | x |
| 5. At least 80% of students with disabilities will spend 80% or more of their school day in a general education setting. | x |
| Student Well-Being: Healthy, Safe, and Supported Students | |
| 6. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show a reduction in bullying, violence, sexual harassment, and substance use. | |
| 7. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show an improvement in mental health measures and access to mental health resources. | |
| 8. Each school will report 95% implementation of the Whole Child indicators in the areas of safe, healthy, and supportive learning environments (ASCD). | |
| 9. All students can identify at least one school-based adult who supports and encourages their academic and personal growth. | |
| 10. Disproportionality in suspension rates by race/ethnicity, students identified with a disability, and English Learners will be reduced and overall suspensions will not increase. | |
| Engaged Workforce | |
| 11. At least 95% of APS staff will respond favorably that opportunities for professional development meet their needs, as indicated on the Your Voice Matters survey. | |
| 12. At least 95% of APS staff will respond favorably on staff engagement, as indicated on the Your Voice Matters survey. | |
| 13. At least 95% of APS staff will respond favorably in areas of leadership, as indicated on the Your Voice Matters survey. | |
| 14. APS will retain a high-quality workforce, with 95% of respondents to exit surveys indicating a reason for leaving to be an external factor. | |
| 15. All staff participate in training that meets or exceeds industry standards for their position and focuses on student success and well-being. | |
| Operational Excellence | |
| 16. APS will be Accredited by the Emergency Management Accreditation Program (EMAP). | |
| 17. Organizational operations will meet or exceed benchmarks in comparable school divisions. | |
| 18. All school and department management plans will clearly articulate the data used to write SMART goals aligned to the strategic plan. | |
| 19. All School Board policies will be up to date and will be reviewed every five years. | |
| 20. APS Departments (Finance & Management Services, Facilities & Operations, Teaching & Learning and Planning & Evaluation) will collaborate to plan innovatively, cost effectively, and | |

FY 2023 Zero Based Budget Form

| | |
|--|----------------------------|
| Program/Task | Special Education Services |
| <p>within budget to meet 100% of student seat needs through both permanent and temporary facilities, based on 10-year projections.</p> | |
| <p>Partnerships: Strong and Mutually Supportive Partnerships</p> | |
| <p>21. At least 90% of family and community engagement activities build the capacity of staff and families in capabilities (skills and knowledge), connections (networks), cognition (understanding) and confidence (a Dual Capacity-Building Framework for Family-School Partnerships).</p> | |
| <p>22. At least 95% of APS families will respond favorably on student and family engagement on the Your Voice Matters.</p> | |
| <p>23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships.</p> | |
| <p><i>Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?</i></p> | |
| <p>OSE ensures students receive the accommodations necessary to be successful on state and district assessments, uses Risk Ratio data to identify over and underrepresented groups in various special education settings, all students 14 and up receives transition planning to improve post-secondary outcomes. OSE provides professional learning to IEP teams to provide services to students in the least restrictive setting to every extent possible.</p> | |

| Performance Measures and Corrective Actions | |
|--|---|
| <i>Identify desired outcomes and performance metrics. What corrective actions will be taken if the program does not meet the desired outcomes or performance metrics. You must enter at least one. Please let us know if you need to enter additional performance metrics.</i> | |
| Performance Measures | Corrective Actions |
| Improvement in the overall percentage of students in the general education setting. | OSE would provide more intense professional learning and coaching to school based teams on how to supports students in the general education setting. |
| Build a community where all students with disabilities are respected, included and valued, enabling them to access course content, fully participate in learning activities, and demonstrate their knowledge and strengths. | Provide professional learning on inclusive mindsets and IEP placement decisions. |
| Teach for meaning and mastery using a rigorous and relevant curriculum, ensuring equity of access for students with disabilities. | Provide professional learning to school based teams on developing and aligning all the components of an IEPs that are grounded in data, include standard based goals, baseline data and on-going progress monitoring. |
| Eliminate opportunity gaps for historically underrepresented groups and achieve excellence by providing learning opportunities according to each diverse learners' unique needs. | Meet with each school to review Risk ratio data and determine actions steps needed at the school level. |
| Hold high expectations for students with disabilities to succeed in advanced level courses with appropriate support. | Assist schools with scheduling staff to support students in advanced level courses. |
| Foster partnerships with families, community, staff to support the success of students with disabilities. | Collaborate with the Parent Resource Center, Arlington Special Education Advisory Committee, and the Special Education PTA to improve partnerships. |

| Funding Requirements | | | | | | | | | |
|-----------------------------|--------------------------|------------------|---|---------------|-------------|-----------------|--------------------|---------------|--|
| Line Item | Item | Existing? | Description | Amount | FTEs | FTE Cost | Cost Center | Object | |
| 1 | Directors | Yes | A Director for Secondary Special Education and a Director for Elementary Special Education are required to support the various needs at each level to ensure compliance and student success. | | 2.00 | | 105100 | 41318 | |
| 2 | Supervisor | Yes | A Supervisor is required to manage the placement of students in alternative settings. | | 1.00 | | 105100 | 41356 | |
| 3 | SST Coordinators | Yes | Student Support Coordinators are needed at each school to maintain compliance and facilitate eligibility meetings. Student Support Coordinators are a recommendation of the JLARC report to VDOE. | | 12.00 | | 105100 | 41208 | |
| 4 | Specialist -Interpreters | Yes | A Deaf and Hard of Hearing Access Specialist is required to provide professional learning, technical support and coordination of American Sign Language Interpretation and Cued Language Transliteration for students and staff. | | 1.00 | | 105100 | 41244 | |

FY 2023 Zero Based Budget Form

| | |
|-------------------------|---|
| Chief/Department | Academics |
| Office | Special Education |
| Point of Contact | Heather Rothenbuescher & Kelly Krug |
| Program/Task | Speech Service |
| Core Service | Providing speech services to PreK-13 students |

Detailed Description/Organizational Impact
Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?

