

Trail Of Tears

The white man's land
The leader of this nation
Cruel, unjust, unfair.
Ordering the removal of the Cherokee from this native land.
The land of my mother, and my mother's mother.
He forced them to walk. He forced us to walk.
Tempted by the white man
To walk one thousand miles of misery
Of pain and suffering
Of greed, of shame.
Even today.
This is the white man's land.