Speech therapists are needed to improve speech and language outcomes for students with disabilities. Speech therapy involves integration in all settings throughout the school day to allow students to practice and master skills in naturally occurring activities. Speech therapists also provide coaching and support to all members of a student's instructional teams to support speech goals and increase the use of a variety of communication methods.

Deliverables
List deliverables if applicable

Speech therapists provide mandated services for students with disabilities to address: articulation, expressive and receptive language, social skills, pragmatics, fluency, and vocabulary development.

Risks if not funded
Explain the risks to the organization if this request is not funded.

Without speech therapists, APS will not be able to provide mandated speech services as identified on their IEP. Students will not be able to communicate their needs, access the curriculum, and have meaningful social interactions.

Mandates and Policies
List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.

Individuals With Disabilities Education Act (IDEA) mandates that students with disabilities receive a free and appropriate education. Virginia State Regulations (VA Code) mandates that special education services are provided in the public school system.

Alignment with School Board Direction
Select how this request aligns with the FY 2023 Adopted Budget Direction. Select all that apply.

| | |
|--|---|
| Ensure student well-being and academic progress | x |
| Identify, report, and address all students' social-emotional and academic needs | x |
| Focus on literacy and math | x |
| Advance 2018-24 Strategic Plan goals with focus on innovation and equity | |
| Recruit, hire, and invest in a high-quality and diverse workforce to ensure APS is the place where talented individuals choose to work | |
| Develop phased plan to ensure all salary scales and benefits are market competitive and sustainable | |
| Establish plan and timeline to begin the collective bargaining process | |
| Improve operational efficiency | |
| Strengthen and improve system-wide operations with focus on financial sustainability | |
| Collaborate across departments to plan innovatively, cost effectively, and within budget to meet student seat needs | x |
| Not Applicable | |

Provide an explanation of how this initiative aligns with the selected budget direction.

With speech therapists, APS will be able to provide mandated speech services as identified on their IEP. Students will be able to communicate their needs, access the curriculum, and have meaningful social interactions.

Alignment with Strategic Plan Goal(s)
Select the Strategic Plan Goals that align to the request and if known, the specific performance objective. Select all that apply.

| | |
|--|---|
| Student Success: Multiple Pathways to Success for All Students | |
| 1. Increased achievement for all reporting groups on district and state assessments shows progress toward eliminating the opportunity gap. | x |
| 2. All students will make at least one year's worth of growth as measured by federal, state, and/or district assessments. | |
| 3. Historically over-represented and under-represented groups accessing services will be aligned with student need and proportionate with demographics. | |
| 4. All graduates will have engaged in at least one experience that demonstrates productive workplace skills, qualities, and behaviors and may include a work-based experience (internships, externships, formal job shadowing, etc.). (Virginia Profile of a Graduate) | x |
| 5. At least 80% of students with disabilities will spend 80% or more of their school day in a general education setting. | x |
| Student Well-Being: Healthy, Safe, and Supported Students | |
| 6. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show a reduction in bullying, violence, sexual harassment, and substance use. | |
| 7. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show an improvement in mental health measures and access to mental health resources. | |
| 8. Each school will report 95% implementation of the Whole Child indicators in the areas of safe, healthy, and supportive learning environments (ASCD). | |
| 9. All students can identify at least one school-based adult who supports and encourages their academic and personal growth. | |
| 10. Disproportionality in suspension rates by race/ethnicity, students identified with a disability, and English Learners will be reduced and overall suspensions will not increase. | |
| Engaged Workforce | |
| 11. At least 95% of APS staff will respond favorably that opportunities for professional development meet their needs, as indicated on the Your Voice Matters survey. | |
| 12. At least 95% of APS staff will respond favorably on staff engagement, as indicated on the Your Voice Matters survey. | |
| 13. At least 95% of APS staff will respond favorably in areas of leadership, as indicated on the Your Voice Matters survey. | |
| 14. APS will retain a high-quality workforce, with 95% of respondents to exit surveys indicating a reason for leaving to be an external factor. | |
| 15. All staff participate in training that meets or exceeds industry standards for their position and focuses on student success and well-being. | |
| Operational Excellence | |
| 16. APS will be Accredited by the Emergency Management Accreditation Program (EMAP). | |
| 17. Organizational operations will meet or exceed benchmarks in comparable school divisions. | |
| 18. All school and department management plans will clearly articulate the data used to write SMART goals aligned to the strategic plan. | |
| 19. All School Board policies will be up to date and will be reviewed every five years. | |
| 20. APS Departments (Finance & Management Services, Facilities & Operations, Teaching & Learning and Planning & Evaluation) will collaborate to plan innovatively, cost effectively, and within budget to meet 100% of student seat needs through both permanent and temporary facilities, based on 10-year projections. | |

FY 2023 Zero Based Budget Form

| | |
|---|----------------|
| Program/Task | Speech Service |
| Partnerships: Strong and Mutually Supportive Partnerships | |
| 21. At least 90% of family and community engagement activities build the capacity of staff and families in capabilities (skills and knowledge), connections (networks), cognition (understanding) and confidence (a Dual Capacity-Building Framework for Family-School Partnerships). | |
| 22. At least 95% of APS families will respond favorably on student and family engagement on the Your Voice Matters. | |
| 23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships. | |
| <i>Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?</i> | |
| Students develop expressive, receptive, and pragmatic language skills integrated within their school day to improve their academic and social emotional outcomes. | |

| Performance Measures and Corrective Actions | |
|--|---|
| <i>Identify desired outcomes and performance metrics. What corrective actions will be taken if the program does not meet the desired outcomes or performance metrics. You must enter at least one. Please let us know if you need to enter additional performance metrics.</i> | |
| Performance Measures | Corrective Actions |
| Improvement in the overall percentage of students in the general education setting. | OSE would provide more intense professional learning and coaching to school based teams on how to supports students in the general education setting. |
| Build a community where all students with disabilities are respected, included and valued, enabling them to access course content, fully participate in learning activities, and demonstrate their knowledge and strengths. | Provide professional learning on inclusive mindsets and IEP placement decisions. |
| Teach for meaning and mastery using a rigorous and relevant curriculum, ensuring equity of access for students with disabilities. | Provide professional learning to school based teams on developing and aligning all the components of an IEPs that are grounded in data, include standard based goals, baseline data and on-going progress |
| Eliminate opportunity gaps for historically underrepresented groups and achieve excellence by providing learning opportunities according to each diverse learners' unique needs. | Meet with each school to review Risk ratio data and determine actions steps needed at the school level. |
| Hold high expectations for students with disabilities to succeed in advanced level courses with appropriate support. | Assist schools with scheduling staff to support students in advanced level courses. |
| Foster partnerships with families, community, staff to support the success of students with disabilities. | Collaborate with the Parent Resource Center, Arlington Special Education Advisory Committee, and the Special Education PTA to improve partnerships. |

Program/Task Special Education - Hearing

Core Service Hearing Services

Detailed Description/Organizational Impact

Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?

Students with hearing needs receive evaluations from an APS audiologist and instruction from itinerant hearing teachers. The itinerant teachers work with students to develop skills to access the curriculum and communicate with teachers and peers. The audiologists and itinerant hearing teachers provide coaching and professional learning to staff and families.

Deliverables

List deliverables if applicable

The hearing team provides mandated services to students as indicated in their IEP. Students will be able to access the curriculum and improve academic and social emotional outcomes.

Risks if not funded

Explain the risks to the organization if this request is not funded.

APS will be out of compliance on mandated IEP services. Students will not be able to access the curriculum or communicate with others.

Mandates and Policies

List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.

Individuals With Disabilities Education Act (IDEA) mandates that students with disabilities receive a free and appropriate education. Virginia State Regulations (VA Code) mandates that special education services are provided in the public school system.

Program/Task Special Education - Vision

Core Service Vision Services

Detailed Description/Organizational Impact

Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?

The vision team provides functional vision assessments, itinerant vision services as indicated in students' IEPs, and orientation and mobility skill development. Students will be able to navigate their environment and community, access instructional materials, and develop skills to be successful in school.

Deliverables

List deliverables if applicable

Students will be able to navigate their environment and community, access instructional materials, and develop skills to be successful in school.

Risks if not funded

Explain the risks to the organization if this request is not funded.

APS will not be in compliance with mandated IEP services. Students will not be able to access instructional materials or independently navigate their environment.

Mandates and Policies

List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.

Individuals With Disabilities Education Act (IDEA) mandates that students with disabilities receive a free and appropriate education. Virginia State Regulations (VA Code) mandates that special education services are provided in the public school system.

Alignment with School Board Direction

| Chief/Department | Academics |
| Office | Special Education |
| Point of Contact | Heather Rothenbuescher & Kelly Krug |
| Program/Task | Special Education - Occupational and Physical Therapy |
| Core Service | Occupational and Physical Therapy |

Detailed Description/Organizational Impact
Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?

Occupational and Physical therapists (OT and PT) are needed to improve fine and gross motor skills outcomes for students with disabilities. Occupational and Physical therapy involves integration in all settings throughout the school day to allow students to practice and master skills in naturally occurring activities. Occupational and Physical therapists also provide coaching and support to all members of a student's instructional teams to support IEP goals.

Deliverables
List deliverables if applicable

Our OTs and PTs provide mandated services on student's IEP in the areas of: Fine motor skills (i.e. picking up objects, cutting, writing) , gross motor (i.e. walking, balance, coordination) skills and motor planning (i.e. getting dressed, eating).

Risks if not funded
Explain the risks to the organization if this request is not funded.

Without OT and PT therapists, APS will not be able to provide mandated speech services as identified on their IEP. Students will not be able to develop their skills needed for independent skills needed for daily life functions, access their classroom learning and making meaningful progress on their IEP goals.

Mandates and Policies
List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.

Individuals With Disabilities Education Act (IDEA) mandates that students with disabilities receive a free and appropriate education. Virginia State Regulations (VA Code) mandates that special education services are provided in the public school system.

Alignment with School Board Direction
Select how this request aligns with the FY 2023 Adopted Budget Direction. Select all that apply.

| | |

| Ensure student well-being and academic progress | x |
| Identify, report, and address all students' social-emotional and academic needs | x |
| Focus on literacy and math | x |
| Advance 2018-24 Strategic Plan goals with focus on innovation and equity | |
| Recruit, hire, and invest in a high-quality and diverse workforce to ensure APS is the place where talented individuals choose to work | |
| Develop phased plan to ensure all salary scales and benefits are market competitive and sustainable | |
| Establish plan and timeline to begin the collective bargaining process | |
| Improve operational efficiency | |
| Strengthen and improve system-wide operations with focus on financial sustainability | |
| Collaborate across departments to plan innovatively, cost effectively, and within budget to meet student seat needs | x |
| Not Applicable | |

Provide an explanation of how this initiative aligns with the selected budget direction.
 OTs and PTs increase student academic and social emotional outcomes.

Alignment with Strategic Plan Goal(s)
Select the Strategic Plan Goals that align to the request and if known, the specific performance objective. Select all that apply.

| | |
|--|---|
| Student Success: Multiple Pathways to Success for All Students | |
| 1. Increased achievement for all reporting groups on district and state assessments shows progress toward eliminating the opportunity gap. | x |
| 2. All students will make at least one year's worth of growth as measured by federal, state, and/or district assessments. | x |
| 3. Historically over-represented and under-represented groups accessing services will be aligned with student need and proportionate with demographics. | x |
| 4. All graduates will have engaged in at least one experience that demonstrates productive workplace skills, qualities, and behaviors and may include a work-based experience (internships, externships, formal job shadowing, etc.). (Virginia Profile of a Graduate) | |
| 5. At least 80% of students with disabilities will spend 80% or more of their school day in a general education setting. | x |
| Student Well-Being: Healthy, Safe, and Supported Students | |
| 6. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show a reduction in bullying, violence, sexual harassment, and substance use. | |
| 7. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show an improvement in mental health measures and access to mental health resources. | |
| 8. Each school will report 95% implementation of the Whole Child indicators in the areas of safe, healthy, and supportive learning environments (ASCD). | |
| 9. All students can identify at least one school-based adult who supports and encourages their academic and personal growth. | |
| 10. Disproportionality in suspension rates by race/ethnicity, students identified with a disability, and English Learners will be reduced and overall suspensions will not increase. | |
| Engaged Workforce | |
| 11. At least 95% of APS staff will respond favorably that opportunities for professional development meet their needs, as indicated on the Your Voice Matters survey. | |
| 12. At least 95% of APS staff will respond favorably on staff engagement, as indicated on the Your Voice Matters survey. | |
| 13. At least 95% of APS staff will respond favorably in areas of leadership, as indicated on the Your Voice Matters survey. | |
| 14. APS will retain a high-quality workforce, with 95% of respondents to exit surveys indicating a reason for leaving to be an external factor. | |
| 15. All staff participate in training that meets or exceeds industry standards for their position and focuses on student success and well-being. | |
| Operational Excellence | |
| 16. APS will be Accredited by the Emergency Management Accreditation Program (EMAP). | |
| 17. Organizational operations will meet or exceed benchmarks in comparable school divisions. | |
| 18. All school and department management plans will clearly articulate the data used to write SMART goals aligned to the strategic plan. | |
| 19. All School Board policies will be up to date and will be reviewed every five years. | |
| 20. APS Departments (Finance & Management Services, Facilities & Operations, Teaching & Learning and Planning & Evaluation) will collaborate to plan innovatively, cost effectively, and within budget to meet 100% of student seat needs through both permanent and temporary facilities, based on 10-year projections. | |

| Chief/Department | Academics |
| Office | Special Education |
| Point of Contact | Heather Rothenbuescher & Kelly Krug |
| Program/Task | Special Education - Preschool |
| Core Service | Toddler and PreK instruction |

Detailed Description/Organizational Impact
Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?
 OSE is responsible for coordinating and providing instruction and IDEA compliance for several Toddler and Preschool program in APS.

Deliverables
List deliverables if applicable
 OSE preschool provides the following to our reschool programs (Integration Station, Mini MIPA, PreK SPED classes and Community Peer PreK Program (CPP Classes): training, staffing, coaching, compliance, Child Find, early identification, inclusive program placement, community based instruction and conducting evaluations. Additionally, Pre-K assistants support inclusion, social wellbeing, academic support, communication, and adaptive skills to help increase independence. The assistants also help ensure the safety of all students as student learn Kindergarten readiness skills.

Risks if not funded
Explain the risks to the organization if this request is not funded.
 Students will be at risk for not receiving the early indentification and intervention that is critical for them to be able to access the K-5 curriculum.

Mandates and Policies
List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.
 Individuals With Disabilities Education Act (IDEA) mandates that students with disabilities receive a free and appropriate education. Virginia State Regulations (VA Code) mandates that special education services are provided in the public school system.

| Program/Task | Special Education - Interlude |
| Core Service | Therapeutic Support to Students |

Detailed Description/Organizational Impact
Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the out-years?

The interlude program provides counseling as a related service to students with emotional and behavioral disabilities. The Interlude therapists provide instruction to students to improve their ability to cope with challenging situations, increase emotional regulation and individualize behavior intervention plans.

Deliverables
List deliverables if applicable

Students increase their self-advocacy skills, social skills, and emotional regulation. Students also become more resilient and are able to overcome traumatic or crisis situations. This increases their availability to learn and improves their post-secondary outcomes.

Risks if not funded
Explain the risks to the organization if this request is not funded.

APS will be out of compliance of mandated IEP services. The safety of our schools will be threatened if students engage in dangerous behaviors due to a lack of therapeutic support. The learning of all students would be impacted by disruptions.

Mandates and Policies
List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.

Individuals With Disabilities Education Act (IDEA) mandates that students with disabilities receive a free and appropriate education. Virginia State Regulations (VA Code) mandates that special education services are provided in the public school system.

Alignment with School Board Direction

| Chief/Department | Office of Academics |
| Office | World Languages |
| Point of Contact | Elisabeth Harrington |
| Program/Task | To support curriculum and instruction in World Languages and Dual Language Immersion. |
| Core Service | Provide high quality World Language curricula, resources and instructional support to Arlington Public Schools students in grades K-12 |
| Detailed Description/Organizational Impact | |
| <i>Provide a detailed description of the request and if applicable/available, any best practices. What impacts it will have on the organization? Will this request require additional increases in the budget in the</i> | |
| The primary responsibility and purpose of the Office of World Languages is to lead, support, and guide instruction through developing curriculum and programs, providing resources, engaging teachers in best practices and professional learning, monitoring instruction and provide high quality World Language instruction to Arlington Public Schools students in grades 6 – 12 program implementation, and building effective relationships with stakeholders to support the mission and vision of the district. | |
| Deliverables | |
| <i>List deliverables if applicable</i> | |
| 1.High quality world language education instruction in APS is comprised of instruction in 8 different languages: American Sign Language, Arabic, Chinese, French, German, Japanese, Latin, and Spanish - | |
| Risks if not funded | |
| <i>Explain the risks to the organization if this request is not funded.</i> | |
| 1. We would not have a supported world languages, or Dual Language Immersion, (DLI) program | |
| Mandates and Policies | |
| <i>List any mandates or policies that require this program/task. Provide the name, description, and how this request meets the mandates or policy.</i> | |
| Virginia Standards of Learning - Literacy: The goals of the English Standards of Learning are to teach students to read, write, research, and communicate. Students should be prepared to participate in society as literate citizens, equipped with the ability to think analytically, solve problems, communicate effectively, and collaborate with diverse groups in their communities, workplace, and postsecondary education. As students progress through the school years, they become active and involved learners and develop a full command of the English language, evidenced by their use of Standard English and their rich speaking and writing vocabularies. | |
| Virginia Standards of Learning - World Languages: The Virginia Board of Education has approved the World Language Standards of Learning as an integral component of Virginia's educational agenda, ensuring that world language programs throughout the Commonwealth are grounded in up-to-date principles of language learning theory and effective teaching practices. These Standards of Learning are one component of the overall program of public education in Virginia that addresses the needs of young people in the Commonwealth to become educated citizens of the world. | |
| Credit-By-Exam: VA Guidelines Graduation Requirements II. Waiver Pathway Options: A school division that chooses to use the waiver of the 140-clockhour require C. Demonstrated achievement via national or international assessments 1. The assessment must: (a) have a standardized administration; (b) be determined to be valid and reliable by an external body; and (c) be used in other states or internationally. 2. The assessment must be scored independently of the school division. 3. The division must have completed a rigorous review of the assessment, in accordance with the local school board policy and determined that it is aligned with the course objectives for which the waiver is being requested. 4. The student must provide evidence to the school principal (or designated staff person) through performance, product, interview, and/or school staff professional judgement that he/she has some command of the course content and should be allowed to demonstrate mastery-level performance for a standard credit. 5. The division must have determined beforehand or develop a process for determining a qualifying score for awarding a standard credit that the division equates with mastery of the course content and skills. 3 6. The division policy must define the number of attempts a student may make to achieve the qualifying score during a given time period and must ensure equitable access for all students should assessments have a monetary cost. | |
| Graduation requirement for Advanced Studies Diploma - World Languages: Courses completed to satisfy this requirement shall include three years of one language or two years of two languages. A student who is pursuing an advanced diploma and whose individualized education program specifies a credit accommodation for world language may substitute two standard units of credit in computer science for two standard units of credit in a world language. For any student who elects to substitute a credit in computer science for a credit in world language, the student's school counselor must provide notice to the student and parent or guardian of possible impacts related to college entrance requirements. | |
| Arlington Public Schools Policy I-6 Curriculum: The Arlington Public Schools accommodates student needs and interests from preschool through grade twelve through curricula, grade levels, and course work that include those specified by the State Board of Education including Foreign Languages. | |
| Arlington Public Schools Policy I-1.33 Teaching and Learning Goals: Arlington Public Schools instructional program recognizes and values equity and diversity. Arlington Public Schools provides students choices in their instructional programs to meet their academic goals. Arlington Public Schools accommodates student differences, including the needs of students requiring special education, support with English language development, gifted services, homebound instruction, prevention, intervention, and remediation services, General Educational Development Program (GED) preparation, adult education, and other services through flexible grouping and differentiation (including accommodations, acceleration, dual enrollment in high school and college, independent study, and other alternatives). | |

|---------------------|---|

The Virginia Seal of Biliteracy - The Board of Education's Seal of Biliteracy certifies attainment of a high level of proficiency by a graduating high school student in one or more languages in addition to English, and certifies that the graduate meets of the following criteria:
 The Board of Education's Seal of Biliteracy will be awarded to students who earn either a Board of Education-approved diploma and (i) pass all required End-of-Course Assessments in English reading and writing at the proficient or higher level; and (ii) be proficient at the intermediate-mid level or higher in one or more languages other than English, as demonstrated through an assessment from a list to be approved by the Superintendent of Public Instruction.
 For purposes of this article, "foreign language" means a language other than English, and includes American Sign Language.
 Criteria and Guidelines for Issuing a Virginia Seal of Biliteracy (PDF)
 Evidence of Proficiency (revised September 15, 2021) (Word) - This document lists assessments currently accepted as evidence of proficiency in languages other than English. The list will be updated regularly. Contact Lisa Harris, specialist for foreign languages and international education, to submit additional assessments for consideration.
 Assessment providers and school division personnel may submit additional assessments for consideration using the Request for Review of Assessment (Word) form.
 Contact Lisa Harris, specialist for world languages and international education for additional information and questions about assessments.

Alignment with School Board Direction

| Strengthen and improve system-wide operations with focus on financial sustainability | |
| Collaborate across departments to plan innovatively, cost effectively, and within budget to meet student seat needs | X |
| Not Applicable | |

Provide an explanation of how this initiative aligns with the selected budget direction.

Ensure student well-being and academic progress: Teachers received PL in SEL for students and SEL resources were distributed for teachers to integrate into their curriculum. Explicit directions on spending time on SEL were given to staff
 Identify, report, and address all students' social-emotional and academic needs: Teachers have created lessons to ensure SEL is integrated into their lessons
 Focus on literacy and math: Dual Language Immersion at both the elementary and secondary levels focus on literacy and numeracy as they teach core content in Spanish
 Advance 2018-24 Strategic Plan goals with focus on innovation and equity: Spanish for Fluent Speakers curriculum specifically has been developed in part with the Cultivating Genius cohort. Additional curriculum development has focussed using the Cultivating Genius equity guidelines
 Recruit, hire, and invest in a high-quality and diverse workforce to ensure APS is the place where talented individuals choose to work: The World Languages Office collaborates with HR in the recruitment, hiring and retention of DLI and World Languages staff
 Collaborate across departments to plan innovatively, cost effectively, and within budget to meet student seat needs: The World Languages Office is working in collaboration with the Office of Planning and Evaluation on the Dual Language Immersion Revisioning process which includes feeder school work for the DLI schools and looking at the possibility of expanding seat options for DLI students

Alignment with Strategic Plan Goal(s)

Select the Strategic Plan Goals that align to the request and if known, the specific performance objective. Select all that apply.

| | |
|--|---|
| Student Success: Multiple Pathways to Success for All Students | X |
| 1. Increased achievement for all reporting groups on district and state assessments shows progress toward eliminating the opportunity gap. | X |
| 2. All students will make at least one year's worth of growth as measured by federal, state, and/or district assessments. | X |
| 3. Historically over-represented and under-represented groups accessing services will be aligned with student need and proportionate with demographics. | X |
| 4. All graduates will have engaged in at least one experience that demonstrates productive workplace skills, qualities, and behaviors and may include a work-based experience (internships, externships, formal job shadowing, etc.). (Virginia Profile of a Graduate) | |
| 5. At least 80% of students with disabilities will spend 80% or more of their school day in a general education setting. | |
| Student Well-Being: Healthy, Safe, and Supported Students | |
| 6. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show a reduction in bullying, violence, sexual harassment, and substance use. | |
| 7. Key findings on student surveys, including the Your Voice Matters and Youth Risk Behavior Surveys will show an improvement in mental health measures and access to mental health resources. | |
| 8. Each school will report 95% implementation of the Whole Child indicators in the areas of safe, healthy, and supportive learning environments (ASCD). | |
| 9. All students can identify at least one school-based adult who supports and encourages their academic and personal growth. | |
| 10. Disproportionality in suspension rates by race/ethnicity, students identified with a disability, and English Learners will be reduced and overall suspensions will not increase. | |
| Engaged Workforce | X |
| 11. At least 95% of APS staff will respond favorably that opportunities for professional development meet their needs, as indicated on the Your Voice Matters survey. | |
| 12. At least 95% of APS staff will respond favorably on staff engagement, as indicated on the Your Voice Matters survey. | |
| 13. At least 95% of APS staff will respond favorably in areas of leadership, as indicated on the Your Voice Matters survey. | |
| 14. APS will retain a high-quality workforce, with 95% of respondents to exit surveys indicating a reason for leaving to be an external factor. | |
| 15. All staff participate in training that meets or exceeds industry standards for their position and focuses on student success and well-being. | X |
| Operational Excellence | |
| 16. APS will be Accredited by the Emergency Management Accreditation Program (EMAP). | |
| 17. Organizational operations will meet or exceed benchmarks in comparable school divisions. | |
| 18. All school and department management plans will clearly articulate the data used to write SMART goals aligned to the strategic plan. | |
| 19. All School Board policies will be up to date and will be reviewed every five years. | |
| 20. APS Departments (Finance & Management Services, Facilities & Operations, Teaching & Learning and Planning & Evaluation) will collaborate to plan innovatively, cost effectively, and within budget to meet 100% of student seat needs through both permanent and temporary facilities, based on 10-year projections. | X |
| Partnerships: Strong and Mutually Supportive Partnerships | X |
| 21. At least 90% of family and community engagement activities build the capacity of staff and families in capabilities (skills and knowledge), connections (networks), cognition (understanding) and confidence (a Dual Capacity-Building Framework for Family-School Partnerships). | X |
| 22. At least 95% of APS families will respond favorably on student and family engagement on the Your Voice Matters. | |
| 23. The number of partnerships/ volunteer opportunities will meet the needs of students, specifically in the areas of internships and externships. | |

Provide an explanation of how this initiative aligns with the selected strategic plan goal(s). How will this request meet the requirements of the strategic plan?

Student Success: Multiple Pathways to Success for All Students - Learning a foreign language at APS supports academic achievement and cognitive development for all students. Data from the World

FY 2023 Zero Based Budget Form

| | |
|---------------------|---|
| Program/Task | To support curriculum and instruction in World Languages and Dual Language Immersion. |
|---------------------|---|

Languages Program Evaluation revealed that participation in the district's Dual Language Immersion Program and/or in Spanish for Fluent Speakers courses had a positive impact on student achievement for all students and closed achievement gaps for English language learners.

Engaged Workforce - The World Languages Office provides significant professional learning to its teachers through pre-service opportunities, countywide meetings, instructional rounds, curriculum writing, coaching, and professional conferences.

Operational Excellence - The World Languages Office has worked in collaboration with the Office of Planning and Evaluation to plan innovatively how to potentially expand Dual Language Immersion, (DLI) seats.

Partnerships: Strong and Mutually Supportive Partnerships - The World Languages Office works with the Office Of Planning and Evaluation and the Community Relations Office to market world language opportunities. Examples: Work with the World Languages Advisory Committee, (WLAC), community open office hours, World Languages and Cultures celebration, School information Nights, and presentations to the community.

Performance Measures and Corrective Actions

Identify desired outcomes and performance metrics. What corrective actions will be taken if the program does not meet the desired outcomes or performance metrics. You must enter at least one. Please

| Performance Measures | Corrective Actions |
|--|---|
| AP score of 3 or more and IB Scores of 4 or more | Re-evaluate curriculum and teacher PL needs |
| STAMP Test Arabic IV and V, Chinese IV and V, French IV and V, Spanish IV and V, SFS III | Re-evaluate curriculum and teacher PL needs |
| Measure of Academic Progress, (MAP) Dual Language Immersion | Re-evaluate curriculum and teacher PL needs |
| Alira - Latin Level IV | Re-evaluate curriculum and teacher PL needs |
| National German Exam and their awards (\$6 per student) German Levels II and III | Re-evaluate curriculum and teacher PL needs |
| National Japanese Exam and their awards (\$10 per student) Japanese Levels II and III | Re-evaluate curriculum and teacher PL needs |
| Natal Latin Exam and their awards (\$6 per student) Latin Levels I-III | Re-evaluate curriculum and teacher PL needs |
| Number of Virginia Seals of Biliteracy awarded | Re-evaluate curriculum and teacher PL needs |
| Teacher evaluation | Coaching by Specialist followed by Supervisor, mentorship, Teacher PL needs |
| Community World Languages and Cultures Celebration | Virtual component if Community event is not feasible |
| Credit-By-Exam | Alternative Pathways would need to be discovered |

Funding Requirements

| Line Item | Item | Existing? | Description | Amount | FTEs | FTE Cost | Cost Center | Object |
|------------------|-----------------------------|------------------|--|---------------|-------------|-----------------|--------------------|---------------|
| 1 | Supervisor | Yes | The primary responsibility and purpose of the world languages supervisor is to lead, support, and guide instruction through developing curriculum and programs, providing resources, engaging teachers in best practices and professional learning, monitoring instruction and program implementation, and building effective relationships with stakeholders to support the mission and vision of the district. | | 1.00 | | 801070 | 41356 |
| 2 | Specialist | Yes | The Specialist plans and implements appropriate professional development for 200 teachers in DLI and World Languages. The Specialist coaches teachers and therefore improve the learning experiences and outcomes for students. The Specialist communicates with students/parents/guardians to inform them of processes and next steps. The Specialist registers students for Credit-by-Exam | | 1.00 | | 801070 | 41244 |
| 3 | Administrative Assistant | Yes | The primary purpose of the World Languages Office Administrative Assistant position is to support all administrative tasks related to the implementation of world language programs and to serve as a liaison between the office staff and the Office of Academics. The administrative assistant provides administrative support to the World Languages Supervisor, and the Curriculum Specialist. This work includes contacts with all schools, a variety of school system departments, top officials and community stakeholders, as well as handling confidential matters. The job also requires work to be done independently when dealing with information dissemination and interacting with other departments. | | 1.00 | | 801000 | 41309 |
| 4 | Aides | Yes | The primary purpose of the Aides is to provide instructional support in the target language of instruction to students and to be a liaison with the students, families and the online Virtual VA teacher. | | 1.20 | | 801070 | 41375 |
| 5 | Teachers | Yes | The primary purpose of the teacher is to deliver instruction and assessments in the target language and to monitor student progress and communicate with students, families, the World Languages Supervisor, and other school personnel on progress of students. | | 8.00 | | 801070 | 41254 |
| 6 | Instructional Materials | Yes | Teaching and learning standards-based materials for World Language teachers to offer more interactive, interesting and engaging learning activities to their students. Includes student workbooks, readers, magazines. | \$33,769 | | | 801070 | 46506 |
| 7 | Supply and Textbook Reserve | Yes | Funds will support textbooks for ASL, Arabic, Chinese, Japanese, Spanish, French, Spanish for Fluent Speakers, and Dual Language literacy. | \$42,905 | | | 801070 | 46533 |

FY 2023 Zero Based Budget Form

| Program/Task | | To support curriculum and instruction in World Languages and Dual Language Immersion. | | | | | | |
|--|---------------------------------|---|--|------------------|--------------|--|--------|-------|
| 9 | Program Costs | Yes | Assessments including CBE, STAMP, Alira, National Language Exams, | \$44,545 | | | 801070 | 43433 |
| 10 | Consultant Fees | Yes | Consultant fees are used to help us implement our DLI revisioning process. (\$10,000) ACFTL consultant fees are used for PL for teachers on the new World Languages Standards of Learning that were approved and published in March of 2021. (\$5,000) | \$10,000 | | | 801070 | 43565 |
| 11 | Curriculum Work | Yes | Teachers write and develop curriculum for their World Language courses. They apply the Understanding by Design framework, which works within the standards-driven curriculum to help teachers clarify learning goals, devise revealing assessments of student understanding, and craft effective and engaging learning activities. | \$20,700 | | | 801070 | 41210 |
| 12 | Meals and Snacks | Yes | Food provided to staff for full-day meetings, including curriculum writing days, Instructional Rounds, Department Chairs meetings. | \$2,500 | | | 801070 | 46725 |
| 13 | Travel Professional Learning | Yes | The supervisor and teacher specialist attend state and national conferences in order to stay current with world languages pedagogy, professional learning and curriculum. With the implementation of full immersion in our Dual Language Immersion, (DLI) program at the elementary level in the fall of 2023, a team of elementary teachers, coach, and one administrator from each elementary school need to visit an existing full immersion program. | \$12,700 | | | 801070 | 45478 |
| 14 | Registration Fees | Yes | Required to register students for various language proficiency exams, Credit-By Exam | \$4,000 | | | 801070 | 45468 |
| 15 | Printing and Duplicating Costs | Yes | Credit by Exam pamphlets, letters home to target audience, reminder postcards, CBE results sent home and to the schools for cumulative files, Dual Language Immersion brochures, and the World Languages and Cultures Celebration pamphlets are all used as communication tools with our constituents. | \$2,700 | | | 801070 | 43587 |
| 17 | Instructional Computer Software | Yes | This software supports 6-8 learning and practice in the target language. Examples: ThisIsLanguage (\$11,000), Flango, Quizlet, Conjugemos, Dawn Sign Press | \$44,829 | | | 801070 | 46517 |
| 18 | Substitute - Professional Leave | Yes | The World Languages Office supports teachers' PL and curriculum writing by providing substitutes. World Languages has new Standards of Learning and we need time for teams to write new frameworks. Sub costs not related to curriculum development are for Professional Learning. Examples might include Instructional Rounds and attendance at conferences. | \$23,220 | | | 801070 | 41295 |
| 19 | Professional Inservice | Yes | Professional learning offered to World Languages teachers, experienced and new-hires, to build their capacity and expand their knowledge of best teaching practices in the World Language classroom. To include ACFTL consultant fees are used for PL for teachers on the new World Languages Standards of Learning that were approved and published in March of 2021. (\$5,000) | \$6,000 | | | 801070 | 41220 |
| 20 | Transportation | Yes | Bus to transport students to World Languages and Culture Celebration | \$200 | | | 801070 | 45474 |
| 21 | School Supplies | Yes | Supplies for my 8 itinerant teachers who travel to multiple schools and are evaluated solely by me and receive supplies from the World Languages Office. (\$200 for each person) | \$1,600 | | | 801070 | 46516 |
| 22 | Teacher Hourly | Yes | CBE proctoring (\$2,482) and textbook adoption teams (\$3,780) | \$6,262 | | | 801070 | 41230 |
| 23 | Supplies General Office | Yes | Supplies used for office and professional learning meetings, presentations to staff & community, curriculum writing, instructional rounds, department chair meetings. | \$200 | | | 801070 | 46519 |
| 24 | Summer School | Yes | Since enrichment is no longer being offered, we do not need summer school funds | \$0 | | | 801070 | 46510 |
| 25 | Testing Material | Yes | Assessments to measure literacy in Spanish | \$2,700 | | | 801070 | 46532 |
| 26 | Postage | Yes | Credit by Exam marketing (3000 letters to EL families) and exam results mailed home | \$1,000 | | | 801070 | 45585 |
| Total | | | | \$259,830 | 12.20 | | | |
| FY 2022 Budget (excludes one-time funded items) | | | | \$138,055 | 12.20 | | | |
| FY 2023 Baseline Increase Request | | | | \$121,775 | 0.00 | | | |

FY 2023 Zero Based Budget Form

| Program/Task | | To support curriculum and instruction in World Languages and Dual Language Immersion. | | | | | | |
|---|--|---|--|------------------|-------------|------------------|--------|-------|
| 8 | Supply and Textbook Reserve | No | Our 5-year (2014-2019) Resources adoption for French ended in June of 2019. Our teachers have been using outdated resources for two years. To cover the cost of consumables and newer resources we have been allocated \$30,000 for the last two years. In 2014, the five year adoption cost \$153,313. The World Languages Office goal is to do an RFP and adopt and purchase appropriate French resources for \$200,000. | \$200,000 | | | 801070 | 46533 |
| 16 | K-12 Dual Language Immersion Coordinator | No | The Dual Language Immersion Program Coordinator, under the Supervisor of World Languages direction and in collaboration with the DLI leadership at the schools, will coordinate the development, organization, and implementation of the alignment of the APS DLI program to the Guiding Principles of Dual Language Immersion including a move to full immersion over a 13 year time frame. The coordinator will assist in an RFP process to include core instructional materials in Spanish and nurture members of the staff and communicate effectively with families. | | 1.00 | \$132,495 | 801070 | 41208 |
| 17 | Spanish Reading Specialist | No | Spanish Language Arts Reading specialists share responsibility with teachers for assessing students' reading abilities, identifying deficiencies, and creating reading intervention plans and strategies for students selected for additional reading instruction. With the move to full immersion (versus the current partial immersion program), students will be learning literacy primarily in the target language of Spanish. Teachers will need the support of the Spanish Reading Specialists (one at each elementary school) as the primary language of instruction switches from English to Spanish in grades K-2. | | 2.00 | \$195,742 | 801070 | 41244 |
| FY 2023 New Request | | | | \$200,000 | 3.00 | \$328,237 | | |
| FY 2023 Total Requested Increase | | | | \$321,775 | 3.00 | \$328,237 | | |
